FEDERATION TO APPEAL AGAIN

National Peacemakers Will
Renew Their Efforts.

Now That the Miners Have
Defined Their Position It
Said Another Effort for
Arbitration Will Follow.

Now that the miners have defined their position, the Civic Federation, it is said, will make another appeal to the coal operators to arbitrate.
There is confidence among the strikers in the success of their movement, and while they expect the operators to hold out until fall they are certain that in the end the questions in dispute will either be referred to arbitration or the operators will make general concessions and agree to meet the union men and make contracts such as exist in the bituminous region.

The national convention adjourned Saturday afternoon after unanimously adopting the plan offered by President Mitchell for raising a fund to aid the striking miners.
A few changes were made in Mitchell's plan by the special committee, but they relate only to the method of assessment.
A double system of collection was decided upon. At the mines where the check system is used the men will pay 10 per cent of their earnings. At the other mines there will be a flat assessment of \$1 a man every week. All the money that is paid into the defense fund will be devoted to the anthracite strike.

The special committee also framed an address to the American people inviting help. It states that to continue the anthracite strike the miners will need \$1,000,000 a month besides what can be raised within the union.
The wisdom of dating the assessments from July 16 provides at once a fund for the mine workers, which it is expected will be paid to them within two weeks. Meanwhile the locals to which the money is to be distributed are arranging committees for the work of finding who are in need and planning the methods of relief.

The miners are also well pleased with the plan of getting work in parts of the soft coal region, where there is room for men, and expect within a month, if the strike lasts that long, to have one-third of the present number who are idle at work. The relief plan makes it possible for a man with a family to leave his wife and children to the care of the local to which he belongs while he goes away and gets work.

The district leaders arrived today and at once began the relief plans. President Mitchell is expected tomorrow.

Won't Let the Dead Rest.

On Friday night made an unsuccessful attempt to blow out with dynamite the body of Ralph White, a suicide, buried in Sweet Valley cemetery, near Shickshinny. The explosive tore away a part of the cement enclosure, but left the coffin and body intact. Fearing to make another attempt, the miscreants fled.

Since the county court decided that the body should remain in the cemetery, despite the protests of a number of people, who have friends and relatives interred, there have been several attempts to remove the body by night. On one occasion the body was dug up and cast into a nearby pond, only to be recovered the next day and reburied in the old grave by White's relatives.
For several weeks after this occur-

rence guards were stationed at the grave nightly to prevent a second removal. But some time ago the relatives, believing the feud had ended, withdrew the sentinels.
The ghouls, taking advantage of this lapse of watchfulness, again descended upon the cemetery to finish their plot. Arrests will likely be made.

Died From His Injuries.

Timothy Halpin, whose injuries were noted in Friday's issue, died that day in a Pittsburgh hospital, having lived only sixteen hours after the accident. His father, James Halpin, arrived at the hospital a few hours before his death. The remains were brought to his parents' home at Jeddo on Saturday morning and the funeral took place at 8.30 a. m. today. The cortege was one of the largest that has left Jeddo for some time.

The deceased was a member of Division 19, A. O. H., of town, and Jeddo Progressive Club, and the members of both organizations, also the members of Division 6, A. O. H., attended in a body. At St. Ann's church a requiem mass was read by Father Fleming, after which the interment was made at St. Ann's cemetery. The young man would have been 20 years of age had he lived until October next.

Mr. Halpin was employed as a blacksmith in a Pittsburgh shop and met with the accident which caused his death by the falling of a new crane, which was receiving its first trial. Those who rigged up the massive machine failed to place an end-block thereon and when the workmen went to use the crane part of it swung down, striking Halpin and throwing him against the handle of a sledge which stood upright on the floor. The sledge-handle entered his left side several inches and broke off, inflicting injuries which made it impossible for him to recover.

Arrested for Trespass.

John Karbonovich, of Adams street, was arrested this morning by the special policemen of Cox Bros. & Co. and taken to Hazleton, where a hearing was given him by Alderman Heidenrich. He was charged with trespass, in taking a wheelbarrow of coal from a cavein on the company's property.

The alderman fined him \$1.50 and \$3.50 costs. Bail was offered by Frank Corrazzo, who was at Hazleton, but as trespass is not a bailable offense the security was refused. The officers were about to take him to Wilkesbarre jail when James E. Griffith appeared and paid the bill. Karbonovich is a property owner and his friends are indignant at the attempt made to illegally send him to prison.

Death of Mrs. Johnson.

Mrs. Rose Johnson died yesterday morning at her home in Allegheny City from typhoid pneumonia. The remains will arrive here tomorrow morning and will be taken to the home of Mrs. Daniel Bonner, South Centre street, from which place the funeral will be held on Wednesday. Interment will be made at St. Ann's cemetery.

