Zorambo's Statement.

Victor Zorambo, who was convicted of murder in the second degree and sentenced to twenty years in the Eastern penitentiary for the part he played in the Anthony Senek murder, made a statement to County Detective Jones and District Attorney Jones. The confession varies little from what he said on the stand, with the exception that he admits now that he was present when Senek was struck the blow that killed him. This blow, according to Zorambo, was struck by Lenouskey, who is now in jail awaiting sentence, having been convicted of murder in the first degree. The district attorney does not place much faith in Zorambo's confession, it being his opinion that Lenouskey lured Senek to the scene of the crime, but that the blow was struck by Zorambo, who was in hiding waiting for Lenouskey to appear with the victim.

From a Cat Scratch

On the arm, to the worst sort of a burn, sore or boil. DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching, and protruding piles. Sold by Grover's City drug store.

Board Meets This Week.

The coal companies' representatives on the conciliation board, S. D. Warner, W. L. Connell and R. W. Luther, on Saturday were given formal notice of their selection as members of the board. They will likely meet with the miners' representatives on Thursday next, or organize and decide on the time and place of the hearings and the methods to be employed in adjusting the grievances.

Modern Dwelling for Rent.

Located on Birkbeck street; first floor has parlor, sitting room, dining room, kitchen, buttry; second floor, six bed rooms and bath room; garret has three plastered rooms, electric light throughout building; reasonable rent to right party. Thomas Evans, Birkbeck street.

Absentminded.

"Rather absentminded, isn't he?"
"Extremely so. Why, the other night when he got home he knew there was something he wanted to do, but he couldn't remember what it was until he had sat up over an hour trying to think."
"And did he finally remember it?"
"Yes, he discovered that he wanted to go to bed early!"

A Transposition.

Margaret—No, you cannot stay, love. Your mother says it is absolutely necessary for you to come home.
Elizabeth—Oh, dear! I sometimes think that mother is the inventor of necessity instead of necessity being the mother of invention.—Kansas City Journal.

It Depended.

Judge (to witness)—You say you have known the prisoner all your life?
Witness—Yes, your honor.
Judge—Now, in your opinion, do you think he could be guilty of stealing this money?
Witness—How much was it?

Homicide.

"We cannot consider your story seriously," wrote an editor to an author, "because you have killed your hero in the middle of it."
And the author replied, "I killed him early because he made me tired."—Atlanta Constitution.

Subordinate.

Mr. Byrnie Coyne—Ah, sweetest one, may I be your captain and guide your bark down the sea of life?
Mrs. Byrnie (a widow)—No, but you can be my second mate.—Detroit Free Press.

Disappointed.

"Her marriage was a great disappointment to her friends."
"Indeed!"
"Oh, yes. They all predicted it would turn out unhappily, and it didn't!"

GOMPERS ANSWERS PARRY.

8478 Manufacturers' Association President Has Lost His Senses.

In a statement replying to some of the things contained in the report of President Parry to the Manufacturers' association at New Orleans Samuel Gompers, president of the American Federation of Labor, says:

If there were any doubt that Mr. Parry had taken leave of his reason, the report (or, rather, harangue) which he has made to his convention demonstrates it beyond any doubt. If the Manufacturers' association, at its convention at New Orleans, indorses Mr. Parry's unjustified, undigested and malicious antagonism to the effort of the workers to secure material and moral improvement, they simply write themselves down to his low level and stand committed with him for all the injury which must follow from his rabid utterances, his venomous and ignorant antagonism, which must provoke only resentment and retaliation.

Organized labor is the result of our industrial development and environment. It proposes to secure a larger share of the production of wealth. It seeks to secure these objects by peaceful and lawful methods. It aims to establish more rightful relations between man and man.

Organized labor is here to stay—yes, to stay long after Mr. Parry's name shall have been forgotten. It has survived many encounters with men of the Parry caliber.

Organized labor seeks no such conflict as Mr. Parry would promote, nor will it run away from it. We desire industrial and social peace and are making for it, Mr. Parry and those who act with him to the contrary notwithstanding.

We shall be enabled soon to discern to what extent the manufacturers of the United States are in accord with him. At this writing we are confident that he represents but an infinitesimal part of the American employers.

