**Contest Papers Not Yet  
Filed by the Controller.  
Politicians Trying to Patch  
Up the Republican Break.**

Today's Wilkesbarre Record says: "The appearance about the court house yesterday of Arthur E. Dick, of Hazleton, the nominee for controller, and several other politicians of more or less note led those not on the inside to believe that a settlement of the controller-ship muddle was pending. While negotiations were on, nothing was accomplished and the politicians went home much disappointed. Another effort will be made, with more prospects of success."

"There was a report in the court house corridors that Controller Lloyd had been offered \$1,000 in cash and a deputyship to gracefully step down and out and fall in line for Mr. Dick. This was denied by both parties to the bargain. The controller has had his contest papers ready for more than two weeks, and as he has neither filed them nor stated just what stand he will take, the public is at a loss to account for a delay.

Some of the court house leaders wish to avert, if possible, an airing in court, while others do not care a rap what the controller decides upon, and as one of the latter stated yesterday, are perfectly willing to allow the band to play.

**Monday Is Card Day.**

Monday next is card day for the United Mine Workers of District No. 7. On this date the working cards of the union miners in the Lehigh region and Panther Creek valley will be inspected at the collieries by committees appointed for this purpose.

With the exception of a very few, the employees of every mine in the district are members of the United Mine Workers. It is the desire of the officials of the union, and in some places the desire is shared by the operators, to gather into the organization every man who is eligible to join.

Those who have so far neglected to make application for membership should delay no longer, as the union men will not work with non-union employes after Monday next. Another reason for joining at the earliest opportunity is the fact that in the near future the admission fee in District No. 7 will be increased.

In order to accommodate all members who are in arrears, Local Union No. 1499 will hold meetings at the Grand opera house hall on Friday evening at 7.30 o'clock and on Sunday afternoon at 2 o'clock. No excuse will be accepted from those who fail to avail themselves of these opportunities to procure working cards.

**With Speed and Curves.**

In its report of the game of ball played at Tamaqua on Saturday, the Register of that town has the following on one of the local men who assisted in defeating Hazleton team:

"By the way, we also had McGeehan—Con McGeehan—a young man who hails from Drifton. They told us he was a pitcher with speed and curves to burn. We felt a little anxious when he got on the slab, but he soon relieved our mind. As soon as he began shooting the sphere at Lawler, it was evident that he knew

his business, and by the time the nine innings were played, Con had all the girls in love with him and could have had the town for the asking.

"He made those Hazletonians look like children without a home. Those who didn't strike out managed to knock a measly fly or a slow grounder and by the time the smoke of battle had cleared away they had actually accumulated two hits and one tally.

"Not only did McGeehan pitch professional ball, but he also batted terrifically, having four swats out of five attempts with the stick. He is all right and can play in our back yard 'til the cows come home."

**Returned the Bids.**

The contract for the erection of a new room in Washington street school building was not awarded by the directors last evening, as intended. Estimates were received from Contractors James E. Griffith and Lewis H. Lentz, but owing to some misunderstanding the former gave figures on one school room and a supply room, while the latter presented figures for the school room only.

As the board desired separate bids for each of these rooms, in order that the erection of the supply room might be postponed if the cost should be more than expected, the proposals were returned to the contractors, with instructions to prepare and submit separate estimates on the rooms at a meeting to be held tomorrow evening.

John Rogan was awarded the contract to remove the ashes from the Ridge street school at the price offered, \$3.

The building committee reported having had considerable difficulty in procuring figures for the cleaning of Ridge street building. The women who do this work are averse to whitewashing the rooms. The committee was instructed to continue at work in the matter until the next regular meeting, also to have necessary repairs made to all the school buildings.

The text book and supply committee was instructed to procure prices before the next regular meeting on the books and supplies required for the coming term.

**Death of Peter O'Donnell.**

Peter O'Donnell, supervisor of Foster township, died yesterday morning at his home in Coxe addition, aged 63 years. About a year ago the deceased was stricken with paralysis, and although he recovered and resumed work his health was shattered by the stroke. For some weeks past he had been very low, and the recent action of Coxe Bros. & Co., in notifying him to vacate his home, which the corporation owns, because some of his sons were among the Drifton shop strikers, gave him much worry and undoubtedly hastened his death.

