## TROOPS ARE NOT NEEDED

Substance of Governor's Answer to Sheriff.

Chief Officer of Carbon County Makes Application for the Militia and Is Refused by the State's Executive.

Sheriff J. H. Gombert, of Carbon county, yesterday applied to Governor Stone for troops to suppress disorders in the mining regions of that county. Governor Stone replied as follows:

"Your telegram of today stating that strikers are gathering in large mobs at Lansford and Summit Hill, in this county, and citizens are attacked and beaten and in danger of their lives and that you find that you are unable to preserve order and protect the citizens and therefore must call on me for troops received. The law under which the National Guard is called out does not justify action under the circumstances and conditions which you recite. The National Guard are not police officers. These conditions are entirely within your own province and with the aid at your hand you ought to overcome the difficulty without the use of state troops.

"If there is a condition of riot, mob or insurrection which the civil authorities are unable to suppress the governor will not hesitate to send troops, but under no circumstances will he do so unless the civil authority is exhausted after reasonable effort on the part of the sheriff and the protection of life and property demands it."

Representing a committee of Carbon county citizens, George M. Davis, T. M. Whildin and John E. Lauer, of Lansford, called upon the governor yesterday afternoon and explained the situation at Lansford and Summit Hill. The visitors said that the burgesses of these boroughs and the sheriff had exhausted their powers in trying to preserve order and that mob rule prevailed in both towns.

The visitors also stated that the trouble was daily becoming worse and that it was a question of only a short time when it would be necessary to send troops into the county to preserve order and protect property.

The governor promised to keep in touch with the situation and explained that if he realized that the presence of troops was necessary to maintain order he would not hesitate to order out the militia.

NO STRIKE OF SOFT COAL MINERS.

It has developed that the presidents of the coal-carrying companies are very much worried over the national convention of miners, which will be held in Indianapolis on July 17. The operators would order a strike of the 300,000 soft coal miners than do what it is said John Mitchell proposes to bring about when the convention is held.

According to the reports it is believed that Mitchell will do everything in his power to prevent the calling out of the soft coal men, but instead will endeavor to bring about the addition of a resolution taxing each of the 300,000 soft coal

miners \$2 each for the support of the idle men in the anthracite regions until the anthracite strike is settled. Sufficient money could be raised by the soft coal miners to pay each of the anthracite miners \$10 weekly.

President Mitchell received a telegram last night from Denis A. Hayes, president of the Glass Bottle Blowers' Association, announcing that his organization, now in session at Atlantic City, had donated \$5,000 to the striking miners.

MITCHELL GOING WESTWARD.

President Mitchell's plans are to leave Wilkesbarre on Saturday for the West and spend Sunday in Chicago. On Monday he will address a meeting of the longshoremen of Michigan, who handle much of the coal shipped by the lakes, and whose aid in the event of a national miners' strike would be of much benefit. On Tuesday he will go to Indianapolis to prepare for the convention.

The four coal guards, Thomas O'Brien, Edward H. Anes, William Thermon and John Narr, of Philadelphia, who have been in jail since June 5 on the charge of shooting Charles McCann at the Stanton colliery, were released from Wilkesbarre jail yesterday on \$2,500 bail each. The boy is out of danger and rapidly recovering.

NO MORE GUARDS NEEDED.

Today's Philadelphia Press says: "Firemen and engineers are in demand throughout the anthracite region, but no more men are needed there for police duty about the mines. Orders to this effect were received yesterday at several of the agencies in this city, which have been sending on amateur policemen. Only skilled firemen and engineers are wanted now."

"Twenty-five men returned yesterday from the vicinity of Hazleton, where they had been protecting the property of the operators. They reported that they had been discharged, as it was found that their services were no longer needed as policemen, and they refused to work as firemen."

### Socialists Hold Rally.

A mass meeting held yesterday afternoon at Kroll's hall, under the auspices of the Socialist party, was well attended by striking miners and people of town. The principal speaker was John Collins, of Chicago, who has been at work for a week past in this region organizing clubs of the party. Mr. Collins aroused considerable enthusiasm by his presentation of the wrongs endured by the working people and apparently made many converts to socialism.

An address in the Slavonian language was delivered by Andrew Matti, of Stockton, vice president of District 7, U. M. W., and one in Italian by Organizer DiSelmi.

Charles Jacquet, president of the Central Labor Council of Freeland and Vicinity, was chairman of the meeting.

