MITCHELL DAY **CELEBRATIONS**

Mine Workers Honor Their Leader in Many Towns.

Parades and Demonstrations Held Today at Freeland and Other Centres of the Anthracite Field.

line.
Football and other amusements attracted many who should be in line.
The marchers made a good appearance and those who are still on strike were enthusiastically greeted and encouraged by their more fortunate fellowworkers who have resumed.
After traversing the principal streets the marchers returned to the Grand opera house, where the parade was dispersed.

At Hazleton the United Mine Work-ers and other labor unions of that city and surrounding towns paraded this afternoon and were later addressed by

afternoon and were later addressed by a number of prominent orators. Over 8,000 men were in line.

At noon today the labor organizations of Wilkesbarre held a monster parade, which was reviewed by President Mitchell and other officers of the United Mine Workers.

At Scranton, Tamaqua, Shamokin and in all the large towns of Schuyikill county large parades were also held.

Touring the District.

The Democratic candidate for the legislature, Councilman B. J. Ferry, of Hazleton, is making a tour of the Fourth district and is meeting with much oncouragement in his canvass for votes. Mr. Ferral is a second of the council of the canvas have been on strike, being a miner, not by profession, but by occupation. He is an intelligent and sincere worker for the people's interests, as his record on Hazleton council will testify, and is not only worthy but is entitled to the vote and active around.

in the district.

If the workingmen want legislation that will better their condition, they must send men to Harrisburg from their rown ranks. If they fail to do this in the Fourth district, where 80 per cent of the voters are wage-earners, they will prove themselves undeserving of consideration by the law-makers.

ROUND THE REGION.

W. D. Zehner, superintendent of the Lebigh Coal and Navigation Company says that his company has no idea of discriminating against a part of its employes as has been persistently reported for the past few days. He said that many of the mines were very gaseous, and ithat in several places the gangways have fallen in. "When everything is in working shape," he said, "we will be able to take on many more men than we have at present. We are proceeding as fast in the matter as possible, and we are just as anxious to work full handed as the men are to get back to work."

Anthracite Field.

Mitchell Day, so named in honor of John Mitchell, the national president of the United Mine Workers of America, was celebrated today by the members of the organization which he leads in a befitting manner in all the principal towns of the anthracite region.

Mitchell Day was added to the list of labor's holidays at the close of the successful strike in the anthracite region in 1900 and is observed in honor of the man who lead the mine workers to victory in that struggle.

In Freeland the celebration program consisted of a parade and addresses. The procession formed at the Grand opera house at 2.30 o'clock this afternoon, with Burgess John F. Boyle as marshal and Philip Wackley, John Meko and Leni Luki as aids.

Music was furnished by St. Ann's band and three drum corps, which were followed by the local unions of Freeland, South Heberton, Drifton, Upper Lehigh, Jeddo, Highland, Eckley and Sandy Run.

Reformed Synod's Election.

At the meeting of the eastern synod of the Reformed Church, at Wilkesbarre, the result of the election was announced. The following were elected: For the board of trustees of Franklin and Marchall college, George F. Baer and C. M. Bower; for the board of trustees of the

Bower; for the board of trustees of the Theological seminary, Mercersburg, G. B. Hellman, John Hertzer and J. S. Hess; for the board of visitors of the Theological seminary, Rev. D. S. G. Wagner, Rev. Dr. N. C. Shaeffer, and Rev. Dr. B. B. Ferer; for the board of publication, James T. Reber, H. M. Housekeeper; for the Sunday school committee, C. C. Leader.

The report of the committee on the state of religion was read by Dr. H. T. Spangler. The report revealed the fact that much progress was made in all departments of Sunday school and mission work during the year. There are seventy-three students for the ministry, 319 ministers, 153 congregations, 104,188 members, 1178 Sunday school teachers, 86,934 scholars. For benevolent purposes \$11,971 was raised and for congregational purposes \$528,880.

Arrested for Desertion.

Private John Pock, of Shenandoah, is in the county jall at Pottsville, charged with deserting from the U. S. army. The odd feature about the charge against Pock is that after deserting the army he hired himself as a fremen at Lentz & Co.'s coiliery at Park Place and worked there all through the strike. Pock was there all through the strike. Pock was captured by several Shenandoah policemen, who found him hiding in a hay loft at Ringtown. He will be taken from Pottsville to his regiment in Rhode Island for court martial and will likely receive a sentence of a year or two on Governor's Island, the military prison in New York harbor for military deserters.

STRIKE NOTES.

It is reported that Companies I and L, stationed at the Valley shops, Hazleton, may be transferred to Drifton. Another rumor is to the effect that Company L will go to Drifton and Company Dransferred from the armory to the Valley shops.

After being in the field twenty days the Fifth, Fourteenth and Eighteenth Regiments, located at Ashland, Mahanoy City and Shenandoah, respectively, broke camp yesterday at noon and departed for Pittsburg.

A number of men employed at Eckley collieries, who returned to work on Monday, quit yesterday and will remain out until Coxe Bros. & Co. settles its troubles with its Drifton employes.

announced that the examination was to be conducted with as much speed as practicable, and requested both sides to lose no time in filing their statements which are to form the basis for the investigation.

The next meeting will be held in Scranton tomorrow morning, when the examination into the physical conditions of the anthracite coal mining and visits to the homes, of the miners will be commenced, with representatives of the miners and operators accompanying the commission.

miners and operators accompany.

An offer by the operators to furnish the commission with a special train was made in the open session, but the body decided later, in secret session, to decline the offer and pay its own expenses of every character. In order to be strictly impartial the commission will not accept favor from either side.

President John Mitchell, of the United Mine Workers of America, will represent the anthracite miners. Objection was raised by the operators to his recog-

Mr. Mitchell said that the question of his position as president of the union was not involved and announced that he appeared before the commission as the representative of the anthracite coal miners.

The commission made no attempt to settle the controversy, but it was made apparent that the recognition of the miners' union will be an important and treats welcome for the application of the miners' union will be an important and

knotty problem for the arbitrators.

Tombstone From Japan.

Tombstone From Japan.

A letter has been received by C. D. Boyle, of Plymouth, from Rear Admiral H. S. Barker, commander of the New York navy yard, to the effect that the United States ship Buffalo has arrived from Nagasaki, Japan, and has on board a tombstone, which was to have been erected over the grave of his son James Boyle, who died at Nagasaki.

When the ship reached that port it was found that the body of Boyle had been shipped home, and the stone therefore will be sent to Plymouth.
