ELECTED A PRINCIPAL

John E. Williams Chosen Last Evening.

Directors McCole, Timony and Brogan Vote With the Republicans and Make the Appointment.

John E. Williams, of South Gibson, Susquehanna county, was elected supervising principal of the borough schools last evening. On the fortieth ballot he received the votes of Directors Bell, Brogan, Isaacs, Kline, McCole, Shelhamer and Timony. On the same ballot E. F. Hanlon, of town, received the votes of Directors Buckley, Kelly, McGeehan, Purcell and Slattery.

The borough school board met on Wednesday evening for the purpose of electing a supervising principal. All members were present with the exception of Director Bell. Applications for the position were read from the following:

E. F. Hanlon, Freeland.
George McLaughlin, Freeland.
John E. Williams, South Gibson, Pa.
A. W. Marion, Uniontown, Pa.
Joseph V. Gallagher, Drifton.
J. P. Lord, Hunlock's Creek, Pa.
P. C. Poyser, Hazleton.

Thomas A. McCole, Washington, D. C. On the first ballot Hanlon received five votes from Buckley, Kelly, McGeehan, Purcell and Slattery; McCole received three from Brogan, McCole and Timony, and Williams received three from Isaacs, Kline and Shelhamer.

At the end of the fifth ballot, there being no change in the vote, balloting was suspended to dispose of other business which required attention.

The officers of the board reported that Gabriel Miller was willing to sell a plot of ground on South Washington street, 75x130 feet, as a site for a new school building, for \$2,000. President Slattery, Secretary Purcell and Mr. Kline were instructed to purchase the ground on behalf of the board—to pay \$50 down, \$450 on October 1 next and give a first mortgage for the balance.

The site is on the west side of Washington street, between South and Luzerne streets, and contains the building at one time used as a station for the first electric light company which operated in town.

The building committee was authorized to receive estimates on placing the building in condition to be used for school purposes.

It was agreed that \$4 per room be paid for cleaning Washington street building. Treasurer McCole reported having received from the state department a warrant for \$228.16, which represents one-fourth of the appropriation withheld last year by Governor Stone's veto. The amount will be paid in four annual installments of \$228.16 each.

A report on the quantity of school furniture required was made, and the secretary was instructed to place the order with the Hudson Company, of Athens, Ohio.

Balloting for supervising principal was then resumed and continued without any change in the result until the thirty-fifth vote had been taken, when the board adjourned until last evening.

All the members were present when the roll was called last night. Balloting was begun immediately after roll-call. There was no change in the vote, except that Mr. Bell added one to Williams' vote, until the thirty-ninth ballot, when McCole and Timony changed from McCole to Williams, making the vote stand:

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature renews supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. Grover's City drug store.

Williams, 6; Hanlon, 5; McCole, 1.

On the fortieth ballot Brogan changed from McCole to Williams, which, with McCole and Timony voting as on the previous ballot and the votes of the four Republican members, gave Mr. Williams seven votes to five for Mr. Hanlon.

A motion to elect Mr. Williams for three years at a salary of \$900 per year was made by Directors Kline and Isaacs. The question of the eligibility of Mr. Williams to be elected for more than one year was raised and brought about a lengthy discussion. It was contended that, inasmuch as the board had no official proof of the grade of certificate held by the successful applicant, the directors had no authority to proceed according to the motion made. His election for more than one year was also objected to on the ground that it is a question whether or not he can satisfactorily and acceptably meet the conditions that exist here.

A certificate of graduation from the Keystone academy was presented on behalf of Mr. Williams, but as this failed to meet the requirements and did not give the information which directors must officially possess, the opposition to the move to ride rough-shod over the law was continued.

An amendment to elect for one year, instead of three years, was made to the motion by Buckley and Kelly.

This amendment was amended by Shelhamer and Kline to elect for two years.

The latter amendment was lost, Bell, Isaacs, Kline, McCole, Shelhamer and Timony voting for it, and Brogan, Buckley, Kelly, McGeehan, Purcell and Slattery opposing it.

The one-year amendment and the original motion were also lost, the members dividing as before.

A motion to adjourn received the votes of all the members.

Yesterday's Weddings.

At St. John's church in Butler valley, at noon yesterday, Josiah Heller and Miss Cora E. Hoffman, both of Upper Lehigh, were united in marriage in the presence of a large number of friends. A wedding was held during the afternoon and evening at the home of the bride's mother in Upper Lehigh.

