SCORED BY THE LABOR COUNCIL

Rear Admiral Melville's Assertions Condemned.

His Recent Interview in a Philadelphia Paper is Held to Be Misleading and Unwarranted by the Facts.

At a meeting of the Central Labor Council of Freeland and Vicinity, at the Municipal hall this afternoon, the following resolutions were adopted:

Whereas, Rear Admiral Geo. W. Melville, of Washington, D. C., in an alleged interview published in the Philadelphia Record on June 8, 1902, grossly misrepresents the existing facts and conditions in the anthracite coal field of Pennsylvania, by stating that 90 per cent of the miners have struck without cause and against their will and were induced to do so by idle agitators, and

Whereas, Rear Admiral Melville, during his visit to Freeland and vicinity, found that miners and mine laborers live in houses that are habitable, and that many of these houses have lace curtains at the windows, and was surprised that miners should strike for the means to obtain and enjoy any further luxuries of life, therefore be it

Resolved, That since Rear Admiral Melville has failed and refused to deny the authenticity of the interview accredited to him by a responsible newspaper, but evades the issue by a claim for friendship for both operators and miners, therefore we, the representatives of the eleven local unions comprising the Central Labor Council of Freeland and Vicinity, on behalf of the miners and mine laborers of the territory toured by Mr. Melville, hereby condemn his published statements and sentiments as false, misleading and unwarranted and brand the uncalculated traducing of the leaders of the mine workers' union as a base fabrication which cannot be supported or proven by its sponsor or any other person.

Resolved, That we request the press of the country to give publicity to this official refutation of the allegations and allusions contained in Admiral Melville's interview, for the purpose of correcting any false impressions which his assertions might convey to people not thoroughly informed upon the justice of the miners' strike and our right to endeavor to improve our conditions so that lace curtains and habitable houses will no longer occasion surprise to those in high stations of life who may honor our region with their presence.

Resolved, That the above preamble and resolutions be and are hereby unanimously adopted by the Central Labor

ROUND THE REGION.

In the supreme court's decision in the case of Michael Mooney against the Pennsylvania Railroad, wherein Mooney sued the company for injuries sustained on the bridge at Nanticoke, owing to what he said was defective construction, the supreme court said: "Unless we hold that the defendant is responsible for the effect on the plaintiff of the York state cinder and Nanticoke gin consumed by him on that day of the accident, we must sustain this non-suit. They, and not the negligence of the defendant, were the cause of his injuries."

Young Charles McCann, the boy shot in the Stanton mine trouble of recent date, has proved a plucky patient at Mercy hospital. At first his life was "despaired of," but his healthy condition aided in his improvement. Although not yet out of danger, the physicians announce that he will recover unless complications set in. The bullet has not yet been removed, the physician awaiting a stronger condition of the lad. His room contains many floral tokens from friends and locals of the mine workers.

Thomas Colterwood, an eleven-year-old boy, was smothered in a sandbank at Avoca. He was playing with three boys when a slide occurred. Colterwood and Luke Nolan were buried to the neck. Thomas McDowell and Harry Beckendorff escaped and gave the alarm. While rescuers were working a second fall occurred and the two boys were again covered. They were half extricated when a third fall covered them. Nolan was gotten out alive, but Colterwood was dead.

Last Saturday afternoon W. A. Feist, of White Haven, tendered about seventy-five of his former and present employees a reception, it being the twenty-fifth anniversary of his printing establishment. All his former employees and several hundred friends were there during the afternoon and evening to congratulate Mr. Feist upon the remarkable growth of his printing business.

Hughetown, which was damaged to a considerable extent on Monday by a cave-in, suffered further loss yesterday when a couple of acres of ground sank and carried with it three houses, which are badly damaged. The ground is still disturbed. Heavy rain yesterday increased the danger and the residents of the town are greatly worried.

Ice cream at Merkt's.
Francis W. Halsey, a brother of Judge Halsey, of Wilkesbarre, has just retired from the editorial staff of the New York Times, with which paper he has been connected for twenty-two years. Mr. Halsey enters the service of D. Appleton & Co. as chief of their literary department.

Michael Davis, on trial since Monday for the killing of Peter King in Minooka last February, was found guilty of second degree murder yesterday. Davis was a constable, who quarreled with King in a saloon over some previous trouble, and, while they were scuffling, Davis shot King.

The Yorktown station of the Lehigh Valley Railroad Company was robbed Wednesday night, and goods to the amount of about \$500 were carried off.

Wilkesbarre city councils have decided that in future no man over fifty years of age shall be appointed on the police force.

If You Have Pain In Your Back

Do Not Be Deceived--You Have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Let us give you a piece of advice: Pain in the back is an almost infallible sign of kidney disease; a surer sign is the condition of your urine. If you have a pain in the back then look to the condition of your urine. It is easily done. Take a glass tumbler and fill it with urine, after it has stood 24 hours; if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power. G. F. Sammer of No. 409 Toga street, Syracuse, N. Y., in a recent letter says:

"I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief; for over two years I scarcely had a good night's rest on account of backache in a most distressing form. I bought a bottle of Dr. David Kennedy's Favorite Remedy and commenced to use it, and I must say I never imagined I should find such a wonderful cure. Why I feel like a young man again in spite of my 59 years."

All druggists sell Dr. David Kennedy's Favorite Remedy in the **New 50 Cent Size** and the regular \$1.00 size bottle. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.
