UNFAVORABLE NEWS TODAY

President McKinley Suffers a Slight Relapse.

Solid Food Does Not Agree With the Patient and Physicians Are Alarmed at the Unexpected Change.

Buffalo, September 13, 1 p. m.—President McKinley is in a sound sleep. The physicians are anxiously awaiting his awakening. His condition is not favorable. The doctors have strong hopes that his sleep will produce a change for the better, but this is not certain.

A bulletin issued at 1.30 o'clock announces no change in his condition.

The change in the president's condition became manifest yesterday afternoon, but no public announcement of the fact was made until 8.30 o'clock last night, when a bulletin was issued in which the physicians gave out the condition of their patient.

The bulletin stated that his food has not agreed with him, and has accordingly been stopped. It is given out that the bowel action is not properly established and his pulse is not satisfactory. The president also complained of fatigue.

Unfavorable symptoms continued to develop during the night and at 1 a. m. this morning the doctors at his bedside were thoroughly alarmed.

No further decided change occurred until 7 o'clock, when a very slight improvement was noticeable.

Reports from Buffalo indicate that the president is far from having passed the danger point.

City Coal to Be Mined.

According to the Wilkesbarre Record the mining of the large tract of coal underlying the park along the Susquehanna river in that city will soon be mined. The city is now advertising for the lease and sale of the coal, and the Record says that it is estimated that there are thirty-five acres of coal under the river common. Bidders will require...

ed to file two separate bids, one for the purchase of the coal in bulk and another for the lease of the coal at a fixed price per ton. The lease must contain a minimum clause to be agreed upon by the councils and the successful bidder, in case the coal is not mined immediately.

The mining operations in removing and taking out the coal must be done at other places than the river common and by structures erected elsewhere than on the river common. The custom as to the protection of the surface of contiguous tracts will be observed in the mining operations.

The money that will be derived from the sale of the coal will be used in the improvement of the river common, and the law which gives the city the right to sell it will not allow it to be used for any other purpose. The intention of the council is to build a retaining wall and better police and light the park.

Freeland Gets Convention.

The select castle of the Knights of Mystic Chain of Pennsylvania, in session at Ambler, Montgomery county, decided yesterday to hold the next convention of the order at Freeland, in September, 1902. The Mystic Chain is one of the strongest fraternal societies in the state, and the convention will bring to town a large number of prominent men and hundreds of delegates.

Loyal Castle, No. 77, of town, is represented in the convention at Ambler by School Director Robert Bell, and it is largely due to his efforts that Freeland was chosen.

The annual election of officers resulted as follows: Select commander, W. W. Wetzel, Allentown; select vice commander, Thomas Potts, Johnstown; select scribe, J. J. Davis, Pittsburg; select treasurer, J. B. Loezer, McKeesport; select marshal, F. W. Hittner, Lebanon; select inside guard, William Thorpe, Philadelphia; trustee, W. D. Chandler, Strasburg; supreme representatives (four years), Robert McCaughey, Philadelphia; J. W. Hamer, M. D., Johnstown; Richard Muse, Pittsburg; Joseph Williamson, Scranton, and Dr. J. D. Erdman, Allentown.

Jewish New Year.

Commencing at 6 p. m. this evening and continuing until the same hour tomorrow evening, the Hebrew residents of town will celebrate the first day of the year 5662. The day is known as Rosh Hoshanna and all business is suspended and is a day of feasting and of rejoicing. On this festival the faithful attend lengthy services, and in the evening they sit down around well filled boards and pay visits to each other.

On the first day of the new year every good Jew is expected to rid his heart of any ill feelings toward another. It is on this day, also, that the "old things are put away," and worn out tools, clothing, etc., are discarded.

Republican Primaries.

The Republican primaries to select a candidate for orphans' court judge will be held at the several polling places in the county between 4 and 7 p. m. tomorrow. The registered candidates are Mayor Nichols and I. P. Hand, Esq., of Wilkesbarre, and George H. Troutman, the well-known attorney of Hazleton.

On the fourth page of today's Tribune is an article from the pen of Attorney C. W. Kline, of Hazleton, on the orphans' court judgeship question, and every lower end Republican should peruse it carefully before he goes to the poll.

Wright Chosen Chairman.

