WARM SESSION OF COUNCIL

Members and Spectators In-
dulge in Loud Talk.

Interesting Debate Cut Off
by Extinguishing the Elec-
tric Lights--No Decided
Action on Light.

The regular session of the borough council was held Monday evening with all members present except Mr. Hincer. In the absence of Secretary Sweeney, Mr. McLaughlin was chosen pro tem.

The following bills were ordered paid: W. E. Martin, supplies, \$5.49; Halpin Mfg. Co., repairing tools, \$7.90; W. F. Boyle, supplies, \$1.73; M. M. O'Boyle, supplies, \$2.25; J. F. Sweeney, stationery, \$1.75. Bills of the Freeland Water Co., for \$31.50 and \$120, and James Kennedy, no amount, were laid over.

The resolutions adopted by the citizens at the recent mass meeting were presented and read. Geo. Brown, Esq., presented a supplemental petition signed by many citizens which was also read. Both documents were accepted and taken up after routine business was finished.

The July report of Burgess Boyle showed the total receipts to be \$20.10; \$6.60 due burgess and \$13.50 due borough.

Chief of Police O'Donnell's report was approved and police expenditure of \$144.60 was ordered paid.

Janitor Gallagher reported meals served to the amount of \$3.40 and salary \$30. It was ordered paid.

Street Commissioner Doggett reported work to the amount of \$153.57 done on streets, which was approved.

Treasurer Meehan reported a balance of \$2,175.06 in general fund and \$1,190.71 in sinking fund.

The special light committee, through Chairman McNelis, made a report of information secured from secretaries of different municipalities regarding prices paid for street lights. Figures from thirteen towns showed that they paid from \$50 to \$82.50 per light per year, with contracts varying in length from one to ten years.

Messrs. McLaughlin and P. G. Gallagher criticized the report, contending that the committee failed to make recommendations to council, as instructed.

J. J. McMenamin, on behalf of the citizens' meeting committee, explained fully the motives of the committee. His remarks were followed by the reading of the citizens' petition, which came to council in practically the same form as published in Friday's Tribune.

A motion by Mr. McNelis that the recommendations contained in the petition be enacted into ordinances received the votes of Wm. Gallagher and McNelis, the remaining eight voting no.

A motion by P. G. Gallagher to refer the recommendations to the ordinance committee was carried by a vote of 8 to 2. Messrs. McLaughlin and McNelis opposing it.

However, before this vote was taken the discussion on the motion was exceedingly bitter, and in addition to members of council several spectators, after receiving the privileges of the floor, spoke freely on the recommendations in general. Among those who took an active part in the debate were Councilmen McLaughlin, McNelis, Gallagher and Crawford and Tax Collector Malloy, ex-Burgess J. M. Gallagher and Attorney Brown.

Personalities were indulged in by Messrs. Crawford and McNelis, brought on by revelations of the methods alleged to be used by agents of the Electric Light Company in procuring votes for the propositions made to council. Sweeping charges of indirect bribery were made by Mr. McNelis in reply to insinuations of Mr. Crawford that the opposition to the light contract was not sincere.

Just as the debate had reached a point where the hundreds of spectators looked for a confirmation or denial of the rumors of wholesale bribery of councilmen by agents of the Electric Light Company, the electric lights in the build-

ing, as well as all others in the town, were suddenly extinguished.

Lanterns were procured, and by the time light and order sufficient to resume business were restored the councilmen had recovered themselves and the vote to refer the recommendations to the ordinance committee was taken.

Councilmen Doggett, McNelis and McLaughlin were named to serve on the ordinance committee.

The vacancy existing in the Second ward was then taken up for consideration. The name of Thomas Conahan was presented by Mr. McNelis. Several of the members thought a Republican should be chosen to succeed Mr. Reifsnnyder, and after the withdrawal of Mr. Conahan's name Mr. Crawford was instructed to present a name at the next meeting.

Councilman Ward moved that the borough sell the rails of the Lehigh Traction Company to offset the taxes due the borough by the company, but no action was taken.

