

# FREELAND TRIBUNE.

VOL. XV. NO. 43.

FREELAND, PA., WEDNESDAY, OCTOBER 8, 1902.

TRI-WEEKLY

## "Incurable" Heart Disease Soon Cured!

By the Great Specialist in  
Treating Weak and Diseas-  
ed Hearts, Franklin Miles,  
M. D., LL. B.

Will Send \$4.00 Worth of His Special  
Treatment Free as a Trial.

To demonstrate the unusual curative powers of his new and complete special treatments by mail for heart disease, short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles, or dropsy, Dr. Miles will send four dollars worth free as a trial, to all who mention this paper.

His treatments are the result of twenty-five years of careful study, extensive research, and remarkable experience in treating the various ailments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his complete special treatments that he does not hesitate to offer all persons a trial free.

Nothing could be more generous. Few physicians have such confidence in their remedies. There is no reason why every afflicted person should not avail themselves of this exceedingly liberal offer, as they may never have another such opportunity. No death comes as suddenly as that from heart disease.

Mrs. A. Kromck, of Huntington, Ind., was cured after thirty physicians failed; Mrs. Flora Graetor, of Bristolville, O., after twenty-two; Jas. R. Waite, the noted actor, after a score had pronounced him incurable; Mrs. Frank Smith, of Chicago, after five leading physicians had given her up; Mr. Julius K. Iker, of Chicago, after ten; Mrs. R. Parker, after sixteen failed.

A thousand references to, and testimonials from, Bishops, Clergymen, bankers, Farmers and their wives will be sent free upon request. Send at once to Franklin Miles, M. D., LL. B., 203 to 211 State Street, Chicago, Ill., for free examination blank, pamphlets, and free treatment before it is too late. Mention Freeland Tribune in Your Reply.

## Geo. H. Hartman, Meats and Green Truck.

## TROOPS NOT COMING HERE

None of State Guard Will  
Be Sent to Freeland.

Drifton and Upper Lehigh  
Are Also Ignored in the  
Assignment Orders--Four  
Companies for Jeddo.

By this evening the entire National Guard of Pennsylvania, consisting of 10,076 officers and men, will be on duty in the anthracite coal field, as a result of the order issued late Monday night by Governor Stone. For some weeks past the greater part of the Third brigade has been on duty in the region, but this force was represented by the operators as inadequate to afford protection for those who desire to work in the mines, and in response to repeated calls for more troops the governor has furnished the operators with all the soldiers in the state, fourteen regiments of infantry, four troops of cavalry and three batteries of artillery.

The various commands of the Guard are now here or are on their way to the coal field. The first regiment to arrive was the First, of Philadelphia, which reached Hazleton at daybreak this morning. The regiment is commanded by Colonel Wendell P. Bowman and is composed of twelve companies. It is known as the "crack" regiment of the state.

The original intention was to concentrate the regiment at Hazleton and send out details of troops to the North and South sides of the city, according as they might be required, but after a consultation held this morning by the officers of the regiment and John Markle, Frank Pardee and A. W. Drake this plan was abandoned.

Colonel Bowman established his headquarters in the army of Company G, of the Ninth regiment, in Hazleton. Companies D and C and a squad of Battery A were assigned to headquarters; Companies K, H, F and M, under command of Lieutenant Colonel Good, go to Jeddo; Companies B and L, under Major Kessel, go to Lattimer; Companies I and G, under Major Williams, were placed on duty at Hazleton Lehigh Valley shops, near No. 40 colliery, and Companies E and A, under Captain Hunt, go to Cranberry.

There will be considerable agreeable disappointment in Freeland when it becomes known that no troops are to be stationed here. It was expected that Freeland, Drifton and Upper Lehigh would each receive a company, but John Markle has apparently captured all that could be spared for this end of the region.

THE TROOPS ASSIGNED.

