CONFERENCE OF OFFICIALS

Mine Workers' Leaders Are Now in Session.

Attitude of Certain Firms and Corporations May Lead to Serious Trouble in the Coal Regions.

The conference of the executive boards of Districts Nos. 1, 7 and 9, of the United Mine Workers, convened in Hazleton yesterday afternoon at 2 o'clock and the conference will likely continue until tomorrow. The leaders positively refuse to divulge any of the proceedings. Some of the delegates, however, do not conceal the fact that serious matters are under consideration, chief of which is the alleged tyranny practiced by a certain company, and which may be the means of declaring a strike at its mines at any moment.

The card day examination is another important matter, while not the least important is the alleged refusal of several companies to live up to the April agreement.

The union has bound itself to continue working until next April, but, if the mining firms and corporations continue to impose upon their employes, serious trouble may be expected.

These are the questions to be considered and definitely acted upon before adjourning:

Adoption of some plan to secure an agreement with the coal companies whereby the latter will grant permission to card committees to make stated inspections at the collieries, thus averting petty strikes.

How to get the stationary firemen, the teamsters and blacksmiths who are now organized separately, into the United Mine Workers.

Reinstatement of the firemen who struck recently and have not yet been taken back.

Settlement of local grievances which have arisen since the last strike.

To get all the men into the local unions established at the collieries where they are employed.

Plans for bringing about a joint conference with the operators may also be talked over.

School Board Meeting.

All the members of the borough school board were present at the August meeting on Wednesday evening, excepting Director Kline, who was detained at his home by illness. The text book and supply committee was authorized to place orders for the list of books recommended and required for the coming term. The order for supplies was awarded the McConnell Supply Com-

pany, of Philadelphia, for \$114.53.

A proposal from W. E. Martin, offering to make certain changes in the steam heating plant in the Washington street school, was presented, but no action was taken, as the board may adopt some other plan to remedy the defects in the plant.

The building and grounds committee was authorized to have the several buildings cleaned and repaired at the lowest prices obtainable.

Bills as follows were read and laid over for the approval of the finance committee: Electric Light Company, 80c; Progress, publishing audit, \$5.65.

Applications for the position of principal were received from John E. Williams, Uniondale, Susquehanna county; A. W. Marlon, Hunlock's Creek, Luzerne county; P. C. Poyser, Hazleton; Joseph V. Gallagher, Drifton, and J. P. Lord.

The application of James S. Adams, presented at a former meeting, was withdrawn.

A motion to place the names of the applicants on the board and to proceed to ballot for principal aroused considerable discussion, and was amended to defer the election for one week.

Messrs. Slattery and McGeehan opposed any further delay in the matter, claiming that there was considerable work now ready for the principal.

The amendment to postpone the election was carried by the votes of Directors Bell, Brogan, Isaacs, Kelly, McGoale, Shelhamer and Timony. Directors Buckley, McGeehan, Purcell and Slattery voted no.

Wife Murder Suspected.

The finding of the dead body of Mrs. Davis on the hillside, near Pottsville, seems strong circumstantial evidence that her husband, who hanged himself last Saturday from a tree on the premises of his neighbor, Thomas Griffiths, at that place, murdered her and then committed suicide.

The couple were last seen together by their fourteen-year-old daughter, Mattie, last Friday, when they were headed for Pottsville. Only the man reached Pottsville and there were strong suspicions, from his excited and restless manner, that he had made away with his wife. On Wednesday Jacob Kull, a laborer, found the woman, dead, near the powder magazine, a couple of miles from Pottsville. By the body was found a heavy stick. The back of the woman's skull was crushed in.

Accident to Aged Woman.

Kate Boyle, an aged woman residing on Pine street, next door to her nephew, P. B. Carr, met with a serious accident yesterday afternoon. While cutting wood near her home she lost her balance and fell heavily to the ground, breaking her right leg below the thigh. She was removed to her home and medical assistance summoned. The physicians in charge recommended her removal to the Miners' hospital, and she was taken to that institution on the train leaving here at 7.29 o'clock last evening.

At the hospital the broken limb was set and the aged lady made as comfortable as possible.

Will Run Special Train.

Willy Dougherty, matchmaker for the Sterling Athletic Club, spent Wednesday at Allentown and found that the people of that city are taking great interest in the twenty-round contest to be decided here on the 17th inst. between "Kid" Ferry, of that city, and Charles Mulhall, of Summit Hill.

A special train will be run from Allentown on that date to accommodate the many people who desire to witness the bout. The train will leave at 3.30 p. m., and will stop at Slatington, Lehigh and Mauch Chunk.

O. O. Buck, Belton, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then I have been entirely cured of my old complaint. I recommend them. Grover's City drug store.

Low Fares to Pan-American Exposition. Via the Lehigh Valley Railroad. Five-day tickets will be sold on Tuesdays and Saturdays, from Freeland, at the rate of \$7.50 for the round trip. Tickets good only in day coaches.

Ten-day tickets will be sold from Freeland every day, May 1 to October 31, good on any train, except the Black Diamond express, at the rate of \$10 for the round trip.

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. Grover's City drug store.

Happenings of the Past Two Days in and Around Freeland Recorded Without Waste of Words.

The strike of Drifton shop employes is considered about over. Many of the former workmen have not yet applied for work under Cox Bros. & Co., and will seek employment elsewhere, but the majority have asked to be taken back and are awaiting the call of the company.

Make no engagements for August 24—the date of the annual excursion of the White Haven Relief Association to Mountain Park. Your presence is desired on that occasion and failure to attend means that you will miss the big day out.

BASE BALL.

The Tigers were defeated at Tamaqua yesterday afternoon by a score of 5 to 2. Costly errors in the first inning gave Tamaqua three runs. Outside of this inning good ball was played by both clubs. The local club was handicapped by the unavoidable absence of a few of the regular players.

The game between Drifton and McAdoo clubs, at the Tigers park on Sunday, is spurring the players of the former town on, and a hard-fought contest is predicted. McAdoo will bring a strong team over.

The work being done by Broderick for Atlantic City and by Boner for Chester is remarkable. The records of both young men are pleasing to their numerous local admirers.

A picked nine from town will play at White Haven tomorrow.
