The Professor.

In front of the house, a two-story brick, with stone trimmings, was this sign, painted in big red letters:

"How much will you give for this choice property?"

"That," said the professor, stopping a moment in his walk to look at the sign, "seems to be the only question before the house."—Chicago Tribune.

White Haven Sanitarium.

From the Wilkesbarre Record.

Plans have been completed for the cottages to be erected at White Haven for the Free Hospital for Consumptives. Bids are being asked for the construction of two of the proposed group of cottages, work on which will begin as soon as the weather permits. One of the first two cottages will afford accommodations for sixteen patients, and the other for twenty-four.

These may be used exclusively for women, the men continuing for the present to be housed in a large barn on the grounds, which has been fitted up as a temporary sanitarium. The men who are being cared for in this barn have made most gratifying improvement.

A stone quarry having been found on the grounds, it was at first intended to construct the cottages of that material; but, for economical reasons, it has been decided to build them of brick.

Miners Want Conference.

At yesterday session of the United Mine Workers, of District No. 1, resolutions were adopted and forwarded to the secretary of the national convention of miners, which will meet at Indianapolis next week, requesting that an invitation be sent to the anthracite coal operators to hold a joint conference with the miners; that the miners' representatives to such conference insist on an eight-hour day, coal to be mined by the ton, and the miners' union recognized.

A resolution was also adopted which provides that in the future any local union whose members go out on strike without first having obtained the sanction of the district executive board, will be suspended from membership for three months.

President Nichols declared in the favor of the amalgamation of all unions of mine employes with the United Mine Workers.

Wholesale Poisoning.

The death of several children of Olyphant from arsenic poisoning has startled the people of that borough. The cases are mystifying the authorities, inasmuch as there has been no theory established which would tend to show how the victims came into possession of the poison.

Another case of supposed arsenic poisoning developed last evening in the death of a child of Frank Marusha, of Olyphant, a neighbor of the afflicted Varago family, which last week lost three children from arsenic poisoning.

Coroner Saltry conducted an inquest in the death of the Varga children. The father and mother testified that they were unable to understand how their children obtained the poison.

John Bebeck, another neighbor of the Marusha family, has two children dangerously ill from what is supposed to be arsenic poisoning.

A Clergyman's Death.

Rev. William Swartz died quite suddenly at his home in Kingston Wednesday evening, after a long illness of general debility, at the advanced age of 89 years. Deceased had been a sufferer for upwards of a year. He was a clergyman of recognized ability in his younger days, but held no charge for a number of years past. He was a member of Kingston M. E. church, and was an Odd Fellow for half a century. The following family survives: Mrs. Harriet M. Stampton, W. Wesley Swartz, Maurice Swartz, of Kingston; Rev. E. T. Swartz, of Freeland, and Miss Cartes Swartz, a deaconess, of Newark, N. J. The funeral services were held at the home at 4 o'clock today. The remains will be taken to Lewistown for burial, leaving Wilkesbarre on Saturday morning.

Up Against Smallpox.

Vogel's Minstrels, who gave one of the best shows in that line the town has seen for some time past, are compelled to lay off today. They were booked to appear at Pittston this evening, but on account of the opera house in that city being closed by the Board of Health, to prevent the spread of smallpox, they could not go there.

Theatrical companies threaten to give the coal region towns a wide berth unless the disease is taken under better control in the localities where it exists. Several have already cancelled their engagements on this account, and the next attraction booked for town is Smith O'Brien in "The Game-Keeper," on January 28.

Mine Workers Discourage Bids.

From the Tamaqua Recorder.
At the district convention of the United Mine Workers held at Lansford last week the convention decided that there shall be no more bids invited for any printing that the district might have in the future. This is a commendable move, for there is nothing that so much tends to reduce printers to the point of poverty as the bidding system, which is foreign to the aims of the mine workers' organization, for while endeavoring to secure a fair day's wages for a fair day's work for its members it is the aim of the organization to assist employers in their efforts to maintain fair prices for their goods.

First National Bank.

The promoters of the First National bank, of Freeland, the title of the new financial institution which will be launched during March, announce that the entire capital stock has been subscribed, and that they are unable to accept further subscriptions.

All the shares of the new bank will be held by people of town and vicinity, with the exception of 150.

ROUND THE REGION.

Ensign George Lewis of the Salvation Army Corps, Kansas City, died Wednesday night at Scranton at the home of William Brace, where he was visiting, and Mrs. Brace died this morning. The attending physician said the deaths were due to German measles.

John McGuire and John Laransky entered an abandoned breast at the Maple Hill colliery, Shenandoah, by a mistake. The breast was filled with gas, which ignited from their lamps and exploded, instantly killing both men.

The Delaware, Lackawanna and Western Railroad has abandoned the McFarland shaft at Avondale, which has been used a pumping station for some years. The mine has been opened in 1859.

Wilkesbarre councils has decided to change the name of Canal street to Pennsylvania avenue but Mayor Nichols is expected to veto the resolution, as he favors preserving the historical names of the town.

Joseph Davey has taken out a marriage license to marry Miss Independence Smith. She was born on July 4, she says, and her parents named her Independence in honor of that day.

Ex-County Commissioner Frank Rantz was found dead in his bedroom at Ashland. Death resulted from hemorrhages.

Smallpox is gaining ground at Scranton, four new cases having appeared yesterday.

A House Moving Worm.

The bagworm is a little smarter than his cousin, the caterpillar. Both make very snug little silken houses for themselves, but the bagworm lives in his and moves it around from place to place. When he becomes tired of living in one neighborhood, he simply crawls half way out of his silken sack and, holding on to it with his back feet, walks away on his front ones, pulling his house along after him. Of course the house must be very strong to stand being dragged about like this, so he weaves in little twigs, which make it very firm.

After awhile the bagworm fastens its little house to the limb of a tree, crawls inside and changes itself into a pupa. Not satisfied with this, the male worm crawls out again and becomes a moth. The poor female meanwhile stays in her house, lays some eggs and then dies.

Some Editors Have No Mercy.

"Serves you right," snapped the father, without looking up from his book—Ohio State Journal.
