# Time to Oil Up.

Like every other complex machine, the human body has its periods for repair. Sleep is Nature's time for rest, when the repair shops of the brain make good the damage of the waking hours. The man who cannot sleep, or who suffers from headache, nervousness, lost appetite, indigestion, heart trouble or pain, is running with a hot box. Give the tired brain and worn-out nerves a chance to rest. Stop! It is time to oil up.

"I was a great sufferer from severe nervous attacks caused by overwork, dyspepsia and loss of sleep, and when I com-menced using Dr. Miles' Nervine I was relieved by the first bottle. I still keep the remedy on hand at all times and uso it occasionally as required. When I feel tired or nervous a few doses braces me up and makes me feel like a new man." CAPT. J. W. WooD, Str. Gov. Safford, Brunswick, Ga

He mentions Arabian legends as samples of strange customs in connection with its use. It was not till to Jara, from whence the first samples were received in 1706. A tree from Jara was then sent to the botanic graden in Amsterdam, and when it dowered and ripened seeds a young seedling was presented to Louis XIV. From this plant seedlings were sent to Martinique, and from these plants, again, and Santo Domingo, while from Amster-dam plants were sent to Surinam.