### Held On to the Snake.

Miss Helen Lukens, a young resident of Mt. Carmel, went out with a party of six on the mountain yesterday afternoon to gather berries. While she was leaning over a bush, she unconsciously grabbed a large rattlesnake. She was paralyzed with fright, and could not loosen her hold on the reptile.

Her screams attracted the attention of John Southwood, a member of the party, who reached her side just as the rattler was about to strike its fangs into her flesh. Grabbing the snake by the back of the neck, and forcing it upon a stone, he crushed its head with his foot into a shapeless mass. The young woman fainted from fright. The snake had eight rattles.

### Over 300 Miners Perish.

About 300 miners are believed to have lost their lives yesterday by an explosion of fire damp in a mine of the Cambria Steel Company at Johnstown. Six hundred men were at work in the mine when the explosion occurred. Not more than 300 of those reached the surface in safety, and there is little hope that any of the others will survive. A party of men attempted to reach the tomb-entombed miners immediately after the disaster occurred, but they were overcome by gases and several of them perished. Thereafter systematic efforts were made to enter the mine, but it is believed the bodies cannot be reached until this evening.

### Carpenters' Officers.

Local Union No. 905, of the United Brotherhood of Carpenters and Joiners, has elected the following officers:

President—C. W. Koehler.  
Vice president—Alonzo Woodring.  
Recording secretary—H. G. Deppes.  
Financial secretary—Jacob Nagle.  
Treasurer—Peter Yoch.  
Conductor—James K. Boyle.  
Warden—William Gower.  
Trustee—James K. Boyle.

The members of the National Guard of Pennsylvania went into camp today on Gettysburg battlefield.

### ROUND THE REGION.

The Susquehanna river, swollen by recent rains into a powerful torrent, carried Samuel Freeman to death yesterday. He jumped into the flood from Market street bridge, Wilkesbarre, leaving his coat and some papers by which he was identified. His family know of no reason except that he has been despondent. He was 36 years old, and was employed as a watchmaker.

Attorney John T. Lenahan, of Wilkesbarre, representing Luther C. Smith, superintendent, and Edward Kudlich, mining engineer for Cox Bros. & Co., at Drifton, yesterday entered suit against the Trades-Unionist, of Hazleton, for \$10,000 damages. The basis for complaint, it is alleged, is found in an expression that the officers were leeches on the company.

Father R. Maciejowski is a victim of smallpox in Mt. Carmel Emergency hospital, having contracted the disease while administering the holy rites to a dying boy. The priest was called on his errand of mercy two weeks ago, Theodore Mitius being near death. The priest blessed the boy, who miraculously recovered after all had given up hope.

A branch of the Citizens' Alliance was organized at Hazleton Wednesday evening. The society's alleged purpose is to uphold the law and prosecute offenders, but the labor leaders claim it is nothing more than an adjunct of the Coal Trust and is working indirectly to defeat the striking miners. Branches have been organized at Scranton and Wilkesbarre.

A detail of officers surrounded the residence of August Reitz at Shamokin and arrested Reitz and George Ross, who were in bed. They were sent to jail on the charge of robbing local establishments and a clothing store in Montoursville. Much stolen booty was found in the house and in a mine drift near the Cameron colliery.

Because the Mauch Chunk, Lehigh and Slatton Electric Railway Company did not complete its road through Lehigh on Wednesday, as the franchise called for, borough council has instructed the railway committee and Solicitor Graul not to allow any further work to be done on construction in the borough.

By two explosions of bottles in a case containing bromine at the Jersey Central freight station at Easton, Frank P. McGinley, a freight clerk, and August Nitekey, foreman of the warehouse, were badly burned. McGinley may lose his sight.

A suit in trespass for damages for injuries has been entered by Roy L. Newton, of Hazleton, through his father, George E. Newton, against the Lehigh Valley Railroad. Young Newton had both legs broken while playing about a turntable several weeks ago.

### PAIN IN THE BACK

A Sure Sign of Kidney Trouble—Dr. David Kennedy's Favorite Remedy Will Cure You.

Pain in the back is a never failing sign of kidney disease, another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidney and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation and corrects the bad effects of whiskey and beer on the system. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and in a remarkably short time makes you well and strong.

All druggists sell Dr. David Kennedy's Favorite Remedy in the New 50 Cent Size and the regular \$1.00 bottle.

Sample bottle—enough for trial, free by mail.