Curbing Smallpox Epidemic.

The health authorities are using every precaution to prevent the spread of smallpox at Parryville, Carbon county, and into the surrounding township. No person is allowed to leave the town. The roads leading to Bowmanstown and the Fireline have been closed and watchmen stationed to keep all people from entering the afflicted borough. The men of Parryville employed outside the town are not allowed to go to work.

The State Health Board has ordered that all persons in Parryville shall be vaccinated before August 8. The Jersey Central Railroad station there may be closed, as no business is being done. At present there are ten cases of the disease in the town.

Death of Mrs. Collins.

Mrs. Patrick Collins, aged 65 years, died yesterday at the home of her daughter, Mrs. James Dolan, in Kelayres. She was ill only a week. She returned from a visit to her son, John, in Drifton last week, and was taken ill on her arrival in Kelayres. Deceased has been a resident of the South Side only a short time, being a former resident of Drifton.

The remains have been brought to the residence of John Collins, Drifton, from whence the funeral will take place Friday morning. A requiem mass will be read at St. Ann's church and the interment at St. Ann's cemetery.

Band Men on a Tour.

Several members of St. Ann's band left this morning to spend two weeks in the principal towns and cities between Freeland and Atlantic City. Their first stop will be made at Lehighton. Serenades and musical concerts will be given in each town along the line.

The members are dressed in overalls and wear miners' caps, on which the U. M. W. of A. button occupies a conspicuous position.

Several days will be spent in Philadelphia, where former Freeland residents will give them a befitting reception.

Scientific Diet for Nervous People.

Schule, writing on mental diseases, asks, "Is our civilization to blame for this neurotic condition?" and the answer is in the affirmative. How can nutrition prosper in the body where malnutrition holds full sway? And how can people be happy and healthy when worry dominates their lives? For in this human being the lower officers of the nervous hierarchy draw their very breath at the bidding of the higher powers, and the relation is very reciprocal, for to keep the brain healthy the unconscious nervous functions must be kept in good shape, proper activities alternating with wisely arranged periods of repose.

Just as soon as one notices the approach of nervous irritability systematic nerve rest will shorten an attack, and by rest I mean to have the patient go to bed and have massage. The amount of exercise undergone in a good scientific massage is equal to a walk of two or three miles a day, and it goes without saying that such passive exercise should increase the appetite, and the food ingested and enjoyed will be digested and assimilated. I use the word "enjoy" deliberately, because there are some nervous invalids who cannot enjoy their food unless in solitude. In addition to the massage I would recommend salt rubs, which are very easy to give. Have a saturated solution of common table salt. Rub the body briskly, especially from the spine outward toward the sides of the body and as soon as the skin is well reddened wash off with moderately cool water, and the chances are all in favor of restful condition. In case persons suffer from cold feet at night I would advise the bathing of the feet in cold water before going to bed and having a hot water bag always at hand.

Lettuce, celery, spinach, onions, are all vegetables especially valuable to a person of nervous temperament, and milk hot or cold is invaluable.—Pilgrim.

ROUND THE REGION.

At the Democratic county convention at Mauch Chunk E. R. Embury was named for congress. James T. Mulhearn defeated Dr. J. G. Zern for state senator. Patrick D. Kelley, of Beaver Meadow, broke the slate when he captured the assembly nomination. For the president judgeship, Judge Allan Craig won easily. Douglass Arner was given the nomination for treasurer. THE PRESIDENT

Of the City Council, Wilkes-
barre, Pa., Cured of
Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. One of the city officials had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to his friend, and Col. Harvey is today a well man, hale and hearty. In his own abrupt way he states his case:

Dr. David Kennedy,
Dear Sir:—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

Wm. J. Harvey.
Nothing could be more direct or more to the point than this simple statement. Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears.

For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

All druggists sell Dr. David Kennedy's Favorite Remedy in the **New 50 Cent Size** and the regular \$1.00 size bottles. Sample bottle—enough for trial, free by mail. Dr. D. Kennedy Corporation, Rondout, N. Y.
