## From Infancy To Age

**Laxakola for Babies.** It is the best and most effective medicine for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it." BEST because its tonic properties are so good and so strengthening that it keeps the little ones in fine, hearty condition.

It is a dangerous thing to give little babies violent cathartics that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable.

**Laxakola for Young Girls** on the threshold of womanhood, has been found invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, and their systems generally run down, they need building up, and their blood needs cleansing. Give them Laxakola, its gentle bowel action to cleanse and its tonic properties to build up the system, will show immediate and most beneficial results.

**Laxakola for Mothers.** It is particularly valuable and useful to women, especially mothers, as it is a gentle and safe remedy to use during all conditions of health whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, while to nursing mothers, worn out with the care of infants and whose systems therefore are particularly susceptible to disease Laxakola particularly appeals.

It clears the complexion, brightens the eye, sharpens the appetite, removes mucus and blotted conditions of the skin and eases such headache to a certainty by removing the cause.

To women suffering from chronic constipation, headaches, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief.

**Laxakola for Old Women.** In the Autumn and Winter of Life, when the various organs through long years of action have become more or less sluggish, it becomes necessary to stimulate them by some remedy best adapted to that purpose. That Laxakola is such, has been proved beyond all question. Its gentle warming, soothing action on the bowels, liver and kidneys, stimulates them to increased activity, cleanses the blood, quickens the circulation, and puts the whole system in a condition of health and enables it to ward off disease, while its tonic properties tone up the system and keep it healthy.

## Laxakola Does It.

Laxakola is surely the most efficient of family remedies, but the most economical because it contains two medicines for one price, tonic and laxative. No other remedy gives so much for the money. All druggists, 25c. and 50c., or free sample of THE LAXAKOLA CO., 132 Nassau St., N.Y., or 356 Dearborn St., Chicago.

## ROUND THE REGION.

Morgan Evans, a prominent resident of Centralia, was removed to the Danville asylum yesterday, violently insane. Evans was a fire boss at Centralia colliery until a month ago, a difficulty with one of the company officials cost him his job, and being of a sensitive mind the misfortune prayed keenly upon him. From a happy, prosperous man Evans became sullen and morose, accusing his best friends of being in a conspiracy against him.

The Lehigh Valley Railroad may be able to resume traffic over its main line by the end of the week. Temporary bridges have been erected over the river at Penn Haven, Bridgeport, Tannery and Hayes creek, where the flood carried away the structures. They are rapidly being strengthened in order to bear the weight of trains, while work on permanent structures is being rushed day and night.

George P. Lindsay and Thomas Close, who received a tie vote for school director in the Tenth ward of Plymouth, on Saturday drew lots for the office. Two cards were put in a hat, one being blank. Close drew the blank and Lindsay was declared elected.

Word has been received at Summit Hill announcing the death of James Boyd, of that place, in the hospital at Manila. He served twelve years in the regular army and his last re-enlistment was in the trenches at San Juan, where his time had expired.

A systematic search for the body of Annie Urban, the Derringer girl who was drowned in the flood on March 1, is now being made. The creek will be searched from Derringer to the Susquehanna river. Mrs. Eckley B. Cox will bear the expense of the work.

## Dry Sunday Up Country.

Yesterday was a dry Sunday in the upper end of the county. All the saloons in Wilkes-Barre were closed and by order of the Retail Liquor Dealers' Association the blinds in the front of each saloon were up and the interior was visible.

At Pittston, where the Anti-Saloon League succeeded in having licenses refused to twenty-two of the principal places, all liquor shops were closed and even in the townships, where side-door trade, it is said, was a feature of the business heretofore, nothing was sold.

## Important to Mothers.

The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirate counterfeiting of the Castoria trade-mark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children.

Parents, and mothers in particular, ought to carefully examine the Castorial advertisements which have been appearing in this paper, and to remember that the wrappers of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it had been manufactured continuously for over thirty years—Philadelphia.

## PAIN IN THE BACK

A Sure Sign of Kidney Trouble—Dr. Kennedy's Favorite Remedy Will Cure You.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.
