BREVITIES.

The funeral of the late Richard Williams, the young man who died in the miners' hospital Wednesday morning, took place this afternoon. The remains were interred at Upper Lehigh cemetery. Upper Lehigh Mine Workers and Camp 147, P. O. S. of A., were well represented at the funeral.

At St. Paul's P. M. church yesterday Edward Sterner and Miss Clara Page were united in marriage by Rev. W. C. Hall. A large number of friends witnessed the ceremony. The young couple will begin housekeeping at once in a neatly furnished home on Birkbeck street.

The fire engine was removed from the fire room in the Municipal building on Wednesday evening and taken to the building of the Fourth Ward Company on the Hill. Four horses were required to haul the engine up the Walnut street grade.

On Monday morning Miner's dairy will begin the daily delivery of fresh pure milk from Mt. Yeager. Watch for Miner's wagon and buy from it if you want pure milk.

The mass meeting at the Grand opera house tonight under the auspices of the American Federation of Labor will be addressed by a number of well-known labor leaders. The committee in charge invites everybody to attend.

The bond of George Koyrim, treasurer of Local Union No. 1507, United Mine Workers, of Eckley, has been filed in court. The bond is in the sum of \$500 and George R. Keller is the surety.

Work at the new brewery is being steadily pushed forward, and the directors are confident that the plant will be ready for operation about April 1.

March came in with its usual bluster.

Geo. H. Hartman is now located in Bachman's building, first door below the Central hotel, where his patrons will find a large and choice assortment of meats of all kinds.

Among the people of town who are dangerously ill are Mrs. E. W. Rutter, Chestnut street, and George Bird, West Walnut street.

The first type-setting machine brought to Luzerne county began work this week in the Hazleton Plain Speaker office.

Freeland relatives attended the funeral this morning of Mary, the three and one-half year-old daughter of Mr. and Mrs. John Lavelle, at White Haven.

The Hazleton Sentinel has changed hands again. Charles and Frank Snyder are the new managers.

The official count of the vote for poor director shows that Samuel Gangwere was re-elected over Henry Habel by 136.

A pigeon shooting match for \$25 a side will take place tomorrow afternoon between Robert Carter, of Jeddo, and Patrick Collins, of Hazleton.

Arrangements have been made again to extend the Anthracite telephone line to Laurytown almshouse.

George T. Wells has resigned as steward at Laurytown almshouse to accept a position as assistant to John Wagner, outside superintendent at Drifton. His successor has not yet been chosen by the poor directors.

An increase in pension from \$6 to \$12 per month has been granted to George Klingler, of Freeland.

A special council meeting was held Wednesday evening, when the accounts and exonerations list of Tax Collector Malloy were acted upon.

Mr. and Mrs. William J. Eckert are spending a few weeks in Florida.

A horse driven by William Bicking, a Butler Valley milkman, fell and broke its leg in Drifton yesterday. The animal had to be shot.

PLEASURE.

March 17.—Musical entertainment by St. Ann's band at Grand opera house.

THEATRICAL.

During the action of the play, "Wicked London," by the Edwin Young Dramatic Company, Wednesday evening, Miss Madeline Sadol, an actress, lost her temper and showed her displeasure by insulting the local musical director, Michael Capece. The attack was brought on while Miss Sadol was endeavoring to sing. Her music called for march time, but she evidently wanted a gallop, to judge by the remarks, "faster," "faster" and the stamping of her feet. The audience resented her insult to the pianist by returning loud hisses as she retired from the stage.

The company gave a good performance of "Wicked London" to a large audience, all the members of the company taking their parts in a satisfactory manner. They will likely appear here again later in the season.

The Stephenson Quartette, which appears here on Tuesday evening next, under the auspices of the Mining and Mechanical Institute, is one of the best attractions of its kind on the road.

"The Path of the Plague" is the next regular attraction booked. It will be seen here on Friday evening of next week.

Last season's big success, "The Missouri Girl," will be here in the near future. Fred and Sadie Raymond are still with the company. It is predicted that the house will be taxed to its capacity by those who wish to greet these favorites.

Reorganizing Council.

The councilmen-elect will take their seats on Monday evening, after the present body disposes of its unfinished business. As the new council is overwhelmingly Democratic, there is much rivalry for the positions and appointments which the members have at their disposal.

