## WOMEN BEATEN AT DRIFTON

Unmercifully Clubbed by Officers This Morning.

Two More Strikers Arrested and Shamefully Abused. Yesterday's Prisoners Out on Bail--Officers Arrested.

One of the most disgraceful scenes ever enacted in Drifton took place at 10 o'clock this morning, when a force of deputies clubbed half a dozen Slavonian women unmercifully and arrested two men, Joseph Kovitch and George Markos.

The men, while on their way from Freeland to their home in Drifton, met a Slavonian non-union fireman near the D. S. & S. tracks, south of No. 2 breaker. They spoke to him a few minutes, when Charles Rohlands came along and ordered them to be off.

Markos was slow in complying with Rohlands' command and when the latter approached him in a threatening manner he reached out and knocked off the special officer's hat. Both strikers then proceeded leisurely to the alley in the rear of their homes and sat down along the fence.

Ten minutes later a force of six uniformed officers came rushing up the alley and arrested Kovitch and his companion. Kovitch's sister, Mrs. Petchel, ran out to learn what was the trouble.

She tried to get close enough to her brother to speak to him, but was felled to the ground with a blow from the butt end of an officer's revolver.

In the meantime other women had gathered and when the assault was made on Mrs. Petchel some of them picked up stones. The officers made a rush at the women, whom they surrounded, and in the most shameful manner clubbed the defenseless females until the latter fell on their knees pleading for mercy.

The prisoners were hustled to the special D. S. & S. train, which immediately steamed out in the direction of Hazleton. The Drifton officials refused to tell where the men were taken, but it has since been learned that the train met the Pennsy "flyer" at Gum Run. The prisoners were there placed on the Wilkesbarre train and taken to that city for a hearing.

Markos was bleeding profusely when placed on the train and begged for a

Sketch of Prof. E. L. Kemp.

From Stroudsburg Times, June 7.  
Prof. Ellwood L. Kemp, the newly elected principal of East Stroudsburg normal school, was born in Hamburg, Berks county, in 1857. He attended the public schools of his native town until nearly seventeen years of age. Then he followed a varied program for about five years, part of that time being a silk hatter's apprentice and the balance of the time he worked in a steel rolling mill and on a truck farm.

Prof. Kemp's first school teaching was in 1878, when he secured a position as teacher in the schools at Orwigsburg, Schuylkill county. He taught there for two years and privately prepared for college in that time, entered the junior class of Franklin and Marshall college and graduated at the head of his class in 1881.

He was elected professor of Latin and Greek in the normal school at Kutztown, the year of his graduation from college. After holding that position two years he was elected to teach psychology, pedagogy and literature. After serving five years in that professorship he left the school to take charge of Wichita university, at Wichita, Kansas.

He was at the head of that university for three years. Then he was elected principal of the Palatinate college, at Meyerstown, and after remaining there two years he was elected vice principal of the normal school at East Stroudsburg when it was opened and has occupied that chair ever since.

Professor Kemp has done much good work in lecturing and instructing at institutes in Pennsylvania, New Jersey and Kansas. In 1886 he was ordained a minister in the Reformed church and served two mission churches in connection with his duties at Wichita.

Professor Kemp is the author of a volume of poems and of a history of education. The history was published by J. B. Lippincott & Co. The company is now preparing to publish a second edition of the work. The book has been adopted by a number of large normal schools, on the Pacific coast as well as in the East, and for the training schools of a number of large cities.

The trustees made no mistake in electing Professor Kemp to succeed Prof. Bible as the head of the normal school of East Stroudsburg. He is a man of board and liberal view and there is not the least doubt that the school will prosper under his administration as it never has before.

drink of water. Superintendent John Rohlands gave orders to the guards that the man should not be permitted to quench his thirst.

Three of the women who were clubbed are said to be in a serious condition.

**STRIKERS OUT ON BAIL.**

The four men arrested here yesterday and sent to prison in default of bail were released from the county jail at 11 o'clock last night. Bail was furnished by Daniel Shovlin, father of one of the prisoners, and John Rujan, of South Centre street.

The bondsmen and two of the strikers, John H. Shovlin and William Gilgot, Jr., arrived here from Wilkesbarre at 9.58 o'clock this morning.

John Schrader and John Waskewicz, the other two strikers who were arrested with them, are expected home on the Lehigh Valley train at 4.45 o'clock this afternoon.

It is reported that warrants have been issued by Cox Bros. & Co.'s officials for other strikers who were at Drifton yesterday, but none of these had been served today, so far as could be learned.

**OUT AGAIN THIS MORNING.**

The rain this morning had but little effect upon the men engaged in picket work. The force was almost as large as on other days this week. Very little work was required from them this morning, as only a few men attempted to cross the lines.

The coal and iron police at Drifton did not make their appearance here today. They have been warned by Sheriff Jacobs to remain on Cox Bros. & Co.'s property, and this probably accounts for their absence near town today.

