The disciples of Izaak Walton are famed far and wide for the variety and style of their fish stories. Just now however they seem somewhat quiet, while the hunter has a tale or two to tell. The season being wrong for the hunting of the usual forms of game, woodchuck and hawks seem to be furnishing the most important targets for the gunner. This story is true—we can vouch for it. Jim Perry, who lives on the other side of East Dallas in what is popularly known as Canada, set out Saturday morning with a double-barreled shotgun. He found his way onto the farm of Ira Coons before he sighted any game at all. Then in quick succession he saw a woodchuck and a hawk. He fired two times and only two. The hawk was high, but his aim was good. It measured forty-eight inches from wing tip to tip, and the woodchuck weighed a heavy eleven pounds. Jim would like to know if anyone can beat that record, and would especially like to challenge his old friend, Frank Morris, to get a better story than this one is.

Lake Citizens Contribute To Fire Company

Final Payment On Truck Due in Few Days and Fire Company Needs Funds—\$100 Received This Week

Residents of Harvey's Lake are enthusiastic in their praise of the work done at the recent fire there by the Dr. Henry M. Laing fire company. In many instances the praise is not idle talk but has taken the more concrete form of contributions to help pay off the debt of the fire truck.

Frank Devlin, whose Harvey's Lake Casino was saved from destruction by the timely arrival and hard work of the Dallas fire fighters, has contributed a \$100 check toward the final payment on the engine and there have been several other smaller contributions from Harvey's Lake citizens.

Of the debt on the equipment there remains a final payment of \$1,500, which will come due in the next few weeks. A small portion of this amount has been raised, but there remains yet a considerable amount to be gathered in in order to meet the final payment. All persons whose pledges have not been met or paid up are asked to meet them at once so that there will be no delay when the company's final payment comes due. Others who have not pledged or contributed toward the engine fund are asked to do so.

It speaks well for the fire company and for the community that of the \$11,000 debt contracted there remains only an unpaid balance of \$1,500.

Mrs. Peter Oberst entertained at dinner Sunday, Clem Zeigler of Luzerne, Fred Molchinski and Stephen Hopik of Binghamton and Mrs. E. J. McNelis and children, Billie and Alice.

Mrs. Peter Oberst entertained at dinner Labor Day Mr. and Mrs. Morgan Watkins of Parsons and Mr. and Mrs. B. J. McNelis and family.

Miss Margaret Martin has resumed her duties as nurse at R. W. Renshaw's.