There are rumors that some of the members of the dominant party contemplate rank treachery by forming combinations with the Republicans, but these reports are not credited by the Democrats, as such action would not be tolerated by the party.

The Republicans two years ago established the precedent of reorganizing council on strict party lines and the Democrats are justified in doing likewise.

New Time Tables

A new time table will go into effect on Sunday on this division of the Lehigh Valley Railroad. The train leaving here at 12.14 p. m. for Wilkesbarre and the one arriving here at 4.42 p. m. from the county seat will be discontinued. Both trains are very convenient and their absence from the schedule will cause many people to waste several hours at Wilkesbarre.

A new time-table will go into effect on the D. S. & S. Railroad on Sunday, March 10.

Woman Fell Down Steps.

Mrs. Carpenter, aged about 75 years, for many years a resident of Eckley, but now an inmate of Laurytown almshouse, met with an accident on Wednesday which may cause her death. While descending steps in the institution she fell from the top to the bottom, a distance of twenty feet or more. She was found unconscious by a keeper and an examination disclosed that she sustained a fracture of the right hip.

Terms of the Will.

The late Catherine Tully, of Foster township, whose will was probated on Wednesday, leaves \$500 to her son, John Tully; \$300 to her son, James Tully; \$300 to her granddaughter, Celia Tully; and \$25 to her grandson, John Tully, Jr. The balance of the estate is left to her son, William Tully, who is also made executor. The estate is valued at \$5,500.

Trying to Entice Miners.

An agent from Little Rock, Kansas, in the Wyoming region trying to get miners to go to that place and offering good wages. Charles J. Thain, general organizer of the American Federation of Labor, declares that there is a strike in the mines near Little Rock that has been on for two years, and he warns all union miners against going out there.

The Talk of the Town.

Getting an overcoat at your own price has become so popular at Senie's clothing store that the press of the region is giving the matter an abundance of free advertising. People who come doubtingly to the store go away convinced that the statement is a fact. The gratuitous advertising given to Mr. Senie's great offer is fully deserved, as no such bargains were ever before offered to the people of this section. Suppose you call at the store and see for yourself.

Gentlemen, for hats and caps go to A. Oswald. He has a nice variety.

ROUND THE REGION.

The Plymouth Carpenters and Joiners' Union has prepared a number of demands, which will be presented to their employers tomorrow. They want a nine-hour day, time and a half for overtime and double time for Sunday work, a minimum rate of 25 cents per hour, 30 cents per hour for work done for an individual and a semi-monthly pay.

Like bad dollars, all counterfeits of DeWitt's Witch Hazel Salve are worthless. The original quickly cure piles, sores and all skin diseases. Grover's City drug store.

Lacking funds with which to pay for the burial of his wife, Frank Zalinski, a Polish miner of Maltby, cared for the body for six days, and, receiving aid from a countryman, shipped it yesterday to Duryea, where it was interred.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. Grover's City drug store.

A dynamite explosion at Lattimer stripping yesterday seriously injured John Sharkey, Peter Doni and Vete Torrell. Sharkey's right hand was taken off.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. Grover's City drug store.

Michael Dressler saved the lives of twenty men at Reliance colliery, Mt. Carmel, by discovering a cracked link in a chain attached to a car full of miners, which was about to be hoisted to the surface.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly. Grover's City drug store.

The parents of Lieutenant Fred Grenert, of White Haven, recently received a queue of a Chinaman he killed during the campaign on the Orient.

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. Grover's City drug store.

Josephine Eltringham plunged headlong from the top of a forty-foot pole in Mahanoy City, and still lives, although badly injured. Eltringham was climbing a pole when a team became entangled in a wire he was carrying and jerked him to the ground.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it. Grover's City drug store.

A gang of robbers have been at work in the upper end for some days past. The United States Express office at Mill Creek and Nanticoke have been broken and cigars and merchandise stolen.

There is always danger in using counterfeits of DeWitt's Witch Hazel Salve. The original is a safe and certain cure for piles. It is a soothing and healing salve for sores and all skin diseases. Grover's City drug store.

Austin Fuller, aged 50 years, was run over by a coal train near White Haven and lost an arm yesterday. He was picking coal on the tracks.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little pills ever made. Grover's City drug store.

P. Butler Reynolds, a prominent resident of Kingston, died this morning at the age of 50 years.

They Refused Him a Drink.

