EMPHASIZING its value leadership, making it plainer than ever, are Plymouth's new lower prices representing savings of \$25 to \$40 on popular models.

Plymouth quality has not been changed in the least—it remains the same fine quality which has given this car an international repute for economy of operation and upkeep.

In the lowest-priced field, Plymouth is more than ever the outstanding full-size car giving ample room for five grown-ups. It is still the only car near its price equipped with weatherproof hydraulic four-wheel brakes.

It is still the one big buy at its price combining modern engineering improvements and performance with modern style and luxury.

Compare it, try to equal it among the cars of its class—and inevitably you will rank it first and foremost in every element that determines true motor-car value.
