## REPUBLICAN NOMINATIONS

The Ward Tickets Selected Last Evening.

Candidates for the Council, School Board and Other Offices Chosen--Hazel Township Tickets.

The Republicans of the borough held their ward caucuses last evening and selected candidates for the several offices to be filled next month. Three delegates were also chosen in each ward to attend the Republican borough convention, which will be held this evening in the Municipal building.

Not in years has there been as much interest taken in the party affairs as was exhibited last evening, especially in the uptown wards, where a nomination on the ticket is usually equivalent to an election.

The past services of some of the present members of council and the school board were not satisfactory, it appears, and from the outgoing officeholders only a few were again selected to serve.

In the first ward Councilman Keck was not a candidate, but Director Trevasik was. He failed to secure a re-nomination by a margin of fourteen votes in the caucus, Adam Sachs capturing the honors.

The second ward turned down Councilman Rudewick, who was four votes short. Councilman Kline was re-nominated, and Director Kline was placed on the ticket again. Director Krommes was not a candidate. The work of the convention held on the 19th inst. was ignored by the voters and almost a complete new ticket was chosen.

In the third ward Councilman Drasher was named again. Councilman Schwabe was not an aspirant, and his place was given to Emory Shelly. Director VanHorn was re-nominated.

Councilman DePierro and Director Everitt were re-nominated in the fourth ward. Director Brown withdrew from the race and S. J. Neuburger was placed on the ticket instead.

In the fifth and sixth wards little interest was taken in the selection of candidates, both wards being conceded to the Democrats.

The nominees in the various wards are as follows:

## Many Changes in the Laws.

The convention of the United Mine Workers yesterday took radical action regarding the power of the national officers to declare strikes. The constitution was amended to allow the national executive board, of which the national officers were made members, to declare any strike or suspension. The district presidents and secretaries shall be first consulted. The proposition to increase the salaries was defeated, and they will remain at the present figures: President, \$1,500 per annum; vice president, \$1,200; secretary-treasurer, \$1,300.

The new action governing those who are eligible to membership in local unions provides that "locals shall be composed of miners, mine laborers and other workmen, skilled and unskilled, working in and about the mines, except mine managers and top bosses."

The convention took action very important to the anthracite region. It increased the executive board from eight members, adding two representatives from the anthracite fields. One of the new men will be Timothy Hayes, of Dickson City, Lackawanna county, a former resident of Drifton. Hereafter the Mine Workers' Journal will be printed entirely in the English language.

## The New County Bill.

The new county bill made its appearance at Harrisburg yesterday. It was introduced by Representative Haworth, of town. After describing how the boundary line, cities, towns and boroughs, the square miles and population of the proposed new county shall be set forth, under oath by six electors of the proposed county, the state officers shall inspect the application and shall appoint three disinterested commissioners. These commissioners, within sixty days, shall report all the facts, with a map of the new county. This shall be followed by the governor's proclamation of a special election within the boundaries of said county.

The governor shall appoint the new county officers, who shall serve until the next general election, and the new county commissioners shall designate the county seat for the time being. They are also empowered to issue bonds to the sum of \$30,000 for expenses.

The property and taxable inhabitants of the new county shall continue liable for any share of the debt of the old county from which it was taken, until the same is satisfied. In case of dispute the courts are empowered to settle.

## Fire Engine Is Here.

The fire engine offered to council for \$1,000 by the LaFrance Fire Engine Company, of Elmira, N. Y., arrived here yesterday and was taken to the fire rooms in the Municipal building. The engine was formerly in use at Wilmington, Delaware, but has been repaired and placed in good condition before being shipped to town. As a W. LaFrance, manager of the company at Elmira, came here with the engine.

Mrs. William Dissell, a witness in a case in court yesterday, refused to repeat some "swear words" used by some of those concerned in the case. Judge Halsey turned her over to the sheriff for contempt of court. Just twelve minutes afterward she changed her mind, and was allowed to tell what was said.

Fire broke out in the Wilkesbarre courthouse on Monday, but was quickly extinguished. Some one had thrown a match or a cigar butt among old papers.

## Fisher's Troubles Are Over.

Frank Fisher, of Easton, who last week sold his wife to George Gardner for 50 cents, would now like to have her back. Yesterday Fisher met the woman and asked her to return to him. She refused and he picked her up in his arms and started to run away, with Gardner in pursuit. The latter compelled Fisher to drop her and the men engaged in a rough-and-tumble fight. The battle ended in a draw and the woman went home with Gardner.

A dispatch from Easton this morning says that Fisher was drowned in the Delaware river last night. He was detected stealing scrap iron from the Lehigh Valley yard yesterday at Phillipsburg, and when pursued by officers, attempted to flee from that town to Pennsylvania by swimming across the river. His body has not yet been recovered.