In carrying out Governor Stone's directions, General Miller has issued the order calling out the troops and directing the territory each brigade shall occupy. The assignment is as follows: First brigade, Brigadier General Schall commanding, Carbon county, the southern half of Luzerne county and that section of Schuylkill county lying south and east of a line drawn through Brookside, New Boston and Delano. Second brigade, Brigadier General Wiley commanding, Northumberland and Columbia counties, and that section of Schuylkill county lying north and east of a line drawn through Brookside, New Boston and Delano. Third brigade, Brigadier General Gobin commanding, Susquehanna and Lackawanna counties and the northern half of Luzerne county.

The brigade commanders will make such disposition of the troops under their command as will in their judgment best serve the purpose for which they have been ordered on duty. Details of the assignment orders of the First brigade place the headquarters of the First regiment at Hazleton, the Second at New Philadelphia, the Third at Minersville and the Sixth and First City troop at Tamaqua. Battery A, the artillery section of the brigade, will be divided among the four regiments, with each squad carrying a rapid-fire machine gun.

TERMS NOT SATISFACTORY.

The proposition of President Roosevelt to President Mitchell to end the strike reads as follows:

"If Mr. Mitchell will secure the immediate return to work of the miners in the anthracite region, the president will at once appoint a commission to investigate thoroughly into all the matter at issue between the operators and miners and will do all within his power to obtain a settlement of those questions in accordance with the report of the commissioners."

Those of the miners of the Lehigh region who participated in the six months' strike of 1887-88 have good reasons to assume a credulous attitude towards investigating commissions. During that great struggle congress appointed a commission to inquire into existing conditions in this region. The committee visited the principal towns, heard the testimony of both operators and miners, were presented with statistics and furnished with undisputed proofs of the justice of the miners' demands. The commission returned to Washington, and eight months after the strike ended the members made their report to congress. Not one of the recommendations were ever taken up for consideration by the national or state legislature.

With this experience of the past not forgotten, it may be taken for granted that any request to resume work made to the miners of the Lehigh region, from President Mitchell or any official of the union or the government, on the conditions stated, will receive scant courtesy and will be met with an unfavorable response.

The treatment accorded the congressional commission's belated report of the 1887-87 strike is sufficient proof to all thinking miners that relief or concessions cannot be expected from the operators once work is resumed, nor can they look with confidence to the law-making bodies for favorable legislation after the public interest in the struggle is abated, which will follow as soon as coal mining on a general scale is resumed.

## ROUND THE REGION.

Twenty years ago Thomas Hanley and Luke Kelly were convicted in this county of highway robbery and assault on William Rosengrantz. They were sentenced to twenty years in the penitentiary. After serving half their time they were pardoned. Yesterday E. W. Toney, of Scranton, called at the office of District Attorney Jones and made affidavit that he and a man named Clark were the guilty parties, and that Kelly and Hanley were innocently convicted. Kelly is now a resident of Butte, Mont. Hanley lives in Wilkesbarre.

Ten-year-old Stephen Chlcura, of Winton, Lackawanna county, was acquitted of the murder of nine-year-old Mary Kubalas, whom he instantly killed during a children's spat at Winton June 4, 1899, by hitting her on the head with a rivet. The commonwealth neglected to observe the provision of the law requiring that in the prosecuting of children between the age of 7 and 14 it must be proven that the defendant has criminal capacity.

A writ of alternative mandamus against Patrick Mulchaey, John Bilbow and John F. Neary, auditors of Pittston township, was issued by the court yesterday to show cause why the writ of peremptory mandamus shall not be issued against them to compel them to perform their official duties. No audit has been made in this township for three years.

The regular statement of the finances of Luzerne county has been issued. The various funds have been considerably augmented during the month, and the treasury is in a fairly healthy condition. The receipts from all sources were \$76,346.14, and expenditures \$42,047.74, the balance in the treasury being \$91,428.22.

Signs of Weakening.

Today's Philadelphia Inquirer, which is usually well posted on affairs at Washington, says:

"Most important of yesterday's developments was the information conveyed to the president late in the afternoon by a trusted official who has been in his confidence since the beginning of the administration's negotiations, that some of the operators were ready to make concessions. This is a direct result of presidential pressure."

