MINERS WANT MORE LAWS

Union Officers Confer With the Lawmakers.

They Agree Upon Certain Measures Which Will Be Pushed in the Legislature.

Senators and representatives from the anthracite coal region held a conference at Harrisburg yesterday with a committee representing the United Mine Workers, for consideration of various proposed bills affecting the interests of the miners. These measures will be introduced in a few days. Their adoption is expected to remove many of the points of difference between miners and employers which have caused trouble for years.

One provides that the mine inspectors shall be elected by the people for a period of three years and fixes their salary at \$100 a month and expenses. Another provides that all anthracite coal mining shall be paid for by weight, at 2.240 pounds to the ton, and fixes a penalty of from \$100 to \$500 and ninety days' imprisonment for violation.

A bill was agreed upon which authorizes the placing of check-weighmen at each anthracite colliery, to be elected and maintained by the men. The weighman shall be present at the weighing of all coal, shall weigh the coal if he chooses, and shall have the privilege of balancing the scales.

If there is a dispute between the men's weighman and the company's weighman it shall be referred to the mine inspector, whose decision shall be final, the loser to pay the costs. Any company interfering with the check-weighman shall be subject to a penalty of from \$100 to \$500.

Another bill agreed upon fixes a penalty of \$500 or three months' imprisonment for violation of the semi-monthly pay law. The bill provides that no assignment of future wages to be paid semi-monthly shall be valid, and no agreement to relieve the employer from the provisions of the act will be legal.

T. J. Nicholls, of Nanticoke, president of District No. 1; J. J. Kearney, of Archbald, and Henry Collins, of Carbondale, members of the executive committee of District No. 1; Adam Pulaski, of Mt. Carmel, president, and George Hartlein, secretary, of District No. 9, represented the United Mine Workers in the conference.

Representative Garner's resolution demanding the removal of James E. Roderick, chief of the bureau of mines and mining, because of his alleged declaration that "the miners' hands are against every man and every man's hands are against them," was the occasion of a meeting of the house of representatives committee on mines and mining.

Representative Haworth announced that Mr. Roderick was ill, and suggested the appointment of a committee to confer with him as to whether he had anything to say for himself. This was agreed to, and Messrs. Paul, of Philadelphia; Hartman, of Luzerne, and Haag, of Schuylkill, were appointed.

The committee found Roderick in his room at the Luchiel hotel, suffering with symptoms of pneumonia. He said he was too ill to discuss the matter, but promised the committee that as soon as he is able he will furnish a sworn denial of Garner's statement.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. GRAND OPERA HOUSE.

Freeland Opera House Co., Lessees.

Wednesday Evening, Feb. 27.

The Edwin Young Dramatic Co. IN "Wicked London"

AND AN OLIO OF High-Class Vaudeville Features. BIG DOUBLE SHOW.

Prices: 10, 20 and 30 Cents.

THEATRICAL.

The Edwin Young Dramatic Company gave a creditable presentation of "In the Heart of the Sierras" last evening. The company is composed of competent people and their presentation of this exciting melodrama was appreciated by the large audience. The vaudeville features of the show are very good, especially the work of Harvey, the equilibrist and chin balancer. His marvelous feats made a big hit. Tonight "Wicked London" will be given.

"Quo Vadis," as presented at the Grand opera house on Monday evening, was greeted by one of the largest audiences of the season. The play, notwithstanding its length, held the attention of the house from beginning to end, and the excellent dramatization of the famous novel was a treat to even those who have not read the book. The company was a fairly capable one.

Clinton Vidor, Charles Gilson and Eugene Ordway, three members of the Lorraine Hollis Company, which appeared here last week, have been arrested at Pottsville on the charge of conspiracy to ruin the company's business by having attachments issued against the box-office receipts for their salaries. At a hearing yesterday the accused were discharged.

An entertainment under the auspices of St. Ann's band will be given at the Grand opera house on March 17.

Died From Their Injuries.

Richard Williams, a son of Mrs. Henry H. Williams, of Upper Lehigh, died this morning in the Miners' hospital at Hazleton. On the 8th inst. the young man was seriously hurt in No. 5 mine, Upper Lehigh, by being squeezed about the head between a car and a prop. He was taken to the hospital, where he showed signs of improvement, and his recovery was taken for granted. The news of his death was a shock to his relatives and friends.

The deceased was aged 17 years, 6 months and 18 days. He is survived by his mother, two sisters and three brothers. The funeral will take place at 2 o'clock Saturday afternoon. The remains will be interred at Freeland cemetery.

John Sager, a Freeland Slavonian, was seriously injured about the back early yesterday morning by a fall of coal in No. 5 mine, Jeddo. He was taken to the Miners' hospital, where he died last night. The deceased resided on Adams street.

