Mary McGee, \$2 per day when employed.

The action of the board reduces the supervising principal's salary from \$900 per year to \$800 per year for a seven-month term or \$675 for an eight-month term. No other salaries were reduced or increased. The closing of two schools reduces the monthly pay-roll from \$920 to \$797.50, a monthly saving of \$122.50.

All the members of the board were present, except Director Kelly, who was detained at Trenton, N. J., by the funeral of a relative. Director-elect Brennan, of the Sixth ward, presented his certificate of election and oath of office and was seated as a member.

The teachers and pupils committee and the text books and supplies committee made a joint report recommending a modification of the course of studies in the High school department, also slight changes in the second, fourth, fifth, sixth, seventh and eighth grades. The changes include the introduction of supplementary reading in the second grade, also the teaching of history from text-books earlier than heretofore.

The report was accepted, as was also a report from the same committee recommending the purchase of new books to replenish those now in use and new books for the studies added to the course.

The president and secretary were authorized to sign the application for release of Ella Buchman, a daughter of George Buchman, from the Soldiers' Orphan school at Scotland.

The secretary reported having received

ed the school duplicates from the county commissioners and that the same have been prepared for the tax collector. He was authorized to place the warrant for the collection of taxes in the hands of the collector. The duplicates call for the collection of \$4,109.11 school taxes and \$3,458.04 building taxes, a total of \$7,567.15.

The building and grounds committee was instructed to have the schools and grounds cleaned and repaired.

The election of teachers was the last matter taken up by the board. A motion to close the school at West South Heberton, also the South Washington street school, received the votes of all the members, except Directors Fetterman and Isaacs.

In reply to a question asking for information why the schools named were to be closed, President Slatery stated that the average attendance last term was five pupils less than the previous term, when only seventeen teachers were regularly employed. The recommendation of ex-Principal Houck was that at least two, and possibly three, teachers should be engaged. This recommendation was favorably considered and the corps of teachers was last year increased to twenty, which has since been found an unnecessary expense and not warranted by the board's revenues.

The motion to elect the teachers named to the schools and at the salaries stated was voted upon as follows: For—Brogan, Buckley, Brennan, McGeehan, Purcell, Timony, Slatery, 7. Against—Fetterman, Isaac, Shellhammer, 3. Not voting—Kilne.

It was decided that all teachers appointed shall sign contracts before taking charge of their schools; that the term consists of seven months, or longer if the funds will permit, and that the schools shall open on Monday, September 15.

All of last term's teachers who applied for positions were reappointed, with the exception of Supervising Principal John E. Williams. No new teachers were engaged.

In addition to those appointed, applications were received and read from the following:

For supervising principal—John E. Williams, Freeland; J. Milnor Dorey, Milton; John J. Welsh, Danbury, Conn. For teachers—Geneva Bachman, Bessie Gallagher, Edith L. Kuntz, Frank Dever, Leo McDonald, Jerry McGinley, Charles Mitke, Freeland; Mary Sweeney, Drifton; Estelle B. White, Hazleton; Marion L. Foster, Chester, Vt.

Another Effigy Case.

Suits in trespass for damages were filed yesterday by Mrs. Ellen MacIntyre, of Nanticoke, against John Roseter and Joseph Reveridge, from each of whom she seeks to recover \$2,000. Mrs. MacIntyre alleges that on June 5 the defendants hung effigies of herself and husband at the corner of Union and Market streets. The figure supposed to represent Mrs. MacIntyre was dressed in woman's grab and placarded "the bloody scab's wife." Both figures were allowed to hang until June 15, when they fell and were then dragged through the streets and tied to a post near the MacIntyre residence.

Mrs. MacIntyre has also brought suit for \$5,000 damages against Burgess H. M. Williams, of Nanticoke, on the ground that he refused to remove the effigies and also failed to give Mrs. MacIntyre and her family protection.

Consumption From Milk.

A dispatch from Shamokin to the Philadelphia North American says: "Dr. Thomas Hickey, of this place, a graduate of Jefferson Medical college, Philadelphia, class '94, died today from consumption, which he claimed he contracted while serving as assistant physician at the Fountain Spring Miners' hospital in 1895.

"He and Dr. Joseph Gallagher, of Freeland, who died from the same disease several years ago, one day drank milk during their stay at the hospital. The two physicians, when the disease developed, examined two hospital cows furnishing the milk and decided the bovines had tuberculosis.

Water Tank Bursts.

The large water tank in the D. S. & S. Railroad yard at Drifton burst its hoops yesterday, and for awhile the residents of No. 2 portion of the town were treated to a miniature flood. The large volume of water contained in the tank rushed forth with alarming rapidity and swept everything portable before it.