Mrs. Johnson was for many years a resident of Freeland, and was the widow of the late Charles A. Johnson. Her friends here were numerous and regret to learn of her death. Her daughter, Annie, died a year ago. The deceased is survived by four sons and two daughters, one of whom, William, is dangerously ill in a Pittsburgh hospital.

Believed to Be Insane.

From the Wilkesbarre Record.
A man believed to be insane, who gave the name of Edward Nutz, was arrested at the Lehigh Valley station on Saturday evening by Special Officer Sauerwine. The man said his home was in Freeland. He said he was on his way to Washington and was going to raise a flag there in memory of General Grant. The man's people were communicated with and it is expected that they will arrive here today.

Consternation was created in the congregation of St. Peter's Episcopal church, Hazleton, yesterday, when J. C. Haydon resigned from the vestry and as a member of the parish. Mr. Haydon has advanced as his reason for his resignation that the rector, Rev. W. W. Taylor, is not a good churchman because he abbreviated the services of the prayerbook.

The Philadelphia and Reading Company, which has a direct telegraph line between its thirty-seven collieries and its main offices in the Schuylkill region, is about to abandon the telegraph system and introduce the telephone.

Feliz Zuras, 12 years old, the Kingston boy who was caught stealing brass journals from D. L. & W. cars, was on Saturday sent by Judge Wheaton to the Huntingdon Reformatory. The boy will be taught a trade.

CITIZENS' ALLIANCE.

AIMS AND OBJECTS OF THE ORDER ANNOUNCED AND REWARDS OFFERED.

The Citizens' Alliance of Hazleton and Vicinity, the secret organization recently formed, has issued a proclamation announcing its aims and objects. The following are the principal paragraphs of the proclamation, which is signed by Edward Turnbach, of Hazleton, who is styled leader of the society:
"In order that the Citizens' Alliance of Hazleton and Vicinity might not be prejudged and that its objects might be understood by all, it is deemed advisable to present this statement to the public. Its membership is composed of citizens of Hazleton and vicinity, who believe in the maintenance of law and order and who have at hand the welfare of our whole community. It is not a partisan of any company, corporation, faction, creed, class, nationality or clan. It is simply an association of citizens against lawlessness, riots, conspiracy, denial of constitutional rights, against unnecessary and frequent strikes and strife and above all, unalterably and forever against those un-American weapons, intimidation, violent persuasion and the boycott.
"Any law-abiding citizen willing to uphold these principles, and to assist to promote the general welfare, and secure the blessings of liberty to ourselves and to our fellow citizens, is eligible to membership; and every man who has the manhood to stand up and fearlessly assert his rights is herewith invited to join this Alliance, which will be a permanent organization for all time to come.
"The Alliance declares its exalted respect for honest labor and is friendly to labor unions, because it believes when they are conducted in the spirit of American liberty and personal freedom, and wisely guided, they may be of great benefit to the wage earner and to capital. The Alliance recognizes that there are generally black sheep on both sides of labor controversies and it pledges its members to use every endeavor to keep such in the straight path of duty to American citizenship and laws.
"The Citizens' Alliance of Hazleton and Vicinity, representing the banded strength of thousands of our public spirited citizens, is determined, and hereby serves notice:
"That assaults on law and order must cease.
"That property rights in Hazleton and vicinity must be protected.
"That the individual liberty of our citizens to work for or hire whom they please, at wages mutually agreeable, must not be menaced by secret decree of any union nor suspended by any process of terrorism.
"That hanging in effigy, the digging of mock graves and every other form of violence, threat and libel must cease.
"That the free and unhampered use of highways, which are public property, must be accorded to everybody notwithstanding a strike is in progress.
"That the boycott is unlawful, because it is a conspiracy, and the means chosen are characterized by threats, intimidation, force, molestation, improper interference and compulsion. Therefore such conspiracy or boycotts must cease because they are un-American, and coerce the victims, through fear of resulting injuries or loss of business to submit to dictation in the management of their own affairs.
"Therefore, to bring about the conditions desired by all law abiding citizens and to accomplish the ends set forth in the foregoing address, the Citizens' Alliance of Hazleton and Vicinity offers the rewards hereto appended.

REWARDS OFFERED.

"For information that will lead to the arrest and conviction in the court of quarter sessions or the court of oyer and terminer of Luzerne, Carbon or Schuylkill county, of any person or persons guilty of the following offenses, to wit:
"1. For murder; dynamiting with the intention of injuring persons or destroying property; and arson, \$500.
"2. For conspiring to boycott any person, firm or corporation in Hazleton and vicinity, \$250.
"3. For obstructing the streets or highways, or criminally interfering in any way with any one going to or from work, \$25.
"4. For assaulting any law abiding citizen while at work, going to or returning from his work, or while he may be acting entirely within his rights at home or abroad, or for assaulting any sympathizer with such a working man or woman, \$25.
"5. For throwing stones or other missiles at any public conveyance, \$25."
