FREELAND TRIBUNE VOL XV. NO. 100. TRI-WEEKLY

Stop a Moment!

There is only one thing in a Rub-ber Boot or Shoe that has any wearing qualities, and that is Rub-ber. There is absolutely no wear in any of the other ingredients.

in any of the other ingredients. There is only one way to reduce the cost, and that is to take out rubber and put in its place other things in which there is no wearing quality whatever. Every time the quality of a Rub-ber Boot or Shoe is reduced to per cent, its durability is reduced over 20 per cent. It is the falsest kind of false economy to buy anything but the purest Rubbers. Buckskin Rub-ber Boots and Shoes cost but little more than other kinds, and are sold by

McMENAMIN'S

For our part we would not if they could. For our part we would rather shut up our store and be idle than give anybody the right to say of it: "That store is not as careful of its reputation as it used to be." Re-putation is the bread and butter of this business, and is worth more to us than the few paltry dollars an end of the season's sale brings, if conducted under false pretenses.

conducted under false pretenses. The middle of the winter finds us with quite an assortment of sea-sonable goods, including Rubber Boots and Shoes, Hats and Caps, Gloves, Extra Heavy Underwear, Heavy Hosiery, and other articles designed for wear during this weather. These we have reduced in price—not to less than half their cost—but to a figure which will pleasingly surprise the buyer.

In Winter Neckwear, Collars, Cuffs, Men's Dress and Working Shoes, Women's and Children's Shoes, Gents' Furnishings, etc., our lines are very complete and the stock is of that same high-grade which you always found in our store.

We are pleased to quote you prices and have you examine the goods at any time. Do not forget that a child can buy here as cheap-ly and to as good advantage as the adult.

Hazle Township

Hazle Township. The voters of Hazle township elected the Democratic candidates by large majorities, with the exception of Dough-erty, for school director, who was de-feated by Robert Baskin, of Drifton. A heavy vote was polled throughout the township. The Socialists, who had a complete ticket in the field, received less than 100 votes and were not a factor in the contest.

The Poor District.

The Poor District. Incomplete returns from the various districts of the Middle Coal Field Poor District indicate the re-election of Di-rectors Campbell and White and Auditor Bleckley by very large majorities. Mr. Bleckley received a handsome com-plimentary vote in Freeland, and Mr. Campbell received the largest majority given yesterday to any Republican can-didate in this borough.

Coal Strike Report.

Coal Strike Report. Carroll D. Wright, recorder of the Anthracite Coal Strike Commission, stat-ed yesterday that the commission would begin considering the testimony to-morrow in the offices of the Interstate Commerce Commission at Washington. How long it might take to prepare the report he could not foretell. Not the slightest intimation. he said, had been given by any member of the commission of his views. Posibly the report may be ready for congress before March 4, but no such assurance can be given.

BASKET BALL.

BASKET BALL. The Crescents added another victory to their credit on Monday evening by de-feating the strong Ashland High school team by a score of 91 to 14. During the first half the visitors had things very much their 'own way and many thought they would win. The locals did not play their usual game. Welsh and Davis were the only players who scored baskets in the first half. The former had three while the latter scored one, which gave them a total of spoints. In the visitors succeeded in shooting for five baskets and 10 points. In the second half the locals showed up in fine form and six basket and a free throw was a result. The visitors suc-ceeded in scoring only twice, which made the score for the half 13 to 4 and the final: Crescents; 21; Ashland, 14. The line-up follows: Crescent Bestiver, Asherd

REPUBLICANS CARRY TOWN Martin Elected Burgess and

Rudewick Tax Collector. Heavy Slump in Democratic Wards Responsible for

the Result -- Foster Township Goes Republican.

CHAS. UNION COUNSELOR AT LAW NOTARY PUBLIC. ms1 and 2, Birkbeck Brick, Fre

the Result--Foster Town-ship Coes Republican. The Republicans won the honors in Freeland borough yesterday, electing William E. Martin, candidate for bur-gess, by 78 majority, Anthony Rude-wick for tax collector by 67 and George II. Hartunan for auditor by 124. The Republican candidates for poor distriet offices also swept the town, Campbell baving a majority of 166, White 111 and Bleckley 127. The vote as cast in each ward is published in another column. The total vote polled in the borough was 1,010, which is 25 less than was cast at the preceding election for bur-gess and tax collector. Some of the wards fell off heavily, while others in-creased slightly. These years ago the four Republican wards gave Drasher, for burgess, 164 majority, and Kline, for tax collector. 108 majority. The same wards yester-day gave Martin, for burgess, 161 over his opponent, and Rudewick, for tax collector, 153 majority. In the two Democratic wards, in 1900. Bojte, for burgess, led by 235 votes, and Malioy, for tax collector, by 194 These wards yesterday gave Oberrender, for tax collector, 85 majority, and McNelis, for tax collector, 85 majority. The above brief analysis of the vote proves conclusively that the Republican victory was not due to any gains in the wards due to respond to expectations. The slump in the Democratic vote in the Fifth and Sixth wards is said to be due to the capture by the Republicans of the Slavish and Polish voters in the districts named, which, with lukewarm interest shown by workers who were beretofore active in fighting the party's battle, cut heavily into the Democratic vote.

ote. In the Second and Fourth wards Republican councilmen were elected to eats which will be vacated by Republi-

Republican. The Fifth and Sixth wards returned Democratic school directors to take the place of men of the same party, and the new connellman from the Fifth will succeed a Democrat. The present splitchal complexity of the part of the Republicans. However, the '-I-told-you-so'' fellow was around today. The present political complexion of the council is eight Democrats and four Republicans, and that of the school board is the same. When the candid date-elect take their seats there will be no change in the number on either side. Whon Mr. Martin assumes the duties of the office to which he was chosen yes-terday, he will be the first Republicants since 1891, when John M. Powell was elected. His remarkable achievement of attaining an honor which so many of his party vainly endeavored to secure is a matter which is giving his friends much reason for congratulations.

Vote in the Wards.

Foster Township. The Republicans fared well in Foster township yesterday by electing every candidate on their ticket. The only Democrat who was successful was Jus-tice of the Peace M. P. Campbell, who was chosen to succeed himself. The Republicans nominated only one candi-date for the two vacancies, and this accounts for Mr. Campbell's election. The Tribune gives the vote of every township candidate, by districts, in its table in another column. The vote for poor district offices is not complete, three districts having failed to make returns to this office. Following is the vote polled in the ix wards of Freeland borough for ward and election officers. The first column and election officers. The first column shows the number of votes received by each candidate and the second column the majorities of the victors:
