VOLUME 7 INTER-HIGH SCHOOL NEWS OF GREATER-DALLAS NUMBER 20

## HIGH SCHOOL PAGE

This page is contributed to the interest of all the High Schools served by The Dallas Post. It has the approval and active support of A. P. Cope, county superintendent of schools and each of the five superintendents. It is conducted by these High Schools for three major purposes: to foster, sponsor and exchange High School and Inter-High School activities of the respective schools; to inform the public of this section about matters pertaining to the school life for which their taxes are paid; to develop the literary talents of the student editors of each class of the five schools.

## Lehman Township

O. H. AURAND, Supt.

Interest in school banking continues as the term draws near to a close. The Sophomores continue to lead with a 100 per cent record which they have maintained all year. The entire school has persistently maintained an average of better than 70 per cent. The greatest recent gain has been shown in the Seventh and Eighth Grades. This room has advanced from below 50 per cent to about 60 per cent and is still going up. In Thrift Week the school banked 91 per cent thus earning two fine pictures presented by the Educational Thrift Service. The pictures were framed by the pupils of the first four grades and presented to the school.

Base ball is claiming the interest of the boys of all ages. Last Saturday the team representing the Ide-town grade school boldly advanced to Lehman and engaged the Lehman grades in mortal combat. The outcome was characteristic of such youthful battles, 17 to 4. It would be unkind to tell which team had 17 runs.

The Special Alumni number of "The Last Minute" aroused considerable interest among the alumni, and was responsible for many new subscriptions. The paper seems to be filling a need. The alumni number was timed to appear with the Easter vacation of the various schools and colleges. Unfortunately the alumni did not do so well in their Easter basket ball games with the school teams, since they lost both to the high school. This game is always the finale to the school season.

Miss Marjory Foss, Junior Class president, is the only high school pupil who has had a lengthy siege of illness recently. She returned recently after an absence of about two weeks. According to the Sweet Valley Herald, she was afflicted with complications.

Recent visitors at school were Miss Erma Shupp, '28, and Miss Gertrude Culp, '26. Alumni are always welcome, although sometimes they are put to work as was the case with Miss Culp, who assisted with several classes.

The close of the basket ball season finds the High School Athletic Association with a fair-sized surplus in the treasury. This will be disposed of in the purchase of auditorium chairs to replace breakage and by the addition of other athletic supplies.

Although our scientific supplies and apparatus already exceeded actual requirements, the board has recently purchased some fine new equipment of the most acceptable type. An elaborate list of science demonstrations on par with those of the largest schools, is now possible. A complete list of gymnasium equipment has also been ordered. Additional library facilities have made our library complete in every detail, with a large number of books available. The library is already one of the most useful features of the school.

Students of the high school kept up their fine spirit of co-operation by banking 100 per cent again this week.

A representative from Rider College at Trenton, New Jersey, gave a talk to the Seniors of the high school on "Guidance." In his talk he gave some very valuable advice to the students. He said, "No one, if he is undecided as to what he wishes to do for a life work, can make a mistake by entering into business." The pupils appreciated his talk very much.
