## SCHOOL BOARD DEADLOCKED

Foster Directors Unable to  
Choose a Solicitor.

Attorneys O'Donnell and McBrearty Are the Applicants. Teachers' Salaries Fixed for the Coming Term.

The regular session of Foster township school board was held Monday evening with all members present. It was agreed that the board elect a solicitor, and the names of R. J. O'Donnell, Esq., and J. J. McBrearty, Esq., were proposed. Six ballots were taken without a choice, the vote being:

For O'Donnell—Keller, McHugh, Ziestloft.

For McBrearty—Johnson, O'Neil, Doudt.

The vote was without change during the balloting, with the exception of the first and third ballots, during which Director Doudt did not vote.

There being no prospect of breaking the deadlock the matter was laid over until the next regular meeting.

The principal read a lengthy report of books and supplies required for the coming term and presented statistics of last term.

President Johnson appointed the following committees:

Books and supplies—Keller, Doudt, Johnson.

Building—McHugh, O'Neil, Ziestloft.

The salaries of the teachers appointed for the coming term were taken up for consideration, and several members of the corps were given increases. The following list shows the monthly salary paid last term and the monthly salary fixed for next term.

A motion prevailed that the substitute teacher shall be appointed to fill the first vacancy on the corps.

The board paid for day school teaching last term \$10,080. The increases given the teachers will amount to \$1,080 for the term of nine months, making the estimated expenditure for day school teaching \$11,080 for next term.

The directors have figured very closely on the finances and find that the revenue to be received will permit them to give a nine-month term.

It was agreed to pay for cleaning buildings at the same rate as last year, viz: Whitewashing, \$4; scrubbing, \$3; outhouses, \$1. Parties doing this work are to be responsible for their own materials.

means of water pumped from a near-by sulphur creek. Foreman Sharkey was dissatisfied with the progress of the work and reprimanded the men. One word brought on another and Sharkey finally seized the hose and turned the sulphur water on the men.

The workmen, angered by the action, seized stones and clubs and chased the foreman. The colliery clerk, seeing the trouble, rushed to the foreman's aid and handed him a revolver. The weapon was turned on the men, and six shots discharged, but none took effect. The men cornered the foreman in the colliery office, where he was held prisoner for several hours. He telephoned for aid, and a guard was formed who finally secured his release.

If Sharkey had not succeeded in reaching the office he would probably have been murdered.

### Young Man Drowned.

Abonia Faniolla, aged 21 years, an Austrian residing on South Washington street, was drowned yesterday afternoon in a reservoir at Derringer. The young man went to the latter town to look for work. While there he went in bathing in deep water. Being unable to swim he sank to the bottom. One of his companions, who tried to rescue him, narrowly escaped the same fate.
