BREVITIES.

In order to give borough taxpayers an opportunity to take advantage of the coming pay days, Collector Hugh Malloy has extended the time three days, to January 30, before adding the 5 per cent penalty which the law places on delinquents.

St. Ann's band last evening serenaded Mr. and Mrs. Thomas F. Welsh at their home on North Centre street. Mr. Welsh has been a member of the band for several years, and he treated his musical comrades in a royal manner.

The ball of Local Union No. 1499, United Mine Workers, to be held on February 8 at Yannes' opera house, promises to be a record-breaker in the line of attendance. The union has a membership of nearly 700, and as this is its first public affair all will be there.

Edward Doggett, of town, whose injuries in No. 5 mine, Jeddo, on the 14th inst., necessitated the removal of his left eye, returned home from Philadelphia Wednesday evening. The wound is rapidly healing and Mr. Doggett may be able to resume work next week.

Mr. and Mrs. Thomas Slattery are attending the funeral of Mrs. James Gilson in New York city today.

Another meeting will be held here on Sunday by the D. S. & S. Railroad employes to further consider the company's failure to increase their wages.

Edward J. Gaffney and Patrick Gallagher, theological students at Baltimore, are spending their vacation with their parents in Freeland.

Many out-of-town people were present yesterday morning at the funeral of the late James Gillespie. A requiem mass was read at St. Ann's church by Father McNulty, of Philadelphia.

Fine confectionery at Keiper's. John Krommes, of the Second ward, has resigned his position as clerk with Grocer George Krommes.

The silk mill started a night force at the mill this week. Boys are employed and the force is quite large.

Dr. and Mrs. George Wise, of Tyrone, are visiting the former's parents at Jeddo.

County Detective Richard Jones made his first official visit to Freeland yesterday.

The marriage of Miss Susie Shigo to Andrew Zelenak is announced to take place on Tuesday, February 5.

Dr. J. H. Cloud, who recently resigned his position at Drifton, will be banqueted tonight by Drifton Tennis Club.

Gentlemen, for hats and caps go to A. Oswald. He has a nice variety.

The funeral arrangements of the infant son of Mr. and Mrs. Robert Stanton were changed yesterday, and instead of interring the remains at Rockport this morning they were buried this afternoon at Freeland cemetery.

George W. Wilmot, Jr., Adam Lesser, Thomas Krommes, J. P. Powell, Thomas Briggs and James Gouiden, all of Upper Lehigh, acted as carriers on Wednesday at the funeral of the late John Leisenring at Mauch Chunk.

Mrs. W. E. Oberrender is the guest of relatives in the Wyoming valley.

Miss Twilla Oswald left here on Wednesday, accompanied by her father, A. Oswald, to receive treatment at a Philadelphia hospital.

The overall factory still continues to hustle on quietly and turn out large shipments of their product daily.

The appointment of Salvatore DePiero, of town, as transcribing clerk of the house of representatives at Harrisburg, has been confirmed by that body.

So many of the engineers employed by Markle & Co. are off duty on account of being stricken by grip that the firm is considerably handicapped by the lack of men for their positions.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip, at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pills.

MISCELLANEOUS ADVERTISEMENTS.

NOTICE IS HEREBY GIVEN that an act will be introduced in the present general assembly of Pennsylvania, the title of which is as follows:

AN ACT To repeal that portion of the fifth section of an act entitled: "A further supplement to an act entitled: 'An act to organize the Middle Coal Field Poor District,' approved the sixth day of March, one thousand eight hundred and seventy-two, so far as the same relates to the judges of election meetings at the poor house of said district, certifying returns and issuing election certificates.

The object of repealing the portion of said act is to accept the advantages given by the general act of assembly, approved the twenty-eighth day of April A. D. 1899, P. L. 127.

S. W. Gangwer, William S. Lieb, Wilson S. Campbell, Directors.

ESTATE OF ANNIE HARVEY, late of Foster township, deceased. Letters of administration upon the above named estate having been granted to the undersigned, all persons indebted to said estate are requested to make payment, and those having claims or demands to present the same without delay, to Charles A. Harvey, John M. Carr, attorney.

