MITCHELL IS IN NEW YORK

Conflicting Rumors as to
Object of His Visit.

National President of the
Union Gives Out an Encouraging Statement Before Leaving Wilkesbarre.

President John Mitchell, of the United Mine Workers, left Wilkesbarre yesterday at noon and at 6 o'clock last evening registered at the Asbland House, New York city. His departure was hurriedly made after the receipt of telegrams from New York. Before leaving, Mitchell was in conference with District Presidents Nichols, Duffy and Fahey.

There are conflicting rumors as to the object of Mr. Mitchell's visits, and from what can be learned very few people, outside of the district presidents and those who sent the telegrams, know positively his purpose in going to the metropolis.

It is announced by those who should know that the mine workers' leader will have a conference today if not directly with the presidents of the coal carrying roads then with the representatives who are at least qualified to speak with authority.

On the other hand, the Associated Press claims to have information that he went to New York for the purpose of meeting leaders of other labor organizations. The purpose of the meeting is not definitely known, but it is understood to have a direct bearing on the question of labor organizations affiliated with the American Federation of Labor assisting the miners' union financially. While in New York, this report says, he will also meet the officials of railroad unions and other organizations that can assist the strikers by other than financial means.

Mr. Mitchell, it is expected, will return to Wilkesbarre late tonight or early tomorrow. He has an engagement for Tuesday to address the delegates of District No. 1, which opened its annual convention at Nanticoke this morning.

DAY OF SETTLEMENT IS NEAR.
President Mitchell issued the following statement to the anthracite miners

FOR SALE.—Fine plot of ground, 50x150 feet, with two single residences, stable, outbuildings, etc.; will sell all or part. Apply to William Higgins, Freeland.

on Saturday evening:
"I am well pleased with the showing made by the steam men in obeying the strike order, and the firmness displayed by them ever since. This is the battle of our lives, as it means the success or downfall of our union in the anthracite region. Of all the strikes of my recollection, or of any that I ever participated in, there never was one that I was so confident of winning as this one. And let me tell you that the day is not far away when my words will come true."

"Those fellow-workers among your craft who refused to obey the strike order, and those few who deserted you since, will have reasons to regret their action, as they will suffer greatly when this strike is won or lost, as I have yet to meet the man who prefers a traitor to a good, upright, honest man. Those men who are now getting patted on the back by the officials of the coal companies will, at the close of our strike, be treated with scorn by their employers."

"One thing that I wish to impress upon you, and that is this great strike will never be settled with my consent, only on condition that each and every man that left his place with us in our battle shall be returned to his former position; otherwise there shall be no settlement that will permit discrimination for taking an active part in our battle."

GUARDS PLACED UNDER BAIL.

Charles Rohland, W. F. Smith, Victor Kline and Charles Roberts, four of the coal and iron police who figured prominently in the assault upon two men and several women at Drifton Thursday morning, have furnished bail of \$1,000 each to appear in court and answer the charge of assault preferred by the men they arrested, on warrants issued by Squire Shoylin. When the constables reached Drifton on Friday the guards were said to be at Cranberry, but bail for their appearance when needed was furnished by H. E. Sweeney, W. B. Fry and James Reagan.

The men whom the guards arrested on Thursday and hustled to Wilkesbarre were placed under \$1,000 bail by Alderman Pollack. Bail was furnished by John Shigo, and upon the return of the prisoners to Freeland they immediately instituted suits against the guards named.

Warrants for the arrests of ten guards have been issued at Hazleton by Squire McKelvey for interfering with his constable, who attempted to arrest a guard named Selwell at Harwood, charged with pointing a revolver at a man in that town. The constable was refused admittance to the stockade by the ten guards, and the man he was after was spirited away to Squire Fagan, who is "scabbing," before whom bail for Selwell was furnished.

William Daly, of Philadelphia, a guard who was discharged at Duryea and later secured a similar position at Beaver Brook, is serving five days in Hazleton lockup for drunkenness and disorderly conduct.

TWO KINDS OF SUPERINTENDENTS.

On Thursday evening Charles Rohland and a detail of coal and iron police from Drifton stopped a number of boys from firing off a cannon on Coxie Bros. & Co.'s land, west of the borough line. They came with orders from Superintendent L. C. Smith to "get off our land or stand arrested." The boys obeyed.

At the same time in Upper Lehigh Superintendent A. C. Leisenring, missing the usual Fourth of July salutes, sent a message to the men and boys of the town asking why the customary honors were not being given to the nation's holiday. He was informed that they lacked powder. Mr. Leisenring immediately sent George Wilmot, Jr., to the coal company's magazine and rolled out a keg of ammunition and followed this with a cash donation for other fireworks.