"For the first time since the conference at the White House last Friday, President Roosevelt learned yesterday, it is said, through an authoritative source that there was a break in the line of operators and that some of them were willing to yield. Just what concessions they are willing to make are not yet known, for there is official silence on this subject. The report of a weakening grows out of a belief that the operators will not be able to secure as many licensed miners as are required to operate the mines."

Death of a Young Man.

Adolph Krouse died yesterday afternoon at the home of his mother, Mrs. Mary Krouse, from the effects of an attack of brain fever. He was aged 19 years and was a popular young man. He was a member of the Young American Social Club and Camp 147, P. O. S. of A. Besides his mother he is survived by the following brothers and sisters: Henry, Louis, John, Edna, Emma and Louisa.

The funeral will take place at 2 o'clock on Friday afternoon. Services will be conducted at his late home by Rev. J. J. Kuntz. The interment will be made at Freeland cemetery.

Drawn as Jurors.

The following citizens of this vicinity have been drawn to serve as jurors on the dates preceding their names:

October 27, grand jury--Joseph Birkbeck, Freeland; Samuel Jenkins, Foster; John Beach, Henry Brust, Hazle.

November 10, common pleas--Henry Rudolph, Freeland; W. H. Berge, Foster.

November 17, common pleas--John Molk, Charles Shovlin, Freeland; Francis Ward, Thomas Comfort, John Walton, Foster; Patrick Sweeney, Hazle.

Changes Almost Completed.

The alterations and improvements at the P. O. S. of A. building are now far enough advanced to permit the painters to begin work, and a corps of these artists are giving the finishing touches to the new front. The building has the most handsome display windows of any store in Luzerne county, outside of Wilkesbarre, and the Newburger estate, whose store occupies the entire first floor, is preparing to take advantage of the new accommodations furnished.

OPERATORS REFUSE TO TALK.

The anthracite operators and representative of the coal-carrying railroads met in New York city yesterday in the Jersey Central building. Those present were President Baer, of the Reading; President Fowler, of the New York, Ontario and Western; President Olyphant, of the Delaware and Hudson Company; President Truesdale, of the Lackawanna; President Walter, of the Lehigh Valley; President Underwood, of the Erie, and President Stearn, of the Delaware, Susquehanna and Schuylkill.

After the meeting President Truesdale announced that no statement would be given out.

"Minnesota's Best" flour is sold by A. Oswald. There is none better made.

## LOCAL NOTES

WRITTEN UP

Short Items of Interest to  
All Readers.

Happenings of the Past  
Two Days in and Around  
Freeland Recorded With-  
out Waste of Words.

The calling out of all the state troops, if looked upon by the operators as a winning move, will be a disappointment, from present indications. Local strikers are more determined than ever to remain out and thereby disprove the operators' statements that collieries will resume if the miners are protected. Several who were employed in different capacities at surrounding mines quit work this week rather than continue their labors under guard.

A suit in trespass was filed in court yesterday by John Zakutney, of Freeland, against Dr. George Wentz, of Drifton. Zakutney claims that the physician carelessly left his horse standing unhitched and it ran away and struck his horse and buckboard and threw him (Zakutney) out. The plaintiff claims \$1,000 damages.

Reports have been received that August and Steve Yori, of Freeland, and Denis Bradley and John Carlis, of Highland, strikers who are employed at Pittsburg, were the victims of a robbery which took place at their boarding house in that city. The young men lost their watches and a considerable amount of money.

John Brelsford, a young man who resided here for several years, died on Sunday at Palmerton, near Allentown. He is survived by a wife and family, several brothers and sisters and by his mother, Mrs. John Brelsford, of Freeland. The remains were interred this afternoon at Slatington.

Rear Admiral George W. Melville, who was taken to a Philadelphia hospital on Sunday a week ago, suffering from fever, left that institution yesterday. He will remain in Philadelphia until he entirely recovers and will then go to Washington.

