## HIGH SCHOOL PAGE

This page is contributed to the interest of all the High Schools served by The Dallas Post. It has the approval and active support of A. P. Cope, county superintendent of schools and each of the five superintendents. It is conducted by these High Schools for three major purposes: to foster, sponsor and exchange High School and Inter-High School activities of the respective schools; to inform the public of this section about matters pertaining to the school life for which their taxes are paid; to develop the literary talents of the student editors of each class of the five schools.

## Lehman Township

O. H. AURAND, Supt.

The school observed Washington's Birthday by holding a "straight session." We had a very interesting program in chapel which consisted of readings, a selection from the high school quartet, and selections by the girls chorus. This was very capably conducted by Miss Park, one of our high school teachers.

We were also very pleased to have the opportunity to listen to a short address by Rev. James Burleigh, of Lehman.

The Lehman boys clashed with the Oakdale team on Friday night and retreated victorious by a very small margin, the score being 22-23.

The Senior Class published on Wednesday the first issue of "The Last Minute," a weekly school paper. It consists of news of the social and athletic activities of our school, faculty and the alumni. With continued practice in journalism we hope the paper may become a creditable representative of our school. It is to sell for the nominal sum of five cents per copy or fifty cents for the remaining twelve issues. It should combine financial and literary profit, as well as create closer relations throughout the school. Every pupil will want a copy.

### Basket Ball

In recent basket ball games Coach Carey has frequently made us of the humble Scrubs and with good results. Twice they have pulled seemingly hopeless games from the fire. The youngsters seem to show a do or die spirit which is so necessary to a winning team. The varsity has not been able to get going in recent games with anything like the form they showed in the early season. We hope they have ended their mid-season slump and will again reel off fine scores. They have been much hampered by sickness among their number and may revive to better form with the return of all the invalids.

EXTRA SPECIAL—The Juniors have nothing to say this week to the reporters.

Last Friday afternoon an interesting game took place in our gymnasium when our Seventh and Eighth Grade girls met and defeated the seventh and eighth grade girls from Laketon. The score at the end of the first half was 10-4 in favor of Laketon. A little encouragement and our team gained fifteen points, the final score being 19-10.

The girls expect to have a return game in the near future played on the Laketon floor. A feature of the game was the fine spirit manifested by both teams.

### Britain's Famous Port

The name "Liverpool" is supposed to be derived from a Norse word meaning "The Pool of the Slopes." Liverpool began its career as a shipping port in the Twelfth century when Chester harbor became too silted up for heavy-laden vessels, and the ships were compelled to seek harborage in an inlet in the Mersey estuary.

### Laketon High School's "Ten Commandments"

Laketon high school, one of the most progressive smaller high schools of Luzerne County, through Miss Adda Baringer, reporter for the Junior class offers an original "Ten Commandments," to be directly applied to athletics. The rules are as follows:

- (5) Remember this code of fair play and live up to it.
- (6) Thou shalt not cheat.

- (9) Thou shalt not dispute thine umpire.
- (10) Thou shalt be a good loser.

"When the Great Scorer comes, To write against your name, He'll write, not that you won or lost, But how you played the game."

—Adda Garinger, Junior Reporter

A very pleasing Washington-Lincoln day program was given by the Laketon High School in the afternoon of Friday, February 15. It was enjoyed immensely by the parents of several of those taking part, as well as the entire student body.

### Commandments of Study

## Dallas Township

MAURICE J. GIRTON, Supt. Prin.

The Eighth Grade recently held a class party at the home of Bertha Updye. Those present were: Inez Boston, Evelyn Ryman, Irvin Berlew, Frank Boston, Ellen Kunkle, Esther Kunkle, Marie Ryman, Mr. and Mrs. Updye, Carl and Emma Gernan, Arline, Jane, Josephine, Bertha and Palmer Updye.

Helen Spencer has invited the Tenth Grade to her home for a hot lunch after basket ball practice next Tuesday night. The girls of the class will furnish the refreshments. The Tenth Grade is also planning for another box social to be held in March.

On Wednesday, February 20th both the boys and girls basket ball teams played at Laketon. Although we lost both games, we made a good showing. The players have gained valuable experience from the stiff opposition which they have encountered all season. No games were scheduled for this week.

## Health Official Is Making Milk Survey In Towns

Dr. D. A. McCarthy, representative of the Pennsylvania Department of Health is making a survey of the West Side towns, from West Pittston to Shickshinny with a view of establishing a centralized milk control area. He is being assisted by H. E. Schroat, field laboratory director. The move was made at the request of the health boards of Kingston, Plymouth, Luzerne and Forty Fort.

The establishment of such a board will necessitate a contribution or tax of three cents per capita per year. The milk control board would concentrate its efforts in forcing agencies to provide milk of the highest standard. An experienced inspector would be selected to head the board.

- (3) Thou shalt not kill the school spirit which is present, for if thou doest so, the school will not prosper.
- (4) Honor thy teachers.
- (5) We shall remember our Alma Mater and hold her name holy.
- (6) We shall love our classmates as ourselves.
- (7) We shall have no other books before us except those who know to be beneficial and instructive.
- (8) Thou shalt not commit the unpardonable sin of copying.
- (9) Thou shalt not waste golden moments, for each moment is a jewel in the crown of success.
- (10) Thou shalt do thy very best in all things, for things half done are better undone.

Caesar In Revised Form  
The following selection is taken from the first chapter of Caesar, but is revised, and for this fact we would offer profuse apologies to him—if he were living! (Poor Caesar!)

All Laketon is divided into four parts and they who inhabit the assembly hall are called Freshmen, Sophomores and Juniors, while those who inhabit the class room, in our language are called Seniors. All the languages, studies and laws differ. The Seniors are separated from the other classes by the wide hallway and two partitions.

The bravest of all these are the Seniors, because they are farthest away from the others. Nearby are the Juniors, with whom we often wage war. Because of this we must surpass them in bravery, for we also wage war in their territories and often overcome them.
