**ROUND THE REGION.**

The miners and laborers at the Bellevue colliery Scranton, owned by the Delaware, Lackawanna and Western Company, struck because of the order of Foreman Lewis that their committee should not take up the union working cards of the men as they went to work. About 500 men and boys are idle. This strike is similar to those at the Woodward, near Kingston, and at Raub's mine in Luzerne. The stand taken by the foremen may result in a tie-up at all the Delaware, Lackawanna and Western collieries.

After being lost in the Burnside mine, Shamokin, during which they walked fifteen miles, Alfred Jones and Frederick Helzeman lay in a ditch, exhausted and ready to die. A rescuing party arrived in time and took them to the surface. They were working when a big fall of rock blocked their exit. Jones and his companion climbed into an old breast. They were not acquainted with the passageway and they soon lost their bearings and plunged deeper into the recesses of the mammoth mine.

The Delaware, Lackawanna and Western Company will probably be obliged to abandon its Jersey mine at Plymouth owing to the fire which has raged in it for months. It is practically impossible to flood the mine, as it is higher than the Nottingham, Avondale and No. 6 collieries and all these would have to be filled with water before the fire in the levels of the Jersey mine could be reached.

All members of the Clerks' Association are requested to be present at the regular meeting at 8 o'clock this evening.

The men employed by the Scranton Railway Company met early this morning and decided to strike at noon unless P. J. Shea, the president of their union, was reinstated. Shea had been suspended for an alleged infraction of rules. A committee of the men went to Manager Frank Silliman and reached a settlement by which Shea will return to work and there will be no strike.

Louis N. Hammerling, of Wilkesbarre, has been directed by James E. Roderick, of the Bureau of Mines, to translate the anthracite coal mine laws of this state into Swedish, German, Hungarian, Polish, Austrian, Slavish, Lithuanian and Italian.

Burton, son of Samuel Sorber, of Beach Haven, Salem township, 11 years old, was crushed to death under a threshing engine. While attempting to jump on the engine he slipped and fell, the wheels passing over his neck and causing instant death.

Men employed repairing the public roads in Schuylkill and the adjoining counties, where the Philadelphia and Reading Coal and Iron Company have the contract to keep the thoroughfares in repair, have made a demand for higher wages.

Just at a time when the people of the Wyoming valley were congratulating themselves upon the disappearance of smallpox comes word that another case has developed in Plymouth. The victim is a three-year-old daughter of Andrew Shelski.

Thomas Hillbush, aged 17, of Mahanoy City, was stabbed and badly wounded while trying to separate two fighting companions at a picnic Saturday night. John Schmidt, his alleged assailant, is in jail.

A man who, from a pay check in his pocket, is supposed to be Mike Kavitch, was run over by a freight train at Tamaqua Saturday night and instantly killed.

Thieves entered Beddall & Short's hardware store at Tamaqua at an early hour yesterday morning and stole cutlery and razors valued at \$100.

The farm of Herman Weising, at Hughesville, has been purchased as a site for the power house of the new trolley line between Wilkesbarre and the lower end of the county.

\$1.50 a year is all the TRIBUNE costs.

**A Disappointed Chinaman.**

A Chinaman and a white girl, who said they had known each other only four hours, on Saturday asked Alderman Robert Conahan, of Wilkesbarre, to marry them. When the alderman refused, the couple went on to New York state, where they could wed without the formality of a marriage license. They alighted from the Black Diamond express and inquired of the station hands for the office of the nearest alderman. They found Mr. Conahan and were greatly disappointed when told they could not be married unless they had a license. The registrar's office closing at noon on Saturday, they were unable to obtain one.

The Chinaman, who was dressed like an American, said his name was Woo Tong, and that he was a prosperous merchant in New York. He spoke excellent English. The girl was pretty and richly dressed and gave her name as Grace Bradshaw, but would not say in what part of New York she lived. They were both bound for the Pan-American Exposition, and met on the train soon after leaving New York.

By the time they reached Mauch Chunk the Chinaman had confessed his admiration for the girl, and asked her to marry him. When White Haven was reached he wanted to get out there and be married, but the girl hesitated. She finally consented when the train drew into Wilkesbarre station.

Woo Tong offered Alderman Conahan \$50 to perform the ceremony.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. Grover's City drug store.

