Order for Engineers, Firemen and Pumpmen to Strike Has Been Generally Obeyed Here.

The fourth week of the anthracite strike began this morning. This is also the day when the order for engineers, firemen and pumpmen to suspend work, unless they were granted eight hours a day at the present pay, went into effect. From reports at hand none of the operators in the Lehigh region has ac-ceded to the eight-hour day for the class of employes named.

Reception to Rev. Hoboday.

Rt. Rev. Andro Hoboday, of Austria, who has been delegated to visit the Greek Catholic churches of the United States, arrived here on his tour of in-spection on Saturday evening and was given an imposing reception by the congregation of St. Mary's church. The distinguished visitor reached town on the 9.15 trolley car and was met by the members of the Greek Catholic societies connected with St. Mary's church

Headed by St. Ann's band the proces sion, led by the burgess and police force on horses, marched from the trolley terminal to the church. Over 1,200 men and girls were in line, and with beautiful banners and handsome flags of the societies they presented an inspiring sight to the thousands who lined the sidewalks.

The carriage in which Rev. Hodobay rode was drawn by four white horses. The Greek church was prettily decorat-ed inside and outside, and the services yesterday were largely attended.
