

FREELAND TRIBUNE.

VOL. XV. NO. 20.

FREELAND, PA., FRIDAY, AUGUST 15, 1902.

TRI-WEEKLY

STATE NORMAL SCHOOL, EAST STROUDSBURG, PA.

Location
This popular State Institution is located in the midst of the Delaware Water Gap-Mt. Pocono Summer Resort Region, the most healthful and picturesque in the state, and one that is visited by thousands of tourists annually.

Courses of Study
In addition to the departments of the regular Normal Course, we have special Departments of Music, Elocution, Art, Drawing and Water Color, and a Full College Preparatory Department. You can save an entire year in your college preparatory work by coming here.

Free Tuition
Tuition is absolutely free to those complying with the new state law. This gives a rare opportunity to those desiring a complete education and should be taken advantage of at once, as this law will be repealed by the next Legislature.

Cost of Boarding
Boarding expenses are \$3.50 per week, which includes fully furnished and equipped room, heat, electric light and laundry. The additional expense is less with us than at most any other school.

Improvements
Among these are a new Gymnasium, a fine Electric Light Plant, and a new Recreation Hall now being erected, which will contain fifteen large and fully equipped recreation rooms. In addition, all bed rooms will be re-plastered and fitted up and various other changes made in the dormitories for the further comfort and convenience of the pupils of the school.

New Catalogue
Catalogue for 1902, gives full information as to free tuition, expenses, courses of study, and other facts of interest and will be mailed without charge to those desiring it. Fall Term opens September 8, 1902.

GUARDS SHOOT INTO A CROWD

Special Officers Cause an Outbreak at Duryea.

One Striker Shot in the Knee and Two Coal and Iron Policemen Beaten in the Scrimmage.

Shots fired by guards at the Warnke washery, Duryea, yesterday afternoon incited an attack by several hundred men and boys in which one of their number was shot, and led to an assault upon two men, one a coal guard. Twenty-four of the coal guards and watchmen have been arrested and are held under ball. Only the efforts of the local police and the coolness of the officers of the mine workers prevented an outbreak.

The injured men are: Henry Collins, S. Stanton, a coal and iron guard, head cut and bruised. An unknown man, badly beaten on the head and face. Andrew Uravitch, shot in the left leg between the knee and ankle.

The attack was made between 2 and 3 o'clock. A large crowd was brought up to such a pitch of excitement by the washery guards' taunts that it advanced upon the workings. Behind the barbed wire barricade the guards, fifteen in number, were posted, armed with Winchester repeating rifles. The trouble was caused by a shot fired from the washery at a man in the crowd who ran close to the washery. Stones followed and scores of them rattled on the sides and roof of the washery and whizzed near the men on guard.

The guards fired some twenty or thirty shots before the crowd began to withdraw, carrying off Andrew Uravitch, who was shot through the left leg, between the knee and ankle. A few of the guards were slightly injured by stones.

While this was being done Mr. Warnke telephoned the sheriff's office and Deputy Sheriff Rhodda, who with nine deputies had left Duryea at noon, hurried back.

At the same time Chief of Police Cosgrove, of Duryea, went to the washery and placed fifteen guards and George Warnke, a brother of the owner, under arrest and took them to the borough lockup. On the way Henry Collins, a guard, broke from the ranks and ran for the railroad station, a short distance away. The crowd gave chase and overhauled him. He was knocked down and beaten, and when picked up was unconscious and bleeding.

Upon the arrival of Deputy Rhodda, he took the seven men at the washery in custody and lodged them in the lockup with the guards and there they were also placed under arrest by the borough authorities. All of them were armed.

The arrival of Vice President Adam Ruscavage and Organizer Schlosser, of the United Mine Workers, resulted in calming the crowd and after most of them had been dispersed, Burgess Burlington went to the lockup and there held all the prisoners under \$3,000 bail. A special train was run as close to the lockup as possible and then, with twenty-five deputies to guard them and keep back the crowd, while the United Mine Workers' officers aided, the coal guards were escorted to the car, taken to Wilkesbarre and lodged in jail.