The deceased was a resident of Drifton and Freeland for more than a quarter of a century and during this period was an employe of the firm which gave him such anguish in his old days.

He is survived by his wife and the following sons and daughters: Andrew, Patrick, Peter and Neil and Mrs. Daniel McLaughlin and Miss Hannah O'Donnell.

The funeral will take place tomorrow morning at 9 o'clock, followed by a requiem mass at St. Ann's church. Interment at St. Ann's cemetery.

**Boxing Contest Tonight.**

The special train from Wilkesbarre to Freeland this evening, to convey the county seat people to town to witness the contest between Frank McGee, of Philadelphia, and Thomas Quigley, of Wilkesbarre, promises to be well patronized. The contest has aroused much interest in the upper end and several hundred tickets have been disposed of in that section.

Both McGee and Quigley arrived in town yesterday and report themselves in excellent condition for the twenty-round bout.

A preliminary contest for six rounds between John Carr, of Highland, and Hugh McDyer, of town, will be given, and as both have many admirers this will attract much attention from local people.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all of the natural digestive juices hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good healthy appetite. **ROUND THE REGION.**

Because of an accident similar to the recent one on the Brooklyn bridge the Wilkesbarre South street bridge is closed to traffic. One of the suspension rods fastened to the heavy cables pulled out and caused the bridge to sag considerably. Repairs are now being made and the bridge will likely be opened again. Intense heat is supposed to have weakened the iron and steel work.

Samuel Lamont and George Butz, tin-smiths, while working upon a high scaffold at Pottsville, received injuries which may prove fatal. They were near the roof, when Butz was overcome by the heat, which registered over 100 degrees in the shade. In falling he became entangled in the scaffold, with the result that he caused the structure to collapse, both men falling three stories.

At a meeting in Wilkesbarre the choir which won the chief prize at the Atlantic City eisteddfod last summer held a meeting and decided to contest for the chief prize at the Buffalo eisteddfod on September 10. The selections are: "We Never Will Bow Down," and "He Leadeth Me." The choir will number 125 and a meeting will be held shortly to elect a leader and officers.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits, be sure to get DeWitt's, Grover's City Drug store.

Following a rigid investigation which has been in progress since Sunday last, Hazleton police yesterday arrested Daniel Shock on suspicion of knowing something concerning the mysterious fires which thrice destroyed portions of C. H. Knolly's planing mill. Shock is practically a stranger in Hazleton, having arrived in town about a month ago, from Mauch Chunk.

The school board of Frailey township, Schuylkill county, which has been deadlocked over the election of a secretary since the first Monday in June, was ousted yesterday by Judge Marr. Six new men were appointed instead.

Yesterday the new wage scale on the Reading Railway Company's Shamokin division was made public. The new scale gives a general advance to men in the train service and dates from July 1.

In Pottsville yesterday the court appointed T. F. Downing, of Glen Dower, as a substitute mine inspector of the Eighth district, in place of John Maguire, of Pottsville, who is sick.

An order has been issued to the young women of Hazleton Catholic parish by Father Hussie that taboos night dancing. Father Hussie, who is the successor to Father Phillips, is very stringent, and asserts that under no consideration must young women remain longer at any dance than 9.30 o'clock. The new order is imperative.

**Glee Club to Organize.**

A meeting to perfect arrangements to organize a glee club has been called at the residence of George Fisher, Walnut street, on Tuesday evening of next week at 7.30 o'clock. The members will petition council for the use of a room in the borough building.

Following are the persons who have so far signified their intention to become members: Ario P. Mayberry, George Fisher, John Shafer, Charles Morschbacher, Joseph Satch, John Price, Victor Oswald, G. H. Thomas, Arthur Jones, Thomas Argust, David Davis, Deitrick Lawrence, William Seiple, Rowland Jones, Joseph Williams, Sandy Slattery, John Edwards, William Bener, Ed. **Signed the Contract.**

The articles of agreement for the twenty-round boxing contest between "Kid" Ferry, of Allentown, and Charles Mulhall, of Summit Hill, have been signed by the managers of both boxes and the contract has been received by Willy Dougherty, general manager of the Sterling Athletic Club.