Organized labor faces the future confident and self-reliant and huris back into the teeth of Mr. Parry his foul vituperation and abuse. Organized labor is constantly striving for the attainment of a better and higher life, the fulfillment of its mission for the brotherhood of man.

If the American manufacturer can stand Parry, organized labor certainly can stand him. He is dangerous only to his friends and associates; to those he chooses to treat as enemies he is perfectly harmless. He cannot open his mouth without injuring his own cause. He is a rarer, intemperate and bigoted, ignorant of the history of labor and the emancipation of industry. Even the element he represents in a measure recognizes the inexperience of his methods and gently admonishes him that he is too radical.

Waudby Is Well Qualified.

"The promotion of William S. Waudby to be commissioner of labor, if it shall be brought about by the active co-operation and demand of the labor forces, will be strictly in keeping with the civil service principles of which the president is a well known advocate," writes a Washington member of the typographical union, of which organization Mr. Waudby is also a member. "Mr. Waudby has been a special agent of the bureau of labor for about eight years and is thoroughly familiar with the problems presented. We, as workmen, want a commissioner of labor who will be to his peculiar field what the commissioner of Indian affairs is to the Indians, what the commissioner of pensions is to the pensioners, what the commissioner of patents is to the inventors, what the commissioner of the general land office is to matters pertaining to public lands, what the commissioner of education is to education—a man interested in the particular work covered by his sphere of action. We ought to have a commissioner of labor who is devoted heart and soul and mind to the interests of labor, and Mr. Waudby has the ability, the experience and the honesty to fill the office capably and acceptably to the only interests which should be consulted as to this particular appointment, the wage earners of the country."

Growth of Miners' Union.

S. M. Sexton, editor of the United Mine Workers' Journal, makes some very interesting comparisons in the current issue of that paper, giving the membership, growth and financial standing of the mine workers' organization during the five years that John Mitchell has been president of that body. President Mitchell was elected in 1898:

1898	32,902	1901	198,024
1899	61,887	1902	232,000
1900	115,621	1903	304,439

On Dec. 31, 1902, according to the official audit, there was in the treasury the sum of \$1,027,120.29.

This is a tremendous showing in both men and in money. A glance at the figures prove that there has never been a retrograde in either the number of members or in dollars since John Mitchell assumed the helm.

Night Work in Germany.

A movement has been inaugurated in Germany for the restriction of night work in some laborious industries. The demand is made that night work should be unlawful in the case of employees under eighteen years of age, and for adult males eight hours shall be the maximum legal period of night labor. It is urged that overtaxing the physical abilities of a workman diminishes his productive power. Too much of this lemon squeezing is being done, not only in Germany, but elsewhere. Every man has his limit, as has a mule or a steam engine. In overworked labor we have one of the secrets of a nation's physical decay and of that mental and moral rot known as anarchy.—Age of Steel.

The SPORTING WORLD

An Eccentric Ball Player.
There is no baseball player in the country with a more unique reputation than that of Rube Waddell, the famous pitcher of the Philadelphia Americans. Waddell is a genius if there ever was one on the green diamond. He will sign a contract for a high salary, and when the time comes to play he will

RUBE WADDELL.

be missing. Perhaps a month will elapse before the discovery will be made that he has been off on a fishing trip.

Fishing is Rube's "grand passion," and whenever the temptation of the rippling streams and the voracious trout becomes too strong for him to resist some baseball team is sure to lose an able twirler for a period varying from one to six weeks.

Rube is invincible when in form. He frequently strikes out from twelve to fifteen men in a single game, and in spite of his erratic temperament in other ways he seldom becomes rattled while in the box.

Waddell is doing great work for Connie Mack these days. He greatly aided the Athletics in their victorious race for the American league pennant last season and is proving himself more valuable every day.

Intercollegiate Tennis.

The Princeton tennis management has announced that a match in doubles has been arranged with Yale for May 16. The match will be played at New Haven, Conn., and will doubtless attract much attention, as this will be the first time in four years the old rivals have met with the rackets.