Frederick Warnke, the owner of the washery, said: "I have asked Sheriff Jacobs to request that troops be sent to Duryea to guard the washery and protect our men while we work. We certainly need them."

Burgess Burlington said: "All is quiet now, and I do not expect there will be any further trouble. We do not need troops. The local police can manage the situation easily with a little help from the sheriff. All we need is eight or ten deputies at the washery, and there will be no trouble in town."

Sheriff Jacobs said that he did not think there was any occasion for calling for troops unless the situation grows more serious.

Light Question Bothers Others.

That Freeland is not the only town in the county where the light question is troubling councilmen and taxpayers is shown by the following correspondence in the Wilkesbarre Record from a citizen of Edwardsville:

"On Tuesday Burgess Dando notified the president and members of the town council of Edwardsville that he disapproved of all actions of that body regarding the renewal of the contract with the present electric light company for furnishing light to the borough. This action was taken because he was

convinced that the borough would be enabled to save a large amount of money and secure better lights.

"The council recently passed an ordinance providing for the renewal of the light contract with the present company for a period of ten years at the rate of \$70 per year. This ordinance was rushed through the council, when only six were present, and it is understood that a number of the councilmen who voted for the measure now desire a reconsideration. Another light company at present stands ready to enter into competition with the old company.

"The borough of Plymouth recently executed a contract by which it secures lights at the rate of \$50 per light per year, or a saving of \$20 per light over the terms secured by our council. Burgess Dando's action on Tuesday should meet with the hearty approval of every citizen and there is little doubt that if the suggestion contained in his notification is followed the borough will be saved several thousands dollars. It remains for the members of the council to follow the initiative of the burgesses and maintain the same public spirit and the community will be greatly benefited."

Barbed-Wire Fence Erected.

That the shade trees and green grass which line the east side of Centre street, between the Lehigh Valley tracks and Coxe addition, are not to be enjoyed by the hundreds of idly men and boys of town was forcibly demonstrated yesterday, when a gang of men in the employ of Coxe Bros. & Co. began placing a barbed-wire fence around this loitering ground.

The spot has been a favorite place all summer for strikers and others together and spend their leisure hours, and no reports of injury to the trees have ever been heard. The action of the Drifton corporation in shutting them out is amusing to the people affected and is looked upon as another exhibition of the petty spite-work which finds so much favor with those in charge of the Coxe properties.

Held Under \$1,000 Bail.

Michael Mackaravich was arrested at his home in Upper Lehigh yesterday morning by Constable Ziegler, of Hazleton, charged with being one of the principals in the attack on the Hoffman and Betterly homes in Upper Lehigh some weeks ago. The accused man was taken to Hazleton and arraigned before Alderman Heidenreich. He was committed to the city lockup for a further hearing.

The prisoner was given a hearing this morning and was held under \$1,000 bail to answer the charge of riot. The charge of house-breaking, also preferred against him, was continued for the present, on account of a lack of evidence.

Mackaravich will be taken to the county jail tomorrow morning unless bail is secured.

Convention at Wilkesbarre.

The forty-third state convention of the A. O. H. will be held at Wilkesbarre next week, beginning on Tuesday, and will be in session for four days. There will be an attendance of over 400 delegates, representing all the important cities in the state. There are forty-five counties organized with 330 divisions and a membership of 35,000. One of the most interesting features will be the election of state officers. Luzerne will have a candidate in the person of John P. Gibbons, of Hudson, who seeks reelection as state secretary.

The parade on Thursday will be one of the features of the week, and should the weather be pleasant it will be one of the largest of the kind ever held at the county seat. A picnic at Mountain Park will follow the parade.

Search for Missing Heir.

George Schaeffer, of Hazleton, is going on a strange quest that will ultimately take him around the world. Schaeffer goes in search of Fred Teufel, a young man of that city, and his mission is to find him, dead or alive. The young man is legatee of a large estate and until he returns or the fact of his death is established, the property cannot be divided.

Schaeffer will first go to Manila, where the young man left the United States army after serving three years. If Teufel is not located there Schaeffer will then proceed to Egypt, as the missing heir had often expressed his intention of visiting that country. Teufel has not been heard from in two years, but the family believe that he still alive.

