"Dear Madam:—I am suffering from inflammation of the ovaries and womb, and have been for eighteen months. I have a continual pain and soreness in my back and side. I am only free from pain when lying down, or sitting in an easy chair. When I stand I suffer with severe pain in my side and back. I believe my troubles were caused by over work and lifting some years

Fortunes in Gold Nuggets.

The great gold fields of the world ave all produced romances of nuggets f enormous value often stumbled cross by prospectors in the last stage f poverty. This nugget-finding is told an interesting fashion by Mr. Jefferon Hurley, a member of the Institute f Mining Engineers, says a London cwspaper.

son Hurley, a member of the Institute of Mining Engineers, says a London newspaper.

"The largest nugget of which the world has any knowledge," he says, "was found at Hill End, New South Wales, by Messrs. Byer and Haltman. It measured four feet nine inches in length, three feet three inches in width and averaged four inches in thickness. It sold for £20,000.

"At the time of finding it Messrs. Byer and Haltman had exhausted their capital and were practically living on charity. It is said that the discovery so unnerved one of the partners that he was unfit for work or business for a long period.

"A great nugget found in Victoria was the 'Welcome Stranger,' discovered by two puddlers. It rested on stiff red clay and was barely covered with earth; in fact, the treasure lay unnoticed in the rut by the puddlers' cart. Its weight was 2.268 ounces and in value it was worth £9,600. Soon after the find of the 'Welcome Stranger' two other nuggets of 14 ounces and 36 ounces respectively were unearthed.

"Another lucky find was that of a nugget at Ballarat weighing 2.150 ounces and sold for £10,500. The Blanche Barkley nugget, 1,743 ounces, value £7,000, was unearthed by a party of four at Kingower at a depth of 13 feet and within five feet of holes that had been dug three years before."

"No man in these parts ever suffered as I did. I took everything that I ever heard of, but never found anything that did me the slightest good until I began the use of Dr. Greene's Norvura blood and nerve remedy.
"And now comes the most wonderful part of all. In a short time this splendid medicine made me completely well. It is the best remedy I ever saw or heard of, for it raised me from a condition of utter helplessness and constant agony to perfect health. It saved my ability to work which was entirely gone. I am now entirely well and strong, and I owe my health and my the overly before so Norvura blood and nerve remedy. I advise everybody to use it." In the five battleships we have two types—the three sheathed and coppered ones being the Pennsylvania, New Jersey and Georgia, while the unsheathed ships are to be the Rhode Island and Virginia. The first three ships are further peculiar because they carry the much-discussed superposed turrers in the main battery—the relative merits of which will never be settled short of the day of actual conflict; but the antifouling advantages of their coppered bottoms are too well established to do more than to make us wonder why all are not so protected.