The candidates will commence practice as soon as the courts are put in condition, and the result will likely be a strong team. The orange and black has many eligible representatives. Among them are E. P. Larned, '06, the interscholastic champion, from Lawrenceville, and F. B. Alexander, '03, who has won distinction in several national and intercollegiate tournaments.

The management expects to arrange a match with Harvard later in the season.

Schuylkill Navy's Regatta.

The Schuylkill navy of Philadelphia will have a regatta on the Schuylkill river Saturday, June 20. This was decided upon by the representatives of the various clubs in the naval board at a recent meeting.

The regatta will be open only to crews of the clubs which make up the Schuylkill navy.

The naval board also decided to have a people's regatta July 4. This will be open to any organization that wishes to enter a crew.

Five hundred dollars was appropriated for expenses by the naval board for the June contests of the oarsmen.

Valuable Russell Swift.

The \$10,000 Russell Swift, recently purchased by W. H. Moore for show purposes, is a registered trotting breed stallion by Rene Russell and out of Ona S., by Kentucky Idol, second dam Dolly S., by Bay Wilkes. Rene Russell is by Lord Russell, full brother to Maud S., 2:08½.

Old National Players.

The deans of the National league in point of playing service are Charles Farrell and George Van Haltren, both of whom are still strong and husky, mighty with the bat, powerful of wing and of infinite value to any club as coaches of the younger players.

A Future Dan Patch?

D. A. Messner, Jr., of Oxford, Ind., the former owner of Dan Patch, has just purchased the green trotter Maignard, by Axtell. The purchase price was \$4,000. Mr. Messner is confident that he has another winner of the Dan Patch caliber.

Walthour Wealthy.

Bobby Walthour is said to be the wealthiest cyclist in the country. He is credited with winning \$12,000 following pace last season and in two years has accumulated in the neighborhood of \$25,000.

As to Advance Money.

With the exception of Delehanly and Davis, all the players have returned their advance money under the terms of the peace agreement.

ROUND THE REGION.

A reminiscence of the coal strike developed in Columbia county court when the grand jury ignored the bill against Patrick Cain and others charged with unlawful assembly and placed the costs upon the prosecutor, Ferdinand Stelmetz. This is the case in which 200 Centralia citizens were arrested. Accompanied by half the population of Centralia, the defendants went to the county seat, Bloomsburg, where they paraded the streets to the music of a "Strikers' Band" before entering the courthouse for their preliminary hearing.

The motormen and conductors of the Lehigh Traction Company have asked for 20 cents an hour for two-year men and double time for overtime. They now receive 16½ cents an hour and overtime at the regular rate. The company offers 18 cents an hour, time and half for overtime. This will be considered by the men at the next meeting.

Pittston's city councils has granted the Cannon Ball Railway Company a franchise to use the city's streets. The company had previously seized the streets and laid tracks. The line will be in operation between Pittston and Scranton within a few days.

Charles A. Dorney, a wealthy retired furniture manufacturer, president of the Hietory Run Brick Company, and owner of 12,000 acres of forest land in Monroe and Carbon counties, died at Allentown.

The famous Switchback Railroad will be placed in operation this week. The coming season promises to be one of the most successful in the road's history. Forty-one excursions are booked so far.

Mrs. Josephine Lomass, of Hazleton, was found guilty in Schuylkill county court of shooting Mrs. Theresa Furcation of McAdoo. Judge Marr imposed a sentence of one year in jail.

Mrs. Theodore Roosevelt has given a portrait of the president to Weissport borough for the benefit of a fair and festival, the purpose of which is to raise funds to beautify the borough park.

James Sweeney, the Nanticoke murderer, was on Saturday sentenced to twenty years in the Eastern penitentiary for the murder of Joseph Gullen during the recent strike.

Mine foremen employed by the Lehigh Valley Coal Company have received an advance of \$15 per month and fire bosses' wages have been raised \$10 per month.

Evan L. Jones, the Nanticoke politician accused of attempting to bribe a school director, has been acquitted.

Lansford Board of Health is battling with two cases of smallpox.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size lose two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Grover's City drug store.

Grand New York Excursion.