Con McCauley and Miss Minnie Gallagher, two well known young people of Eckley, were married last evening in the Catholic church at that place by Rev. Thos. Brehony.

George L. Shupp, of Hazle Brook, and Miss Margaret Wenner, of Wernersville, were married yesterday at the bride's home.

Democratic State Ticket.

The Democratic state convention yesterday nominated the following candidates:

For supreme court justice—Harman Yerkes, of Bucks county.

For state treasurer—Andrew J. Palm, of Crawford county.

The convention went squarely on record against the scheme for a withdrawal of the candidate for treasurer to permit of fusion by the nomination of an insurgent Republican, and decided that any vacancy that may occur must be filled by a Democrat.

Two Boxing Contests.

The long-looked for boxing contest between "Kid" Ferry, of Allentown, and Charles Mulhall, of Summit Hill, will take place at Freeland tomorrow evening. The men will box twenty rounds for a purse of \$325. Both are reported in fine condition, and the sporting fraternity of northeastern Pennsylvania is taking much interest in the contest.

A preliminary bout for a decision will be given by Hugh McDyer, of Freeland, and Dick Jacquot, of Jeddo.

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. Grover's City drug store.

NEW PROJECTS.

Two Prominent Railroads Seeking to Extend Their Lines in This State.

The following is from the Philadelphia Ledger:

"A new railway is now in process of construction between Hazleton and Wilkesbarre. The statement has been made, and the belief is generally held in those cities, that the Pennsylvania Railroad has an interest in this project. The reason for such an interest would be the fact that the new line would be more than one-half shorter than the route now traversed by Pennsylvania trains between the two points mentioned.

"The Pennsylvania is seeking business with more activity than heretofore in the coal fields. Recently it put on four fast express trains, two each way, between Philadelphia and Wilkesbarre. But the distance by its present route is considerably greater than that of the Reading and the Lehigh Valley. Its fast trains make Hazleton in less time than the fastest Lehigh Valley train; but, after leaving Hazleton, the Pennsylvania makes a wide detour over the Philadelphia and Erie tracks, by way of Rock Glen and Nescopeck Junction, in order to get to Wilkesbarre.

"The route surveyed for the new railway between Wilkesbarre and Hazleton is twenty-four miles long, twenty-eight miles shorter than the Pennsylvania round about way. The cutting off of twenty-eight miles in the distance between Hazleton and Wilkesbarre will enable the reduction of time between these points by nearly an hour, and the Pennsylvania's fast trains could, therefore, make the latter city in about the same time as the Lehigh Valley.

"There is another road building between Scranton and Wilkesbarre, which is supposed to be a continuation of the Pennsylvania route."

The Philadelphia Times has the following on the Gould project to enter Philadelphia:

"Railroad circles are agitated over a report that the Delaware, Lackawanna and Western Railroad is at last to have an entrance into Philadelphia. It was said that agents of the company have been working quietly for several months along the lines of a previous survey, and have succeeded in securing nearly all the necessary rights of way. In addition, it is reported a wharf on the Delaware river has been secured.

"The nearest point on the Lackawanna lines to Philadelphia at present is Phillipsburg, N. J., about seventy-five miles from this city. Several routes from that point to Philadelphia have been talked of and surveyed. One of them contemplates running down the Delaware river from Phillipsburg on the New Jersey side to Camden. Another route has been mapped out crossing the river at Phillipsburg to Easton, running through Bucks and Montgomery counties to Philadelphia and connecting with the Northeastern Pennsylvania Railroad."

Colored Mine Foreman.

The first colored man to hold the position of mine superintendent in the anthracite region was appointed to the position yesterday. Isaac Gould has worked at the mines of the Pennsylvania Coal Company for many years and some months ago was made assistant foreman. The foreman at No. 10 shaft, at Pittston, resigned and Gould was named to fill the position.

The announcement created considerable surprise among the miners. There is a question whether or not the men will take kindly to the innovation. Fully 400 are employed at that mine and all are white with the exception of the new foreman.

Base Ball Game.

Allentown's strong club and the Tigers will play at the ball park on Sunday afternoon. The visitors have been playing good ball all summer and they will make a strong fight to win from the Tigers. The latter team is getting a fine ready to give battle to the Lehigh county champions.

O. O. Buck, Boerne, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then I have been entirely cured of my old complaint. I recommend them. Grover's City drug store.