The Drifton strikers met at 4.30 o'clock this morning and came to Freeland in groups of twos and threes. While passing Drifton office each group was saluted by the guard with a sneering "good morning." Of all the strikers who passed him only one deigned to reply, and he told the guard to "mind your own business."

The coal and iron force at Drifton was slightly increased last night.

**NINE DEPUTIES LOCKED UP.**

District Attorney Lewis, of Lackawanna county, began an investigation yesterday of the shooting of the Italian at Duryea. As a consequence nine deputies on duty at the William A. Colliery were locked up in Scranton jail. They gave their names as William R. Kline, Howard C. Bird, Harry E. Smith, Richard H. Trueman, D. J. Davis, J. C. Hart and William Hancock. All but Kline, who was a former chief of police at Wilkesbarre, claim residence in Philadelphia. It is understood that an effort will be made to get them out on a writ of habeas corpus.

Some trouble was encountered in arresting the men, as the company officials at first positively refused to divulge the name of either the man suspected of the shooting or of any of the deputies in the inclosure. Finally it was decided to swear out warrants for the arrest of a number of guards, whose description he had secured, and this was done.

Frank Doyle, of Pottsville, employed at St. Clair colliery, was run over by a trip of cars and cut in two. His companion, Louis Dogalio's, leg was crushed and he is in Pottsville hospital, with little hopes of his recovery.

Charles Brown, a coal and iron officer at Duryea, was placed in prison yesterday, failing to secure \$5,000 bail for reckless shooting in that borough.

Patrick Hennessey, a Wilkesbarre guard, who flourished his revolver about the streets and threatened citizens, was sent to jail yesterday in default of bail.

**CITIZENS' ALLIANCE AT WORK.**

Wilkesbarre Citizens' Alliance has printed a proclamation saying what it intends to do and offering rewards. The rewards offered are:

\$1,000 for proving conspiracy to boycott any individual, firm or corporation.

\$500 for proving acts of violence against any laboring man, their employers, or property of either, in revenge for taking or giving employment.

\$500 for hanging in effigy with a similar purpose.

\$500 for proving disregard of duty by public officers in respect to foregoing offenses.

\$1,000 for conviction of persons who destroyed by fire house and goods of Mrs. John Snyder.

\$1,000 for conviction of persons who sent letters to people of Plymouth saying: "You are hereby notified to move from the house you now occupy, as your lives and furniture are in danger by living by the sea."

An unknown Italian fell from a gravel train Tuesday night at White Haven and died last night at the Miners hospital. Undertaker Koehler took the remains to White Haven at noon today, and the interment took place this afternoon at St. Patrick's cemetery.

## ROUND THE REGION.

Ralph Tibberio, aged 35 years, was shot last night at Hazleton by Mrs. John Fortnato, aged 30 years. The woman surrendered to the police and the man was taken to the Miners' hospital in a dying condition. Mrs. Fortnato claims she shot Tibberio in defense of her honor. The man was infatuated with her and had proposed elopement several times.

The First National bank, of Scranton, is one of the most successful banks in the United States. At present it stands third in the United States. Its capital is \$200,000, while surplus and profits amount to \$1,418,224. The stock is quoted at \$1,500. The bank pays 50 per cent annual dividends, and its deposits are in excess of \$5,000,000.

An application was filed yesterday by Margaret Rutherford, of Pittston, for a divorce from her husband, Samuel Rutherford. She states that she was married to the respondent in 1896, but that she was forced to leave him shortly after marriage on account of ill treatment.

The report that the North Wilkesbarre lace mill strike has been settled is premature. Superintendent Doran still refuses to discharge the girls whose fathers are working at the mines and the strike is still on.

Lorentz Peho, an Italian boy, 3 years old, was burned to death yesterday at Hollywood. The child was playing with matches and set his clothes on fire and burned almost to a crisp before any person could reach him.

A. S. Beisel, ex-county superintendent of Carbon county public schools, has been elected principal of the Lansford schools.

Denis Moore, of old Buck Mountain, was bitten on the hand yesterday by a rattlesnake while picking huckleberries.

## Positions for Graduates.

Of the sixteen graduates of St. Ann's Commercial school the following have secured positions and will leave to accept them during the next few weeks: John Boyle, of Drifton, at Bayonne, N. J.; Alphonus Gallagher, at Pittsburg; Charles Kelly, at Wilkesbarre, and Misses Mary Green and Bid Herron and James Thompson at Philadelphia.

Cornelius Breslin and Aubrey Powell have for some time past been engaged as newspaper reporters and will continue in their present positions.

**A MILK TEST.**

Blue litmus paper will turn red in the presence of an acid, so that by testing a drop of milk that is under suspicion the matter can be settled at once without tasting. More than this, it will report the presence of the acid when it cannot be discovered by taste and will prevent the spoiling of many a pudding and custard. When sour milk and soda are used, the paper will show just when the soda neutralizes the acid. In this case the red litmus paper is of use, since if too much soda has been added the red paper will turn blue. This will bring to an end the biscuits dotted with brown soda spots.