Via Lehigh Valley Railroad, May 20. Tickets limited five days, including date of issue. Fare from Freeland: Adults, \$3; children, \$2.25.

See ticket agents for further particulars.

BASE BALL.

George T. Wells, outside superintendent of Cox Bros. & Co., served notice on the Tigers that Sunday ball playing would not be permitted on the company's land, and the game scheduled to be played yesterday with the Stafford club, of Wilkesbarre, was indefinitely postponed.

At Jeddo yesterday Drifton club met defeat at the hands of the Bataklava team, of town. The score was 8 to 7.

White Haven High school club was defeated at the Tigers park Saturday afternoon, 13 to 6, by the Mining and Mechanical Institute club.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Grover's City drug store.

BY SISTERS OF HOLY CROSS.

Indorsement of Father John's Medicine as a Tonic and Body Builder For The Weak and Run Down.

"We cheerfully recommend Father John's Medicine as a good remedy for bronchial troubles and as a tonic and body builder for those who are weak and run down. Several persons of our institution have used it with beneficial results." (Signed) Sisters of Holy Cross, 44 Chandler St., Nashua, N. H. Not a "cough syrup" or patent medicine with weakening stimulants, but a food medicine—the prescription of an eminent specialist. It is guaranteed to cure all throat and lung troubles, scrofula, skin diseases, rheumatism and all ailments resulting from weak and impure blood. Fifty years in use.

Early Spring at the Seashore.

In a hundred ways conditions at the seashore have changed. The time was when one never considered that the shore could be visited until a hot season of July and August, first because of the supposed miserable weather, and because there were no hotel accommodations for those who dared to visit, nor were there any attractions in the amusement line. Of course the Southern and Florida resorts were in bloom, but in May and June the weather was far from delightful, and for the busy man who desires in a day or two's outing during these charming months Florida was out of the question. Then Atlantic City came to the front. A superb climate, magnificent hotels, entertainment galore, and all within three hours of New York, and at the shore too, what more could you ask.

Atlantic City at the present time is the ideal spot, its temperature averaging in the seventies, when overcoats and heavy clothing are unnecessary. The ocean breezes are most exhilarating and bracing, and the board walk is thronged with a happy crowd. Down at inlet two score of craft are in commission for delightful pleasure cruises along the shore. The several big ocean piers are alive and entertainment is provided for young and old in the form of theatricals, concerts, cakewalks, basket ball games, dancing and like diversions.

The bazaars on the board walk are all open and from the inlet to Chelsea there is an incessant liveliness. Atlantic City was made famous by its marvellous hotels, and every one of the beach front hostilities numbering fully a score and accommodating fully 20,000 guests, is open for reception of visitors. These hotels cater to your every demand, and nothing is left undone which will make you happy and comfortable.

The cuisine in every instance is equal to that of the fashionable metropolitan houses, and when you consider the fact that Atlantic City is but three hours distant from New York by the New Jersey Central, it can be readily imagined that Atlantic City is the leading resort for May and June, as well as the seasons. The New Jersey Central has vestibule trains with buffet Pullman's from its Liberty Street station, New York, at 9:40 a. m. and 3:40 p. m. and if you want to know about Atlantic City and a postal card, C. M. Burt, G. P. A., New Jersey Central, New York City, room 8, for booklet, free for the asking.

May 29—Annual ball of Fernouts Athletic Association at Cross Creek hall, Drifton. Admission, 35 cents.

May 30—Picnic and field day exercises under the auspices of Tigers Athletic Club at the Public park.

A Little Early Riser
now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Riser are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days there will be no return of the complaint. Sold by Grover's City drug store.

Do You Enjoy What You Eat?

You can eat whatever and whenever you like if you take Kodol. By the use of this remedy disordered digestion and diseased stomachs are so completely restored to health, and the full performance of their functions naturally, that such foods as would tie one into a double-bow-knot are eaten without even a "rumbling" and with a positive pleasure and enjoyment. And what is more—these foods are assimilated and transformed into the kind of nutriment that is appropriated by the blood and tissues.

Kodol is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties.

Kodol cures indigestion, dyspepsia and all disorders resulting therefrom.

Kodol Digests What You Eat
Makes the Stomach Sweet.
