CHRYSLER MOTORS PRODUCT

Announcing New Features that create even Higher Standards in **PLYMOUTH** Performance, Comfort & Quality

FULL SIZE

PLYMOUTH now shows the public something new and altogether beyond comparison in performance, comfort and quality.

Today's improved Plymouth has a much heavier crankshaft; much larger main bearings and connecting rods; a full-pressure lubricating system of new design—and other Chrysler advancements that have a brilliant new effect on Plymouth performance.

In addition, rubber-insulated engine mountings, silchrome exhaust valves, aluminum alloy pistons, body impulse neutralizer and other advanced features contribute toward making Plymouth so delightfully smooth at all speeds

Already famous for comfort, the full-size Plymouth is now more comfortable than ever. Its wide, deep seats with self-conforming cushions of a new type give you "easy-chair" repose.

Plymouth radiates the charm of new Springtime colors that enhance its crisp smartness of line.

The obviously greater quality and value of the improved Plymouth are apparent in every phase of its appearance and behavior—in its greater interior roominess and comfort—in its greater economy of operation—and in its greater stamina and long life.

Equally obvious is the greater safety of Plymouth—made certain by full-size

IMPORTANT NEW FEATURES
 Increased Engine Stroke and piston displacement range.
 Heavier Crankshaft.
 Larger Main Bearings and Connecting Rods.
 New Design Full-Pressure Lubricating System.
 Improved Steering Mechanism.
 Greater Economy of operation and upkeep.
 New Self-Conforming seat cushions.
 New Spring Colors—and a number of other highly scientific Chrysler engineering refinements.

\$655.00 and upwards, f. o. b. factory

Chrysler weatherproof internal-expanding hydraulic brakes on all four wheels.

This is Plymouth's National Display and Demonstration Week. Make it a point this week to examine and drive the improved Plymouth. It will be well worth your time.