MISCELLANEOUS NOTES.

In Luzerne, Lackawanna, Schuylkill and Carbon counties there are eighty-two of the imported coal and iron police either under bail or in jail, charged with offenses ranging from murder to drunkenness. In the same counties thirty-two strikers and strike sympathizers, including eight women and five men arrested at Miners Mills on Saturday for hosting a "scab," are under bail on charges of riot or disturbing the peace. As the guards number less than 2,000 and the strikers and strike sympathizers aggregate nearly half a million, the proportion of lawlessness is by far in favor of the guards.

The enormous losses of the Reading Coal Company, Reading Railroad Company, Lehigh Valley Coal Company and Lehigh Valley Railroad Company, as shown by the May reports of these corporations, have created consternation among the large stockholders. The losses show nearly \$3,000,000 for the

SCHOOL AFFAIRS.

Regular Meetings Held by the Boards of Foster and Freeland.

Directors Johnson, McHugh, O'Neil and Dudley were the members present at the regular meeting of Foster township school board Saturday evening. In the absence of President Weber and Secretary Ziestloft, Messrs. Johnson and McHugh were elected president and secretary pro tem respectively. No minutes being at hand, in the absence of the secretary their reading was postponed.

Books were adopted as follows: Fourth and fifth books of the Progressive Course of Studies, instead of Hazen's; Morten's elementary and complete geographies, instead of Butler's. All other books, the terms of which expired, were readopted for a term of three years.

The books displaced and the new books adopted are published by Butler, Sheldon & Co. The contracts were duly signed by the officers of the board.

The supply committee reported having awarded the contract for supplies to M. J. Geary, of Wilkesbarre.

It was decided that the chair appoint directors to look after the buildings of the township. The assignment follows: Weber—Hazle Brook, Foundryville; McHugh—Eckley; Johnson—Sandy Run, Highland; O'Neil—Upper Lehigh, Tannery; Ziestloft—Drifton, Woodside; Dudley—Pond Creek, Ripples, Sandy Valley, Scale Siding.

Residents of Scale Siding were permitted the use of the school building on Sundays for church purposes.

The question of what repairs are needed at the different buildings was discussed, and no definite information being obtained, it was decided to appoint Tuesday, and all members are to be requested to be on hand, to drive around the township on a visit of inspection.

Director Dudley called the attention of the board to a mistake in the salary of Thomas Sarricks, which was placed at \$90 per month while other grammar school teachers are to receive \$65. The matter was allowed to go over until the minutes are read, when it will likely be adjusted.

FREELAND BOARD MEETS.

The July meeting of Freeland school board was held Thursday evening with Directors Brogan, Buckley, Fetterman, Isaac, Shohamer, Timony and Slattery present.

The order for school supplies for the term was awarded to M. J. Geary, Wilkesbarre, at \$94, this figure being the lowest presented by eight dealers.

The building committee was instructed to have broken panes replaced in the Daniel Coxie building. The directors propose to take action against persons who trespass upon the school grounds or property, as considerable damage to the buildings is reported having been done by ball-players and loiterers.

The practice of storing vehicles on the South Washington street lot was called to the directors' attention, and the president was notified to order the owners to remove the same without delay.

The text-books and supplies committee were authorized to consult with the supervising principal on the advisability of revising the course of study and rules and regulations, and to make recommendations to the board on the subject.

The Fourth in Freeland.

The Fourth in Freeland was observed in a far more patriotic manner than our townspeople had anticipated, and the public in general apparently forgot the strike and its effects in the good cheer and feeling which abounded.

The parade was larger than those who had arranged it had hoped for, and the marchers made a good appearance. A lack of music was the only feature which marred the demonstration.

The picnic held by the Citizens' Hose Company at the Public park was a grand success, both socially and financially, and during the afternoon and evening many hundred people enjoyed the music and other pleasures.

The absence of rain caused general comment, as this holiday is generally subject to one or more heavy showers.

The usual amount of shooting was indulged in, but no serious accidents occurred hereabouts.

PAIN IN THE BACK

A Sure Sign of Kidney Trouble—Dr David Kennedy's Favorite Remedy Will Cure You.

Pain in the back is a never failing sign of kidney disease, another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidney and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain Ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation and corrects the bad effects of whiskey and beer on the system. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and in a remarkably short time makes you well and strong.

All druggists sell Dr. David Kennedy's Favorite Remedy in the New 50 Cent Size and the regular \$1.00 size bottles. Sample bottle—enough for trial, free by mail. Dr. D. Kennedy Corporation, Houdout, N. Y.
