CONTRACT FOR THREE YEARS Council Ends Suspense on Light Question.

After Considering the Matter Over a Year an Agree-ment Is Finally Reached. Other Business.

At its monthly meeting on Monday evening the borough council finally de-cided to enter upon a three-year con-tract for street lights with the Freeland Electric Light, Heat and Power Com-pany, and the question, which has been before the body for over a year, may now be looked upon as settled, as there emails nothbur, more to be done or remains nothing more to be done ex-cept the signing of the agreements by the borough officials.

The mathes bottmap and the agreements by the borough officials. The matter came before council in the form of a new proposition from the light company, submitted by Chairman Hin-cer, of the light committee. Its provi-sions, in brief, are that the company will furnish 42 are lights as at present located for 575 per light per year, on a three-year contract, and will fornish free light to the Municipal building. The light committee reported having gone into the matter thoroughly with the officials of the company and that these were the best terms they could secure. A discussion as to whether the company would agree to take care of the fire alarm system during the last two years of the contract followed. The able and an ordinance was drawn con-

able and an ordinance was drawn con-taining this clause. The ordinance then passed three read-ings by the votes of Messrs. Brennan, Crawford, Doggett, Hincer, McClellan, Ward and McLaughin. Wm. Gallagher voted against the ordinance. Messrs. P. G. Gallagher, McNeils and Moore were absent, and Mr. Carpenter left the meeting before a vote on the matter was taken. taker

The street committee reported having The street committee reported having looked over the town and found Adams street in need of attention. Property owners have asked for grades and the committee requested authority to secure a surveyor. They were allowed to en-gage a surveyor to do specified work and secure an estimate of probable cost of work required on that street. The same committee was authorized to prepare an ordinance having for its object the extension of Ridge and Centre streets northward to Schwabe street, and to notify all parties interested in the

They were authorized to have the work done. They were also authorized to secure bids for the erec-tion of a private stafiway to the fire-men's rooms in the Municipal building. Firemen who were present entered a protest against the proposed stafiway. Janitor O'Donnell was called on to tell what he knew of the affair and told of the condition in which he found the prisoner on the morning after the out-rage. The prisoner knew only two of the offenders, but said there were five or six in the party. A motion that a special committee be appointed to investigate and report with a recommendation to council was carried. The chair turned the matter over to the law and order committee. An Unusual Accident.

An Unusual Accident. James Dennion, of Ridge street, a miner in No. 2 colliery, Drifton, was in-jured last evening in a peculiar manner. With a number of fellow-workmen he entered a car to be bolsted to the sur-face. One of the men became fastened by the foot in a cross-bar of the car, and while endeavoring to release the limb his body was violently swayed in the direction of the other men. Dennion, to save himself and to assist the man who was entangled, suddenly stood up-right, and as he did so his head came in contact with a pipe-brace. The shock cut a five-inch gash in his head, into the bone, and a dozen stitches were requir-ed to close the wound. The injured man will be confined to his home for some weeks.

Changes in Time Table.

Changes in Time Table. It is announced that the Lehigh Val-ley trains leaving Freeland for Wilkes-barre at 11.32 a. m. and 6.33 p. m. and the train arriving here from the county seat at 7.29 p. m. will be discontinued after this week. This will give local patrons of the road one train to Wilkes-barre, at 7.29 a. m., and one train to return, at 4.44 p. m. There will be an-other train added, leaving here at about 9.10 a. m., which will connect at White Haven with a fast train for New York and Philadelphia. The discontinuance of the trains to and from Wilkesbarre is said to be due

and from Wilkesbarre is said to be due to the inroads made on the Valley's bus ness from Hazleton by the Wilkesbarr and Hazleton Railway.

Decided Against Controller.

Judge Lynch, in an opinion handed down, orders the bill paid. He says the law does not invest the controller with authority to decide how or in what man-ner a judge shall discharge his judical functions, and no judge who respects his high office, its power, honor and dignity will submit to such assumption of authority.

Husband Admits Quarrel.

Instanta Authin's Quarrel. Whether Mrs. Fred Barney, who was shot dead at her home in Wilkesbarre last Sunday night, was murdered, or whether she committed suicide or was accidentally shot, still remains a mys-tery. The husband was given a pre-liminary hearing and committed to jail to await the action of the grand jury. He maintains that his wife shot herself. The police are in doubt whether the He maintains that his wife shot herself. The police are in doubt whether the wound was self-inflicted, and Barney admits that they had a violent quarrel during the evening.

Government Seeds.

A quantity of government seeds has been received by the Tribune, through the courtesy of Hon. H. W. Palmer, and parties desiring the same can be sup-plied by calling at this office. The amount for free distribution this year is limited, consequently those who wish seeds should call at once. No packages will be given to children under seeds should call at once. of the year are laid bare, as they are when reports like the present one are published, the charge is found to be based on imagination more than facts. While there was a shrinkage in the revenue of the town, due probably to the labor troubles, council nevertheless has added more than \$1,000 to the bor-ough's resources, compared with a year ago, and the indobtedness has increased less than \$100. Barbers' Bill Vetoed. Governor Pennypacker has informed the legislature that he has vetoed the bill regulating the practicing of barber-ing. In disapproving this measure, the governor says that the effect of this bill, if it became a law, would be to create a new crime, punishable by im-prisonment. This crime which it is sought to establish is that of "practicing the occupation of barber without hav-ing obtained a certificate of registra-tion."