The Democratic county candidates met yesterday and named a chairman and a county campaign committee. Hon. Ridgway Wright was chosen chairman and Charles A. Shea secretary. The committeemen of the Fourth district are as follows: H. W. Jacobs, Hazleton; Patrick Smith, Hazle township; and John J. McGeehan, West Hazleton.

The candidates propose to make a thorough canvass of the county and are confident they will be successful at the polls.

Visited Local Lodge.

Major Webster Weiss, state organizer of the Royal Arcanum, visited the local branch of the order last evening and was given a royal welcome by the members at their hall in the P. O. S. of A. building. Hazleton and White Haven branches were well represented in the gathering. Mr. Weiss delivered an interesting address upon the state of the order throughout the country. A banquet followed the speech-making.

ROUND THE REGION.

Two runaway mules in the Stevens mine, West Pittston, were responsible for an accident in which two driver boys were so badly burned that they may die. When the mules ran away they plunged down the old gassy gangway. Without thinking of the danger, two boys, Roy Metcalf and Will Barth, gave chase. Their naked lamps ignited the gas, which exploded with terrific force, burning both boys severely.

President John Mitchell, of the United Mine Workers, was tendered an ovation at Mahanoy City yesterday. Collieries were suspended, stores were closed and a general holiday prevailed throughout the town. After a big parade of 5,000 men, Mr. Mitchell, in his speech, said he proposed securing the eight-hour day for the anthracite miner, peacefully if possible, but otherwise if necessary.

While working in his cellar yesterday George Blanche, a merchant of Mt. Carmel, discovered a cigar box on the wall near one of the windows. Three sticks of duall were inside of it. It had evidently been put in through the window. Whether it was placed there to blow the store up or merely for safekeeping is a mystery. Mr. Blanche knows of no one bearing him any ill will.

The strike of the machinists at the Sheldon Axle Works, Wilkesbarre, is broken. Most of the men have given in and have applied for their old positions and the others are expected to apply in a few days. The men had been working nine hours a day and the company ordered them to work ten for the same pay. They then went on strike.

After the parade in South Bethlehem on Saturday, the Grand Army Association of the Lehigh Valley decided to discontinue holding a parade each year, as the members are becoming too old to march over long routes. An annual basket picnic will be held hereafter. Glen Onoko was chosen as the gathering place in 1902.

William Glantz, 12 years old, died at his home in Pottsville from lockjaw under unusual circumstances. Several weeks ago the boy ran a large splinter into one of his toes. The splinter was extracted, but a small portion of it remained in the flesh, causing his death. He died in awful agony.

Ice cream soda at Keiper's.

Thomas Holten, a Wilkesbarre lawyer, was arrested and held on the charge of robbery. Walter Conahan informed the police that Holten and three others enticed him to a stable under the pretext of examining a horse they had to sell and there robbed him of \$10. The other men escaped him.

Joseph Hughie was convicted at Wilkesbarre yesterday of committing an assault upon Rosie Larocco, a Lattimer child, several months ago. The jury recommended the prisoner to the mercy of the court. He will be sentenced tomorrow.

Mrs. Catherine McDonald was instantly killed by being struck by a Delaware and Hudson train near Mayfield yesterday afternoon. She was crossing the tracks and, being deaf, did not hear the approaching train.

THEATRICAL.

Svingali, the famous hypnotist and telepathist, will be here next week to amuse and mystify Freeland people. He is one of the leaders of his class in America and is drawing large houses everywhere. Were it not that we are living in a civilized and scientific age, Svingali would not be allowed to practice his art, as many of the features of his performance border on the supernatural.

Robert B. Mantell is again under the management of M. W. Hanley & Son, also Willis Granger, the romantic leading actor. The latter will be seen at the Grand opera house on September 26 in the great play, "A Secret Warrant." The management have given Mr. Granger a most excellent company for his support, also an elaborate scenic display.

The Chinese-American play, "The King of the Opium Ring," which will be presented in Freeland soon, is said to be a sensational melodrama in the full sense of the phrase, in which nothing is wanting in the way of incident or situation to rouse the audience to the limits of nervous excitement.

Ninth Anniversary.

The ninth anniversary of the marriage of Mr. and Mrs. Willy Dougherty was observed yesterday at their home on North Centre street. A supper was tendered to a large number of their friends and an abundance of the finest that the market could supply was on the tables. Mr. and Mrs. Dougherty were wished many long years of happiness by their guests.