Father Fleming, of St. Ann's church, assisted in the services of the Forty Hours Devotion at Hazleton and Beaver Meadow this week. Father Fallhee, of St. Ann's, also assisted at Beaver Meadow, and Father O'Hara, of Eckley, at Hazleton.

Councillmen W. Gallagher, McLaughlin, McNellis, Sutton and Ward were the only members present at the Municipal building Monday evening, and the monthly meeting was postponed on account of the lack of a quorum.

May Parker and the Little Pickaninny, one of the most popular organizations brought here during the M. & M. course of entertainments, will make their annual appearance in Freeland on October 18.

William O'Donnell, who has been several years in Colorado and is now on his way to visit Ireland, is spending a few days with his uncle, Anthony Gallagher, South Washington street.

John J. McCarthy removed yesterday from Drifton to his new home in Hazleton. Next week John J. McNellis will remove from that town to South Washington street, Freeland.

William (Strong Boy) Jones, who has been receiving treatment at the Miners hospital, has been discharged from the institution and is in town again.

The Democratic county candidates are scheduled to arrive in town on Saturday, and a mass meeting will be held here that afternoon.

Confirmation services will be conducted on Sunday afternoon at Eckley Catholic church by Bishop M. J. Hoban, of Scranton.

John J. McBrearty, Esq., has been appointed by the court as guardian of the estate of Bridget McGetrick, of Freeland.

The Crescents second team defeated the Rubes in an exciting foot ball game at the Tigers park yesterday by a score of 20 to 5.

M. Refowich is recovering from an illness which had him confined to his hotel for the past week.

A beautiful vault is being placed in position in the plot of Thomas Birkbeck in Freeland cemetery.

Thomas Phillips has accepted a position as driver for the Freeland Beef Company.

Miss Lillian Crawford, of Nuremberg, visited Mr. and Mrs. B. C. Laubach this week.

## STATE NORMAL SCHOOL, EAST STROUDSBURG, PA.

Regular State Normal Courses, and Special Departments of Music, Education, Art, Drawing, Stenography and Typewriting; strong College Preparatory Department.

Free Tuition.  
Boarding expenses \$3.50 per week. Pupils admitted at any time. Winter Term opens Dec. 23th. Write for catalogue.

REPAIRING OF EVERY DESCRIPTION.

Molik Arrests a Deputy.

Police Officer John Molik, of the Freeland force, had business in Nanticoke on Sunday, and with Daniel Mulraney, who accompanied him, figured in an incident in that town. The Nanticoke correspondent of the Wilkesbarre Record gives the details, as follows: "While 'Buff' Thorne was going up Market street Sunday evening a deputy employed by the D. L. & W. Co. pointed a revolver at him and attempted to shoot him. Two men from Freeland happened to pass them in a buggy and one of them jumped from the buggy just in the nick of time. He grabbed the man and took him to the burgess's office. He was found to be under the influence of liquor. Had it not happened that the two men from Freeland passed them, something more serious might have happened."

"Van Fossen, the deputy, was arraigned next morning before the burgess on the charge of flourishing a revolver and threatening to shoot Thorne. Thorne swore that he was walking on Market street when Van Fossen told him that if he would move another yard he would shoot him. Mr. Van Fossen stated that Thorne was running after him and that he, Van Fossen, told him to stop. Van Fossen was sentenced to pay a fine of \$50 or go to jail for thirty days. In default of payment he was taken to the county jail."

Plymouth Citizens Protest.

The people of Plymouth are aroused over the patrol guard of troops that has been stationed there and accuse the soldiers of unruly conduct, which is emphatically denied by Colonel Dougherty. A resolution of condemnation was passed by the borough council, and in addition Burgess Elijah Cox has addressed an open letter to Sheriff Jacobs protesting against the presence of the troops as highly unnecessary.

An injunction was issued yesterday restraining the North American Coal Company and the Sterling Coal Company, both of Plymouth, from dumping or depositing any culm, dirt or sediment from the washeries operated by them into any borough waterway that will interfere with the sewers. This stops the operation of Plymouth washeries until such time as the companies shall make adequate provision for conveying away the refuse.
