In Luzerne and Wyoming Counties may
be used in this newspaper or their immediate
neighborhoods. You may use the
word in any form, or, better
yet, in any form and they will furnish
of this coupon.

There are fifteen advertisers on this
page. Each advertiser has a sentence
to make up a grammatically correct sen-
tence from each advertisement. The
best grammatically correct sentence EX-
CEPT the one in this paper, and partici-
pation in the next best sentence,
ending in the third best.

Words may work together on a sentence, and
sentences as they wish, but only one sentence
from any one family. Sentences will be
printed by this paper, and participation in
evidence that those participating agree
of the judges.

Contest each week for the next thirty weeks.
Prizes will be paid in
which will be accepted as cash by any of
age. The order in which the words are
of the ideas will be changed from week to
well as the names of the winners will be

The Scranton-Spring Brook Water Service Company

The water supply of the entire Wilkes-Barre district, comprising 52 separate civil divisions, with an area approximately 90 square miles, is furnished by Scranton-Spring Brook Water Service Company. The total population is estimated at 371,000, which is served through 82,500 taps in the distribution system.

The water, obtained from virgin mountain springs and streams, from 15 separate sources in forested watersheds, is impounded in 39 reservoirs, providing a total storage of 12 billion gallons, and distributed through 705 miles of distribution mains.

All Water Served To Consumers Is Carefully Sterilized.

Oriental Carpet Importers

There is only one way Oriental Carpets can be safely washed, and that is by hand under the care of experts. Oriental carpets deserve a care no less specialized than paintings. We invite our patrons to see their carpets being washed, by hand, in Castile soap, carefully rinsed and dried by tepid air in motion.

All carpets called for and delivered. Other carpets may be loaned, so floors need not be marred or patrons inconvenienced. All carpets, tapestries and other woven objects d'art carefully insured while in our possession.

DAIRY

KUNKLE

Mr. and Mrs. C. W. Kunkle were the guests of Mr. and Mrs. William Still, of Shavertown at dinner on Thursday of last week.

HIGH-PRODUCING COW IS FAVORED

Costs More to Feed but More Than Makes It Up.

Ohio, with the sixth largest number of dairy cows among the important dairying states, supports more than one-third of a million cows kept for milking purposes than are actually needed to produce the same volume of milk and butterfat now being obtained. This is the conclusion from statistics on the dairy industry of the state and on the performance of the 9,171 cows of herds in cow-testing associations.

Ohio has approximately 926,000 cows and heifers two years old and over. Average production of milk is about 4,500 pounds per cow per year. Average production of butterfat is about 160 pounds per year. But the 9,171 cows in the cow testing associations averaged a production of 7,451 pounds of milk and 315 pounds of butterfat in 1927. If that had been the average for all the cows in the state, only about 566,000 cows would have been needed to produce the same quantity of milk, and only 470,000 to produce the same weight of butterfat. That presupposes that the quality of all cows in the state, and their care and management, were kept at the same standard as those of the cows in the cow testing associations.

Looking at it in another way, if all the cows in the state were brought to the same standards of productivity as those of the cows in the associations, the milk flow in Ohio would amount to nearly seven billion pounds a year instead of only a little more than four billion. And the butterfat produced would total more than 292,000,000 pounds instead of 148,900,000 pounds.

Charts and records of feeding kept in the cow testing associations, show that it costs more to feed the high-producing cow, but that increased cost is far below the proportionate gain.

Best Roughage for Milk Cows During the Winter

The best roughage for milk cows in the winter is a mixture of legume hay and some kind of succulent material such as silage or roots. Alfalfa hay is one of the best hays for feeding to milk cows, although clover, soy bean hay and others being used to that family give excellent results. Corn silage is perhaps as common a feed as is available for supplying succulence, although mangels, carrots and sugar beets are also excellent. If legume hay and such succulent feeds as were mentioned are not available, cane hay, sudan hay and millet hay will give reasonably good results. When a nonlegume hay such as the three just mentioned is fed it will be necessary to make up the protein in the grain mixture. That will necessitate the use of some high protein concentrate such as linseed oil meal, cottonseed meal, gluten meal, soy bean oil meal, peanut meal or coconut meal.

Start Dairy Industry by Using Pure-Bred Sires

Dairying, as with other forms of live stock production, is not a thing which should be promoted. Ill-directed ventures usually result from promotion and rapid expansion. It is growing, and the use of good bulls, good pastures, and good home-grown feeds are excellent steps on which to build for the future. A hickory grows slowly; a castor bean grows rapidly. The hickory lasts from year to year and makes a tough and desirable wood. The castor bean dies at the first touch of frost. The dairy industry started by the use of better bulls, grows like the hickory, slowly but steadily, and withstands cold, low prices, and other discouraging influences.