Mrs. Edward Turnbach, wife of the leader of Hazleton Citizens' Alliance, died yesterday afternoon after a two weeks' illness. Mr. Turnbach, who is suffering from typhoid fever, is in a serious condition and has not yet been apprised of the death of his wife.

NARROW ESCAPE.

Daniel Ferry, While Seeking Coal at Sandy Run, Is Seriously Injured.

Daniel Ferry, of North Centre street, met with an accident at Sandy Run stripping at 5 o'clock yesterday afternoon and was seriously injured internally and about the legs. His escape from death is considered miraculous by those who viewed the scene of the accident.

The stripping is daily occupied by a large number of men who are digging coal for their own use or for Freeland people. Mr. Ferry went there yesterday afternoon and found the place so full of workers that he was about to return home, when he was informed that a large quantity of coal could be had by entering an old breast which had been driven to the stripping from a mine below.

For the purpose of investigating he entered this breast, passed under a trapdoor which had been placed to regulate the air of the mine below, and walked a few feet in the darkness. Then he struck a match to view his surroundings. When the light had burned out he began to retrace his steps in the direction of the exit, but mistook the route.

He proceeded only a short distance when he walked into a hole about eight feet feet deep. He struck the ground feet foremost and accidentally grasped a piece of brattice, to which he clung. Though injured, he retained his presence of mind and found that he was on a narrow ledge of coal and that beneath him was another deep hole. Alone in the darkness and clinging to his frail support, with pains racking his body and legs, his position was one to try the strongest nerve.

Two of his neighbors, James and Patrick Boyle, saw him enter the abandoned breast, and after half an hour's absence they became anxious and went in search of him. They procured lights and cautiously groped their way to the edge of the precipice. Calling his name, they received an answer and learned of the accident.

More help was summoned and various methods were suggested to take Ferry from his perilous position. A twenty-five foot rope was first lowered, but this was found useless, as the injured man could not retain a hold on it long enough to be drawn up and would also be further hurt by being swayed against the ragged sides of the hole.

Other ways of rescuing him were tried and found futile, and finally a step-ladder was attached to the rope and lowered to Ferry. His arms, being uninjured, were strong, and those he placed around the rope and left his body and legs rest upon the step-ladder. In this manner he was slowly raised to the top of the hole and taken to the surface.

An investigation of the place showed that had he not struck the narrow ledge of coal upon which he landed when he fell, or had he not grasped the brattice, he would have fallen fully fifty feet further before reaching the bottom of the hole and would probably have been dashed to death.

The injured man was removed to his home in Kemmerer & Co.'s ambulance. The attending physicians found that no bones were broken, but that the shock received by the fall had injured him internally and had numbed his legs and lower portion of the back and body.

He is suffering severe pain today, but no more serious results are liable to follow.

Mr. Ferry and his family removed from Upper Lehigh to Freeland a short time ago. He has many friends throughout the region who rejoice that his adventure did not end fatally.

BREVITIES.

Emil Hazir, the alleged murderer of John Shigo, of Stockton, was arrested in the latter place yesterday. Shigo was buried yesterday morning and officers remained about the place expecting that the murderer would turn up in the excitement. When the funeral party was gone a few minutes Hazir came from where he was hiding and ran to the house of the dead man, where he was seen a boarder, to get his clothing. As soon as he appeared he was placed under arrest.

Rev. Father Fitzmaurice, who for the past twenty-seven years has been curate at the St. Gabriel's church, Hazleton, has retired from active service in the priesthood and will make his home with his sister at Dunmore. The only duty Father Fitzmaurice will have to perform as a retired priest will be to read mass. He was ordained to the priesthood in Philadelphia in 1855.

Miles McAndrew, head keeper at the Lackawanna county jail, was today appointed warden, to succeed William T. Simpson, who was removed by Sheriff Schadt for allowing a prisoner to escape.

LOCAL NOTES WRITTEN UP

Short Items of Interest to All Readers.

Happenings of the Past Two Days in and Around Freeland Recorded Without Waste of Words.

Peter Sheridan, of Audenried, formerly foreman for the Lehigh and Wilkesbarre Company at Audenried, has accepted the position of superintendent of Pond Creek colliery for the new proprietor, C. B. Bachman, of Allentown. Mr. Sheridan was in Pond Creek yesterday and made an inspection of the works.