Watch the date on your paper.

Our Newest Industry.

The Salmon Iron Works, the town's newest industry, is forging ahead at a rapid pace, and a successful future is marked out for it. B. F. Salmon, since assuming the management, is untrusting in his efforts to secure work, and that he has succeeded can be attested by a visit to the plant, where miscellaneous jobs of various descriptions have almost crowded out the main article that was to be manufactured by the company, namely, the Salmon car wheel and axle.

At present rush work in the line of the hundred and one articles used about the breakers of the vicinity is being turned out, while the brick works at Pond Creek, the new brewery and other buildings in town require the attention of the dozen and a half employes in manufacturing articles for their use.

Preparations are being made to start on a large scale at an early date on the wheels and axles, the merits of which our readers are familiar with, and by that time the complete success of the plant will be assured.

Haworth Recognized.

Hon. H. W. Haworth, of town, has been recognized by the powers at Harrisburg in a manner which is giving his friends a great deal of pleasure. In addition to securing the appointment of a townsman as transcribing clerk, the only appointment Luzerne county received, he has been chosen chairman of the committee on counties and townships. As the new county bill is to be again introduced in the legislature, his appointment as chairman of the committee means that its passage will be aided by those who control legislation.

Representative Haworth has also been appointed as a member of the committees on appropriations, mines and mining, congressional apportionment and elections. For a new member this is a record which has been seldom surpassed.

Scale Committee.

The anthracite miners have secured representation on the scale committee of the United Mine Workers. At the session of the national convention in Indianapolis yesterday a resolution to add six members from the anthracite region to the scale committee was offered, and President Mitchell named the following: William X. Martin and Harrison Heslop, of District No. 9; Henry Collins and William Mates, of District No. 1; J. C. Gallagher and Condy O'Donnell, of District No. 7.

These additional members met with the general scale committee last evening. The committee invited the anthracite members to submit their scale recommendations in writing, and from these the committee will compile its report.

Married Last Evening.

George B. Seiwel and Miss Mame Jones, both of town, were married last evening at 8 o'clock at the home of the bride's mother on North Ridge street. The ceremony, which was performed by Rev. J. B. Kerschner, was witnessed by a number of friends of the contracting parties, and was followed by a wedding supper. Many handsome presents were received.

Mr. and Mrs. Seiwel will begin house-keeping in the near future on North Ridge street.

Died This Morning.

Timothy O'Donnell died at 8 o'clock this morning at the residence of his sister, Mrs. Peter O'Donnell, Coxe addition, after an illness of one week. The deceased is survived by a wife and two children, also by a brother, Patrick O'Donnell, of Drifton. The funeral will take place on Sunday afternoon at 2 o'clock from the residence of Peter O'Donnell, interment at St. Ann's cemetery.

Sunday School Officers.

The following have been elected officers of the English Baptist Sunday school:

Superintendent—Thomas Evans. Assistant—John Price, Jr. Treasurer—Thomas Roberts. Secretary—Lewis Young. Trustees—Albert Buchman, Lewis Young, Thomas Roberts.

Notice to Taxpayers.

A penalty of 5 per cent will be added to all taxes remaining unpaid after Wednesday, January 30, 1901. This date is three days beyond the limit allowed by law, and no further extension of time can be granted to delinquents. Hugh Malloy, Tax Collector Freeland Borough.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. Grover's City Drug store.

Second Ward Politics.

There is a movement on foot among the Republican voters in the Second ward to obey the call for a caucus issued by their borough chairman and to nominate another ticket instead of the one chosen last week. The indignation aroused by turning down School Directors Kline and Krommes by the people who had control of the meeting on Saturday evening is being felt in the ward, and the sentiment that the work of these directors entitles them to renomination is spreading among their constituents.

Some of the men nominated for offices last week are steadfast in the claim that they were legally selected, and they refuse to sanction another caucus. It is certain that the meeting called by the borough chairman will be largely attended by the ward voters, and that, it is claimed, means a ticket different from the one now in the field.

Anthracite Coal Shipped.

The official statement of anthracite coal shipped during 1900 shows that 45,107,484 tons were moved, as against 47,665,204 in the previous year.