New County Up Again.

A new county bill was introduced in the house yesterday by Mr. Haworth, of Freeland. The bill provides that whenever any county shall attain a population of 250,000 or more, or that has already reached that population, it may be divided and a new county erected therefrom upon consent of a majority of the qualified electors of the proposed new county district voting at an election to be called for such purpose.

Married in Montana.

Cards have been received in Freeland announcing the marriage of James Rogan, a son of Patrick Rogan, of South Centre street, to Miss Cecile Alice Ducommun Gastiger, at Anaconda, Montana, on the 14th inst. Mr. Rogan is a well known young man and his friends here will wish the couple many years of happiness.

They Refused Him a Drink. Claiming he was minor, and by no amount of argument could he persuade them that he was close to thirty until he finally removed his hat, and by his bald-head satisfied them that he was not only entitled to the drink, but also to a front seat at the ballet show. We think this young man would be willing to lose the drink and the front seat if he could overcome the disfigurement and aged appearance of his head. Therefore, we advise him to send for a free sample of "Luxura," and start his hair growing. "Luxura" is the only honest hair grower on the market. It stops itching, cures dandruff, prevents hair from falling out, and promotes a new growth. A written guarantee accompanies "Luxura," providing for the return of your money if it fails. Price \$1.00, postage paid. Send for a free sample, enclosing 3c. stamp. Boston Drug and Chemical Co., 596 Pelham Building, Boston, Mass.

ROUND THE REGION.

With a roar like the rattle of musketry several acres of land and one dwelling in Laurel Run borough sank into the earth over the Red Ash Mine workings last night. The real result of the cave-in will not be known until the spring rains remove the frost from the ground, when, it is feared, the ground will settle many feet more and involve the entire town. The house which was partially wrecked was occupied by John George and Owen Owens and their families.

A needle is likely to cause the death of Miss Agnes Horan, of Mt. Carmel. Last evening she felt a sudden pain, which increased until her body became numb. A physician found a portion of a needle protruding from her side. A vain attempt was made to remove the needle. Miss Horan is suffering intensely. It is feared that the needle will reach a vital spot.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only remedy devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. Grover's City drug store.

The 800 employes of the Dolph Coal Company, at Winton, Lackawanna county, have struck because the company had failed to pay the 10 per cent increase in wages to a number of its miners. The company is said to have aggravated the matter by discharging the men who served on the grievance committee during the late strike.

Mrs. Carrie Nation, the Kansas joint smasher, has sent word to temperance workers in Scranton that she is going there, and will prosecute a liquor dealer of that city who is advertising "the Carrie Nation cocktail." Mrs. Nation says she will demand \$10,000 damages for the unwarranted use of her name.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly. Grover's City drug store.

Word has come from Philadelphia of the death in that city of John McDonald, formerly of Pittston. Death occurred in a hospital there after an operation for the removal of a bullet from the brain. The deceased was for years a member of the United States marines. During an engagement in the Philippines he was wounded.

The license court has refused fourteen applications to sell liquor, ten in Ashley and one each in Butler, Black Creek, Hazle township and West Hazleton. Remonstrances against the applications had been filed by the Anti-Saloon League.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it. Grover's City drug store.

The contest of the cemetery authorities at Sweet Valley to prevent the interment of the body of Ralph J. White, the convicted murderer who committed suicide in the county jail, ended yesterday. The body was interred with the aid of the sheriff's deputies.

There is always danger in using counterfeits of DeWitt's Witch Hazel Salve. The original is a safe and certain cure for piles. It is a soothing and healing salve for sores and all skin diseases. Grover's City drug store.

The investigation of the origin of the Mansion House fire, at Ashley, in which Eugene Fenner lost his life, and \$40,000 worth of property was destroyed, has resulted in the arrest of four men, suspected incendiaries.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little pills ever made. Grover's City drug store.

Scranton silk mill strikers have issued an appeal to organized labor to assist them financially in the contest for higher wages.

George McBride, foreman in Walter & Henry's saw mill at Conyngham, was drawn against a revolving saw yesterday. He was cut and torn in a horrible manner and lived but a few hours.

Like bad dollars, all counterfeits of DeWitt's Witch Hazel Salve are worthless. The original quickly cure piles, sores and all skin diseases. Grover's City drug store.

Return the Overcoats. On Saturday evening two overcoats were removed from the figures standing in front of my store. The parties who participated in this alleged joke are known, and unless prompt restitution is made they will be prosecuted. If the overcoats are returned in good condition without further delay no questions will be asked; if not arrests will follow.
