Harvey's Lake is beginning to assume its summer aspect. Now that many of the schools are out the cottagers are moving in for the summer. Caretakers are busy mowing lawns and trimming hedges and housemaids are dusting and washing windows. In another few weeks Harvey's Lake will be in full bloom. The lake looks a little different at night now since the law has been passed requiring all boats to carry lights. This is certainly a very good law but we imagine it doesn't seem so nice to the young couples who love to glide along under the moon in a canoe. A light on a canoe does seem rather unromantic, doesn't it?

Mrs. Harry Harris and children of Wilkes-Barre spent last week-end with Mr. and Mrs. Jacob Harris.

The Rev. Mr. and Mrs. York attended the graduation exercises at Wyoming Seminary last Tuesday. Their daughter, Genevieve, graduated at that time.

George Smith, Jr., got the worst of it in an encounter with a German police dog last Monday. George was riding a bicycle when the dog, who evidently did not like bicycle riders, attacked him and bit him on the leg. George is not dead yet and neither is the dog.

The weather man and Contractor Koons being still on good terms, we can say that the new road will be completed by the time this issue is published. At the time of this writing concrete has been laid as far as the cut back of the old saw mill and the remainder should be completed by Saturday. Then after the usual wait for the concrete to harden we'll be able to travel over our new road with its super-elevated curves at full speed—and how!

Mrs. Herman Garinger and Mrs. Harvey Kitchen attended the graduation exercises at Wyoming Seminary last Tuesday.

The work on the new tennis courts that are being built will be a welcome addition. In the past the court owned by A. A. Stull was the only one available. J. Sordoni has the contract for building the courts.

The two grey fox kits captured by R. A. Davis are still drawing quite a few visitors. If you haven't seen them, stop at Ralph's some day. They are well worth seeing.

**HINTS FOR THE HOME**

"What pieces of silver will she need first," is a question that comes to all who make the bride a gift of sterling. And the most practical way to answer it is to lay out a dinner menu for at least four, and see just what is required to serve the meal correctly.

For the soup course, select 4 dessert spoons; they are quite proper, and can be used for serving spoons at other times. Instead of bread and butter spreaders, 4 tea knives. (These can also be used for breakfast and luncheon services.) For the meat course, 4 dinner knives and forks; for salad, 4 dessert forks (instead of salad forks, which serve only the one purpose); for dessert, 4 more dessert forks will be needed, and 4 after dinner coffee spoons. And to this collection it is wise to add a dozen tea spoons.

"Sixes and eights" of each are of course the ideal numbers in the gift of sterling flat ware. But as a minimum, the selection given will do the greatest service.

**OAKLAND AND PONTIAC SIXES SHOW HIGH RECORD FOR YEAR**

Sales of new Oakland and Pontiac Sixes for the first five months of this year totaled more than 55 per cent of the entire output during the twelve months of 1928. W. R. Tracey, vice president in charge of sales of the Oakland Motor Car Company announces.

As a result of the volume achieved to date, Mr. Tracey stated that every indication points to a new high record for the year, substantially exceeding the previous record of 262,000 units sold during 1928.

Despite a three-day vacation shut-down of the plant during the latter part of May, shipments for the month were 28,444 new Oakland A-1 Americans and Pontiac Big Sixes, according to Mr. Tracey.

The high May figure brings the number of cars shipped to dealers during the first five months of 1929 to 145,868 units, a gain of eleven per cent over the 131,303 cars shipped in the same period last year.