**Cry Is Not Sincere.**

From the Lansford Record. The cry for a cleaner Democracy in Philadelphia is not sincere. When a man like ex-Governor Pattison doesn't suit the Gordon-McAleer-Kerr people, it is questionable whether they will be satisfied with anything less than running the machine. They say that the governor will be "run" by the Ryan-Donnelly people. Such men as Gordon, Stenger & Co. know that nobody can "run" Governor Pattison.

Much as the country Democracy desires to see an improvement in Philadelphia, they will not stand for any sandbagging of Pattison by the Gordon-McAleer faction. While they were crying down Donnelly and Ryan for trading with Quay, they were doing the same thing with the Martin people, in order to discredit the Democratic management by polling a small vote.

If the Philadelphia Democrats are really honest in their cry for a better Democracy, they must fall behind Governor Pattison or remain in the Martin camp.

O. O. Buck, Beirne, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then I have been entirely cured of my old complaint. I recommend them. Grover's City drug store.

**Busy Days.**

"I suppose the demands on the time of a successful financier are very great."

"They are," answered the highly prosperous citizen. "I am kept so much occupied telling young men how to succeed in life that I scarcely get an opportunity to attend to my regular business."—Washington Star.

Mrs. S. H. Allport, Johnstown, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but was instantly relieved by One Minute Cough Cure. Grover's City drug store."

**Pennsylvania Wensels.**

Possibly few who read of "kings' robes of royal ermine" appreciate that the rightful and first possessors of the beaueous coat is sometimes a denizen of the Keystone State. It may be that some subtle force suggested to turncoat monarchs to choose the pelt of this animal for their own. In fact, during the greater portion of the year the ermine is a plain egg sucking wensel. As winter comes on he assumes a white coat, with a black tipped tail.

Putulou noveboracensis, as the scientist calls the wensel or ermine, ranges from North Carolina away up into Canada. It is rare, however, to take ermine or white coated wensels in Pennsylvania, although two specimens have just been received at the Academy of Natural Sciences from Sullivan county.

In fact, south of Pennsylvania the wensel never changes color in winter, and this fact goes far to substantiate the theory of protective coloration. Thus when snow covers the ground the white ermine becomes nearly invisible, while in his wensel's guise during the summer he is not nearly so conspicuous as he would be did he wear his white coat all the year round.

Another interesting fact is that while the animals that live in the north always change color those in the south do not, the reason being that their white color would not protect, but destroy them, as there is almost no snow in the south.—Philadelphia Record.

James White, Bryantsville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered 4 years. Doctors failed to help him. Get DeWitt's. Accept no imitations. Grover's City drug store.

**From Infancy To Age**

Laxakola for Babies.—It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it." BEST because its tonic properties are so good and so strengthening that it keeps the little ones in fine, hearty condition.

It is a dangerous thing to give little babies violent cathartics that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colic and fevers it is invaluable.

Laxakola for Young Girls on the threshold of womanhood, has been found invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, and their systems generally run down, they need building up, and their blood needs cleansing. Give them Laxakola, its gentle bowel action to cleanse and its tonic properties to build up the system, will show immediate and most beneficial results.

Laxakola for Mothers.—It is particularly valuable and useful to women, especially mothers, as it is a gentle and safe remedy to use during all conditions of health whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, while to nursing mothers, worn out with the care of infants and whose systems therefore are particularly susceptible to disease Laxakola particularly appeals.

It clears the complexion, brightens the eyes, sharpens the appetite, removes muddy and bilious condition of the skin and cures sick headaches, ascertains by removing the cause. To women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief.

Laxakola for Old Folks.—In the Autumn and Winter of Life, when the various organs through long years of action have become more or less sluggish, it becomes necessary to stimulate them by some remedy best adapted to that purpose. That Laxakola is such, has been proved beyond all question. Its gentle warming, soothing action on the bowels, liver and kidneys, stimulates them to increased activity, cleanses the blood, quickens the circulation, and puts the whole system in a condition of health and enables it to ward off disease, while its tonic properties tone up the system and keep it healthy.

**Laxakola Does It.**

Laxakola is not only the most efficient of family remedies, but the most economical because it comes in six 100 medicine boxes for one price, tonic and laxative. No other remedy gives so much for the money. All drug stores, 25c. and 50c. or free sample of THE LAXAKOLA CO., 154 Nassau St., N. Y., or 359 Dearborn St., Chicago.