The only damage done, beyond the wrecking of the tank, was the loss of three chickens incurred by Engineer Sims, whose coop was located near the tank. The fowl were unable to escape in time and were drowned by the water.

Mrs. John Powelick, aged 65 years, was buried at St. Ann's cemetery this afternoon from her home in Woodside.

ROUND THE REGION.

The strike at Wilkesbarre lace mill is ended at last. A committee of the employees and Superintendent Doran held a conference yesterday afternoon and an amicable agreement was reached. Concessions were made on both sides. The employees struck because the superintendent would not discharge five girls whose fathers and brothers insisted on working in the mines after the miners' union had ordered them out.

Charged with swearing in the house of a minister, Conrad Deetz was taken before Alderman Donohue, Wilkesbarre, and after a hearing was held under \$300 bail for court. Deetz lives next door to the Rev. C. Kuehn, and his children and the children of the minister's daughter became engaged in a dispute, and Deetz went to the minister's house and expressed his feelings in vigorous and profane language.

South Bethlehem bootblacks are at war over the cut in rates. A local polisher reduced the price to a nickel some time ago. The Italians kept up the price to a dime. Last night the Italians organized themselves into a union to drive the local man to the wall. The Italians threaten to even "shine" for nothing in order to drive the one who cut the rates out of town.

James Burns, of Edwardsville, has been missing for two weeks. Members of many railroad organizations and the United Mine Workers and the family of the missing man are searching for him. He had been ill previously with malaria and typhoid, and it is feared that he was again taken ill and wandered away. He was one of the most prominent union men in Edwardsville.

The amounts bid for the coal under the Susquehanna river common, at Wilkesbarre, the sale of which is to provide the city with a river wall and a park, has been announced. The highest bid is that of Doran & Cassey, for the mining of the coal on lease at 26 cents a ton, which, it is estimated, would net about \$469,000.

While non-union men were removing culm from a great pile near the Stanton colliery yesterday, they unearthed a small wooden box, which contained the skull and bones of an infant. The evidences bear out the conclusion that it had been buried a year or more.

The Mauch Chunk, Lehigh and Slatington Electric Railway has been re-granted the right of way through Lehigh, the company having agreed to the conditions imposed by the borough council.

Ice cream—all flavors—at Merkt's.

By the death of Jas. F. Mullarkey, treasurer of the Lace Weavers' Union, the labor cause in Wilkesbarre loses one of its strongest adherents. He fell dead after staying the strike members of his union the weekly strike fund.

The drug store of Albert Schultz, Scranton, was raided by the police yesterday and the manager, Charles H. Johnston, was arrested, charged with selling intoxicants at the soda fountain. The linemen on the new Wilkesbarre and Hazleton Railway have commenced work in putting up the poles from Hughesville to Wilkesbarre.

Killed the Watchman.

Daniel J. Sweeney, a watchman at the Bliss mine of the Delaware, Lackawanna and Western Company, was found murdered at Hanover, a small place close to the Bliss mine, near Warrior Run. His head was cut and battered, and there were three wounds, any one of which would have caused death. One, a cut five inches long at the base of the skull, was evidently inflicted with a bar of iron, or an axe. There were a few bruises on the body. He had evidently been killed about midnight.

Sweeney some time ago had several men arrested, charged with assaulting him, and they were held in heavy bail. Since that time he has had the ill will of a number.

At the point where the body was found Sheriff Jacobs has had three deputies on guard for the past several nights to protect the men of the Bliss and Auchingloss collieries, but that night, owing to the quietness of the district, they were removed.

Sweeney had been off duty during the day attending a funeral, and in the evening started, it is believed, for work. When he was going along Railroad street in Nanticoke some men threatened him, and he went into the saloon of Frank Mienarick. There he remained until about 11 o'clock.

County Detective Jones, with the aid of the company officers, investigated the case, and found two women who had seen three men leave the saloon soon after Sweeney and follow him. These three were arrested. They are Joseph Smith, Ignof Shukos and Michael Yushko. They were held without bail and committed to jail.

BASE BALL.

One of the greatest games played in town in recent years was pulled off on Wednesday afternoon between the Good Wills and Balaklava clubs. The contest was exciting to the 1,800 spectators and business was practically suspended in town until the game ended. Both clubs played fine ball, but the Balaklava men were far too much for the rising generation and won by a score of 3 to 0. The victors and the vanquished celebrated the event Wednesday evening at Willy Dougherty's hotel and later at the Good Wills rooms.

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. One of the city officials had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to his friend, and Col. Harvey is today a well man, hale and hearty. In his own abrupt way he states his case:

Dear Sir—This is to certify that I was permanently cured of Rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

Wm. J. Harvey.

Nothing could be more direct or more to the point than this simple statement. Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears.

For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

Vandals broke into and raided Hazleton's recently closed smallpox hospital.