John J. Welsh, president of Division 6, and John E. Shovlin, president of Division 19, will leave on Monday for Wilkesbarre, where they will represent their organizations in the A. O. H. state convention, which will be held in that city from Tuesday to Friday of next week.

The Socialists of the Fourth legislative district will hold a convention in Hazleton on Tuesday for the purpose of nominating a candidate for representative. The aspirants are Frank Ray, of Jeddo, and ex-representative William K. Jeffrey, of Hazleton.

John H. Shovlin, of South Washington street, was struck by a bridge while riding on a freight train near Mt. Carmel on Wednesday. His injuries were dressed at the Miners hospital, Ashland, and he arrived at his home late that night.

Notwithstanding the scarcity of money, due to the lengthy illness of the mines, many people will make their annual visit to Mountain Park, in company with the White Haven Relief Association, on Saturday of next week.

James Boyle, aged 3 years and 4 months, a son of James and Annetta Boyle, died at Hazleton on Wednesday and was buried this afternoon. Mrs. Boyle is a daughter of Patrick Dougherty, South Ridge street.

James Farrell and Frank McBrearty, two of the D. S. & S. trainmen who were thrown idle by the strike, have secured employment in Virginia and left this week to accept their positions.

The Democratic county committee met at Wilkesbarre yesterday afternoon and decided to hold the primaries on Saturday, September 13, and the convention on Tuesday, September 16.

A patent on a self-lubricating car-wheel has been granted to Geo. T. Brown, Esq.; Dr. N. Maley and George Wilmot, Jr., all of whom are interested in the Salmon Iron Works.

Miss Bid Curran, a daughter of Mr. and Mrs. John Curran, Drifton, received the white veil at Wilkesbarre yesterday and was admitted to the Order of Sisters of Mercy.

Adam Loskosky has awarded a contract to James E. Griffith for the erection of a double dwelling on the east side of Adams street, between Carbon and Luzerne.

William Jones, better known as "Strong Boy," has entered the Miners' hospital to receive treatment for injuries resulting from a fall on the street some weeks ago.

Miss Rose Gillespie and Mrs. Edward Murphy were at Wilkesbarre yesterday attending the wedding of the latter's sister, Miss Mary Manalis and Dr. Frank A. Miller.

Attorney Charles F. McHugh, of Wilkesbarre, is talked of at the county seat as a probable candidate for congress next on the Democratic ticket.

An unknown man was arrested at noon today for disorderly conduct on South Centre street by Special Officer Derange.

Editor Owen Fowler, of the Progress, accompanied by his son, Howard, left for Atlantic City this morning.

Miss Rose Cassidy, of Philadelphia, was the guest of Miss Maggie Ferry, Ridge street.

James McGill, of Philadelphia, is the guest of relatives in town.

Miss Mame Brennan has returned from an extended visit at White Haven.

Mr. and Mrs. M. E. Grover are spending their vacation at Ocean Grove, N. J. A new roof is being placed on H. C. Koons' store and residence.

TRIPLING WITH YOUR HEALTH

Is Like Playing With a Loaded Gun—If You Have Kidney Trouble Attend to It at Once.

It is easy to tell whether your kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—after standing a day and night, if it is pale or discolored, rosy or stringy, there is something wrong with the kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for disease of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia, Chronic Constipation, and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when passing urine.

The Rev. Henry P. Miller, pastor Baptist Church, Spartanburg, S. C., writes: "For eleven years I suffered with kidney, liver and heart troubles, swimming in the head, dull headache and numbness of the limbs. Several physicians prescribed for me and I then began the use of Dr. David Kennedy's Favorite Remedy, and in about two weeks was entirely well."

All druggists sell Dr. David Kennedy's Favorite Remedy in the New 50 Cent Size and the regular \$1.00 size bottles. Sample bottle—enough for trial, free by mail. Dr. D. Kennedy Corporation, Rondout, N.Y.

Dr. David Kennedy's Worm Syrup, most effective medicine of the kind known. 25c. Druggists.
