**To Attend Ministerium**

The members of the church council of St. Paul's Lutheran Church met at the parsonage on Tuesday evening with all members present. The council has one vote in each ministerium convention, so Earl Monk was selected as a delegate to go to Scranton on June 3. The whole council will attend in a body.

**Memorial Service**

The Boy and Girl Scouts of Shavertown attended Memorial services Sunday night at the Shavertown M. E. Church. Several special numbers were added to the regular services, which were well received. A cornet solo by Howard Hallock, bugle calls by Lacey Williams and "In Flanders Fields" by Mrs. Hubert Williams were a part of the program.

**Fish Stories—Believe It or Not**

Russell Engle of Shavertown pulled from Harvey's Lake this week a bull-head weighing 2 3/4 pounds. Earl Monk was fishing at Mt. Zion and the "cutties" were biting so fast he had to have his son Billie take them off the hook while he pulled them in. Fred Jones of Shavertown pulled a 24-inch brown trout out of Bowman's Creek, the largest of a nice mess. H. S. Leek caught a seven-pound fish at Harvey's Lake, but just as he was about to pull him into the boat he got away. When asked how he knew the exact weight of the fish he stated it had scales on his back.

**Why Put Luzerne County On The Minority Side?**

**DR. C. MURRAY TURPIN**

The President of the United States is a Republican.  
The Senate of the United States is Republican.  
The House of Representatives of the United States is Republican by a big majority.

On next Tuesday, Mr. and Mrs. Voter, you will be called on to elect a congressman to sit as a member of the House of Representatives.

Ask yourself: Will I be doing the wise and proper thing in sending to Washington a Republican to cooperate with the majority, or should I send to Washington a Democrat to join the minority?

If you were voting to send a delegate to a convention would you favor one who you knew had to vote with the minority, or would you cast your vote for one who would take his place with the majority?  
This congressional contest is nothing more than a decision on the part of the electors of Luzerne County as to whether they want a representative on the majority side of the House or a representative on the minority or losing side.

The majority side is for a protective tariff—protection to industries so that industries may prosper. When industries prosper there is a demand for anthracite coal. Therefore, it is vital to elect to Congress a man for the majority side.

Remember the majority always wins. Why not put Luzerne County in the class of a winner? Elect to Congress Dr. C. Murray Turpin, a Republican—one who will get things done. He will be on the majority side of the House.
