Well Babies Are Good Babies
 MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.

Mothers who are seeking the ideal and proper medicine to give their little ones for constipation, diarrhoea, colic and severe fevers will find LAXAKOLA the best family remedy.
 It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never grips or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it."
 It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA.
 A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it, and it also will check simple fevers, break up colds and clear the coated tongue.
 Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, from the fact that LAXAKOLA digests, relieves maddly and blotched condition of the skin and cures sick headache to a certain extent. LAXAKOLA will invariably bring relief and a speedy cure.
LAXAKOLA is a gentle and safe remedy to use during all conditions of health of the tender sex whenever their peculiar and delicate constitutions require a solid and efficient laxative and tonic, and is invaluable in assisting to relieve obstructions which otherwise would lead to more or less severe pain or illness. It improves the complexion, brightens the eyes, sharpens the appetite, salubrifies the skin and dyspepsia. LAXAKOLA will invariably bring relief and a speedy cure.
 At druggists, 5c. and 10c., or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 355 Dearborn Street, Chicago.