Claiming he was minor, and by no amount of argument could be persuaded that he was close to thirty until he finally removed his hat, and by his balding head that he was not only entitled to the drink, but also to a front seat at the ballet show. We think this young man would be willing to lose the drink and the front seat if he could overcome the disfigurement and aged appearance of his head. Therefore, we advise him to send for a free sample of "Luxura," and start his hair growing. "Luxura" is the only honest hair grower on the market. It stops itching, cures dandruff, prevents hair from falling out, and promotes a new growth. A written guarantee accompanies "Luxura," providing for the return of your money if it fails. Price \$1.00, postage paid. Send for a free sample, enclosing 2c. stamp, Boston Drug and Chemical Co., 596 Pelham Building, Boston, Mass.

FACTS IN A FEW LINES.

New England is said to furnish better work in mills and factories than any other section of the country.

Mexico purchased over \$300,000 worth of United States furniture the first nine months of the past year.

One hundred years ago it took a month to cross the Atlantic. Now the trip is made between two Sundays. Chicago has a big co-operative boarding house, where it is reported the members get good meals at 11 cents each.

In 1800 there was not a cooking stove in the United States. Now we are beginning to cook without fire by the aid of electricity.

The statement was made before the Ethical society of St. Louis at a recent meeting that the city pays \$30,000 a year more for police protection than it does for school privileges.

An official return, made as the result of statements respecting the French army reserve, shows a deficiency in the reserve infantry alone of 7,500 lieutenants and sublieutenants and 500 captains.

As illustrating the cumulative force of the 5 cent piece it is shown that the total income of the 94 street railway companies operating in Pennsylvania during the fiscal year ended June 30, 1900, was \$24,447,181.

A report of Frank H. Hitchcock, chief of the division of foreign markets in the agricultural department at Washington, says that while butter is the most valuable export of the Dames "they import a good deal of butter of the cheaper sort from the United States."

The new Indian lands that are to be opened for settlement are said to compose one of the richest tracts in the world. The Apache, Comanche, Kiowa and Wichita reservations, which are to be opened, contain about 3,500,000 acres of land, of which two-thirds is available to white settlers.

Old time pawnbrokers in New York are to meet increased competition from the Provident Loan society, which was a pet scheme of the late Commodore Vanderbilt. A third branch of the society is about to be opened, this time in the Tenderloin district, richest of all fields for the pawnbroker.

In order to see how fast a buzzard really could fly a good specimen of the tribe was shipped from Charleston to New York and there released at an appointed hour. It was expected that the bird would take a day at least on the trip home, but the buzzard fooled the experts and got there in four hours.

Silk ribbons were used in the court of Victoria to hold newspaper clippings designed for the royal perusal. She never saw the papers in their original state. They were carefully perused by an official, who cut out what he thought would please her, pinned the clippings on the ribbons and laid them on her table.

Central America is the tramps' Mecca. There are many "hoboes" who drift down there and none who come back. In Nicaragua or Costa Rica, for example, all they have to do is marry a native wife and settle down in some little banana or cocoanut grove in the interior to a life of peace and no work.

Leading architects desire to have their profession given the same standing as that of lawyers and doctors. No man can practice law until he has been admitted to the bar or medicine until he has passed a required examination and received a certificate. But anybody can call himself an architect whether he is qualified or not.

Oregon has been known as the Web-foot State. During the rainy season the precipitation is so constant and heavy that it is humorously said the climate of that state is best appreciated by animals having webbed feet. It is also called the Beaver State, from the former abundance of these animals along its water courses.

An experiment farm is to be started 200 miles from Manila by the United States Philippine commission for the purpose of ascertaining what seeds and plants from this country can be successfully cultivated on the far eastern islands. The University of California will send from its experiment stations the required seeds and plants.

Along the line of the recent inventions is a process for spinning paper into a fine thread which cannot only be used for sewing, but out of which a very beautiful fabric can be woven. Specimens of tablecloths and napkins made by this process were exhibited recently which compared very well in appearance with the fine articles of linen.

An old porter at the City hotel in Jefferson City, Mo., stepped into that hotly after the close of the war to refresh himself with a drink. He placed his ride in a corner, took his drink, engaged in conversation with the proprietor of the hotel and was given employment immediately. He has been an efficient servant of the establishment ever since that event.

A vicious horse bit off the tip of the nose of Robert Tigue, of Scranton, Tigue was examining the teeth of the horse, when it suddenly snapped at him.