The following table shows the amount in tons each company carried and the amount either in excess or below its quota:

"The American Girl."

One of the dramatic successes of the present season is H. Grattan Donnelly's new comedy-drama, "The American Girl." Mr. Donnelly's latest effort is a departure from conventional lines, inasmuch as it is a bright vigorous and dramatic play, without the aid of any sensational clap-trap scenic effects. The story has a strong heart interest as well as comedy. The company is one of unusual strength, headed by George F. Hall, who has a personality that cannot be overlooked. His humor is so infectious, and so apparently genuine that his importance in the cast increases with each act. The author has furnished two unusually good children parts which are played by little Daisy Stampe and little Gracie Russell.

New County Campaign.

A meeting of the members of the bar living in the district comprising the proposed new county is called for this evening in the office of Attorney George Troutman, in Hazleton. The object is to formulate ways and means to reopen the new county campaign. The meeting will be well attended, as the members of the bar in the lower end are now unanimous in favor of a new county.

Several of the drivers employed by Markle & Co. complain that they are not paid for the number of hours they are compelled to work. The matter has been under discussion for the past few weeks and the grievance has been presented to the firm for its consideration.

Pepsin preparations often fail to relieve indigestion because they can digest only albuminous foods. There is one preparation that digests all classes of food, and that is Kodol Dyspepsia Cure. It cures the worst cases of indigestion and gives instant relief, for it digests what you eat. Grover's City drug store.

"I was given up to die from heart and nervous troubles caused by the grip. Six bottles each of Dr. Miles' Heart Cure and Nerve cured me."—Mrs. John Wollet, Jefferson, Wis.

ROUND THE REGION.

The inquest in the case of Anthony Lindacher, who was recently found dead at Wilkesbarre, has been held. There was no evidence to show that foul play had been committed, although there were many suspicious facts. The jury found that death had been caused by a fall, but the police have not stopped their investigation.

President McKinley is slowly recovering from grip and its after effects.

Samuel Herwitz was arrested at Scranton for selling a ham sandwich with a dead mouse concealed in it to H. J. Coyle. Before Coyle discovered the unusual make of the sandwich he had taken a good sized bite. The accused showed that the mouse was placed in the sandwich by an employe of a rival lunch wagon, and he was discharged.

"When the grip left me my nerves and heart were badly affected; but I began taking Dr. Miles' Nerve and Heart Cure and was soon all right."—Wm. Roericht, Eau Clair, Wis.

Jonah Whitesall, who was injured by falling over a stone culvert, has been awarded \$1,000 damages in his suit at Wilkesbarre against Lehman township.

Arbitrators have awarded Mrs. William Stevenson damages in the sum of \$3,500 for a broken leg, sustained last February by a fall upon a Pottsville street. It was alleged that the borough authorities were negligent in permitting a gutter to be blocked.

The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Beware of imitations. Grover's City Drug store.

The decision of Judge Mitchell, of the supreme court, on the law classifying townships, will give a new form of government to twenty townships in the state, five of which are in this county. The five in Luzerne are: Plains, Plymouth, Marcy, Wilkesbarre and Newport townships.

Mrs. Margaret Edwards, of Shamokin, widow of the late Captain T. J. Edwards, a former resident of Eckley and Upper Lehigh, has been granted a government pension of \$8 per month.

George J. Flannery was relieved of the awful pains in his head in fifteen minutes by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

Because he could not get work George Hughes, of Plymouth, shot himself in the head and died instantly. He sent his wife on an errand in order to get an opportunity to fire the shots.

Tobacco of all kinds at Keiper's. Serious damage threatens the town of Parsons. The town is undermined by the workings of the Laurel Run colliery, and it has been discovered that they are threatening to cave in at any moment.

Unless Lattimer strike is ended by tomorrow evening, all the collieries operated by Pardee & Co. will be idle on Monday morning.

The merited reputation for curing piles, sores and skin diseases acquired by DeWitt's Witch Hazel Salve, has led to the making of worthless counterfeits. Be sure to get only DeWitt's Salve. Grover's City drug store.