New Electric Clippers Are Handy for Dairyman

A new electric clipper and groomer, operated somewhat on the principle of a vacuum cleaner, has been invented for the use of the dairyman who wishes to produce the cleanest milk possible with the least effort and expense. This device attaches to the milking machine vacuum pipe line and removes dirt, dust, germs, hair and filth which might get into the milk and injure its quality and purity. A similar device, but operated independently by an electric motor instead of the milking machine system, is another recent development that has proven its ability to keep dairy cows clean economically.

Cull Boarders

The need of more economic and efficient production is quite apparent on every hand. The dairy farmer must cull out the low producing cows from his herd and build for a greater production for each cow through keeping records of production, by using better sires, and by following the best methods in feeding, breeding and management. The same problems must be considered by the manufacturer and distributor of dairy products.

Mr. and Mrs. Howard Grummel and family of Forty Fort, were callers at the home of Mr. and Mrs. Henry Shoemaker on Sunday.

Mrs. J. S. Kunkle and Mrs. Olin Kunkle made a business trip to the city on Tuesday.

Mrs. Harry Doll, of Evans Falls, and Mrs. George Landon, spent Friday last with their parents, Mr. and Mrs. Wheeler Herdman.

Mr. and Mrs. William Brace entertained on Saturday Mr. and Mrs. Russell Miers and daughter, Felice and Mr. and Mrs. Charles Wertman.

Mr. and Mrs. William Miers and daughter Hannah Jane, Mr. and Mrs. Dewey Mitchell and children and Aaron Wandall, motored to Laceyville in Mr. Mier's car on Sunday where they spent the day with Mrs. Mitchell's sister, Mrs. Andrew Keller and family.

William Baird, of Trucksville, was honor guest at a birthday dinner given at the Olin Kunkle home on Sunday. The affair was planned by his neices and nephews and was a complete surprise to "Uncle Billie," whose seventy-ninth birthday occurred on the following day. Mr. Baird was presented with a handsome gift. Those who enjoyed the day with Mr. Baird were Mrs. Etta Kochoer, Margaret May, Mr. and Mrs. S. Durland, of Wyoming; Mrs. F. Makinson, Mr. and Mrs. Carl Makinson, Nellie Makinson and Mr. and Mrs. J. W. Walters, of Forty Fort; Mr. and Mrs. J. S. Kunkle, Mr. and Mrs. Fred Kunkle, Miss Margaret Kunkle, Mr. and Mrs. Olin Kunkle, Eleanor and Charles D. Kunkle.

Mrs. Charles Herdman entertained at dinner on Thursday, Mrs. Amos Kitchen of Alderson and Mrs. Kiler Richards.

Mr. and Mrs. Palmer Updyke entertained on Sunday Mr. and Mrs. Levi Updyke and family of Mt. Greenwood.

Mrs. Kiler Richards made a business trip to Wilkes-Barre on Tuesday.

Mr. and Mrs. W. H. Conden entertained at dinner on Sunday Mr. and Mrs. Lewis Nulton, Alfred and Miss Mildred Nulton and for the afternoon and evening Mr. and Mrs. Edward Conden and children Lois and William.

A. C. Devens motored to Binghamton, N. Y. with Andrew Adams, of Bloomsburg on Thursday to attend a millers meeting.

Dr. Swartz, of Dallas was called on Wednesday night to attend Mrs. M. C. Miers who suffered a serious attack of indigestion.

Mrs. W. H. Conden, Mrs. A. C. Devens, Mrs. Charles Wertman and Mrs. Russell Miers and daughter, Felice attended the meeting of the W. C. T. U. at Mrs. Van Nortwick's, of Dallas on Tuesday.

Mrs. Oliver Ellsworth was called to care for Mrs. Brown, of Wilkes-Barre last week who is seriously ill.

A surprise party was given for Mrs. Ralph Elston at her home on Wednesday evening the occasion being her birthday anniversary. A delightful evening was enjoyed by Mrs. Marvin Elston, Mrs. Owen Ide, Mr. and Mrs. John Isaacs, Mrs. Ralph Hess and daughter Doris, Mrs. Oliver Hoyt and daughter Mildred, Mr. and Mrs. Stanley Elston and daughters Helen, Lena and Eleanor, Misses Mildred Devens, Althea Landon, Dorothy Elston, Owen Jones, Jr., Mr. and Mrs. Ralph Elston and children Gomer, Marvin, Estella, Wayne and Eugene.

Mr. and Mrs. Russell Achuff, of Shavertown, spent Saturday last with the latter's parents, Mr. and Mrs. Fred Ellsworth.

Draper Evans, who calls for the dances at the Community Hall, was absent Saturday evening on account of the illness of his infant daughter.

Mr. and Mrs. Lewis Nulton and Mr. and Mrs. Albert Kunkle spent Tuesday evening with Mr. and Mrs. John Pugh, of Edwardsville.

Mrs. Fred Kunkle visited Mrs. Roannah Landon on Wednesday afternoon.

Laketon basket ball teams defeated the Dallas Township teams at the Community Hall on Wednesday even
