Township Team Entertained At Witch Kitch Inn

Mrs. Robert Hislop Host to Team at Dinner Party—Entire Student Body Later Holds Party in John Girvan's Shop

A most delightful dinner party followed by an hilarious Halloween party was given in honor of the township football team on Friday, October 25. Mrs. Robert Hislop invited the members of the team, Coach Lutz and Messrs. Girton, Kester and Drake to the Witch Kitch Inn, where she was hostess at a lovely dinner party. To say the boys enjoyed the meal puts it mildly, everything was good and they did thorough justice to their well filled plates after a week's training and a hard game in the rain. Cheer leaders Helen Spencer, Doris Lauderbach and Mary Martin were also guests. Members of the team are: Harry Ross, Raymond Carlin, Thomas Morris, Clark Fowler, Robert Girvan, Merle Anderson, Bruce Spencer, Alex Matukaitis, "Red" Carey, Robert Hislop, Lehman Meuser, George Fetzer and Elwood Spencer.

After dinner John Girvan invited the entire student body and the faculty to his shop for a Halloween frolic. All the old games, jokes and mysteries of the witchy evening were enjoyed and music filled in and hurried the minutes by till luncheon was served at a rather late hour. The students left enthusiastic over the very successful party and happy over the interest and cooperation shown by the parents and friends of their high school.

They wish to thank not only Mrs. Hislop, but also Mr. Girvan for the use of his shop. Mr. Kester, who furnished apples, and Mr. Carlin, who made them into cider. Also Mrs. Jakamovitch, Mrs. Arthur Kiefer, Mrs. J. B. Frank, Mrs. Melvin Mosier and Miss Margaret Girvan, who made pumpkin pies—and they were good—and Mrs. Frank Lauderbach and Miss Elizabeth Frantz, who furnished doughnuts.

MANY VISIT PENN STATE FOR ALUMNI HOMECOMING

Thousands of visitors attended the tenth alumni homecoming at the Pennsylvania State College last week-end. It was a gala occasion for the Old Grad and made especially interesting through inspection of groups of new buildings completed or started since last homecoming day. Reconstruction of Old Main, the newly completed recreation hall, main engineering building, infirmary and Grange Memorial dormitory for girls attracted the alumni in such large numbers as to make necessary the provision of guides to conduct tours through each.

The football game with Lafayette College attracted over 22,000 people and other events included an alumni golf tournament, student and alumni golf tournament, student and alumni rally, reception for women graduates and a smoker for alumni.

Lake Student Answers Paul Avery's Attack

Editor of Lake Township School Notes Says Schools Have Plenty of Spirit and Avery's Article Is Unjustified

By Adda Garinger, Editor in Chief Lake Township Schools

It seems incredible that a school lacking in name so honored as Laketon could have an alumnus who does not honor his Alma Mater enough to support its athletics, yet by the column of "hotair" in last week's Post we find that his is so, and are ashamed for that person.

While student support is somewhat lacking in that we have no second team, it is quite false that our cheering lacks school spirit. It never has, and this year certainly is no exception to the rule. Laketon has always been famous for its splendid showing of school spirit, and we are going to see that while we are alive it always shall!

If you do not believe that we have as many cheers and can yell as loudly and are as organized as any school in the county for our size, we challenge you to a cheering contest! True, our cheer leaders as yet have not purchased uniforms, but it takes more than good looking uniforms to have good cheering.

We cannot and do not expect our football team, in its second year, to go out uncoached and without the proper equipment, defeat every other team in the county. However, we will say that our boys are showing splendid school spirit and good sportsmanship in victory and defeat.

We have always been known as good losers, and even though our boys do do not have "neat blue jerseys and brown pants," they take their defeats as well as their victories with heads up. Clothes may make the man in the outside world, but on the gridiron it takes something besides "neat blue jerseys and brown pants" to win the game fairly and squarely.

As for the business men of Lake township buying our boys' suits, we do not ask that, nor do we ask someone from outside to ask it for us. We expect in the near future to be able to buy and pay for football suits for the Lake township squad, and the only support that we ask from the business men is that they uphold the honored name of Laketon, attend the entertainments, etc., which we give to raise money for our football suits, and attend our games so that they may see for themselves that our boast of good sportsmanship is not an idle one!

TOWNSHIP DEFEATS LAKETON

Friday afternoon the home grid was the scene of an interesting and very noisy football game.

Our boys met the famous Dallas township eleven at 3 o'clock and played a thrilling game. Both sidelines were crowded with noisy spectators and we hope that our friend, the staff correspondent, who had such an interesting and enlightening article on the school page last week was there and witnessed the game, the cheering and the school spirit shown by both teams. The frosty air seemed to make us all the merrier, and even though the score at the end of the game was 66-9 in the township's favor, our boys showed splendid school spirit and sticktoitiveness up to the last minute, and were complimented by the opposing team for their splendid sportsmanship and the fact that they were good losers.

Johnnie Kuchta, that good-looking senior, played as usual a splendid game, a fact which we are proud of.

Every member of both teams showed plenty of vim, vigor and vitality, as did the spectators, all of which play an important part in the making of good sportsmanship.

LEONA KOCHER,

DEBATERS ON WORLD TOUR

Making a tour of the world, a debating team representing Victoria College, New Zealand, will meet a team at the Pennsylvania State College on November 7. This will be the first debate of the year for the Penn State team. Students selected to oppose the foreign team are Kenneth Hood of New Castle, and Merton Saybolt, Pittman, N. J.

JOKES

From Beaumont

Teacher—Evelyn, can't you answer my question?

Evelyn—I shook my head.

Teacher—You didn't expect me to hear it rattle clear up here, did you?

While Grace Patton and Letha Crispell were motoring to Carbondale on Thursday by way of Tunkhannock when Grace said: "Oh! we're at Tunkhannock already. There's the (semitree) cemetery."

While Letha, who wasn't noticing where they were, said: "Oh, what kind of a tree?"

Professor of a school (to a daughter who had a spit curl)—Say, Romaine, what is that question mark on your forehead? Does it mean that other people are to decide whether or not "they think it is empty?"

HALLOWE'EN PARTY

A Halloween entertainment was held at the Beaumont high school, Thursday evening, October 31, 1929. Prizes were awarded to those masked the best, worst and the most original.

B. H. S. CONDUCT RAT KILLING CAMPAIGN

The biology class of Beaumont high school, consisting of freshmen and sophomores, held a "rat campaign" lasting two weeks. The object of this campaign was to rid the community of these pests which carry the bubonic plague. The class, as a whole, was very successful.

HELPLESSNESS

A Scout is helpful! By helpful we mean on the alert at all times to be of service to someone or something.

The word helpful may be broadened almost immeasurably. A scout is always ready to be of service to a person or animal in distress.

He is a loyal member of the Society for Protection to Dumb Animals. He is a good sport, a loyal citizen, and a loving playmate, is the word helpfulness is in his vocabulary. He keeps himself clean morally, physically and spiritually, so that his helpfulness may set a good example for others.

Abraham Lincoln set many fine examples of helpfulness. He never allowed an animal to be tortured; a person to be in distress, if he could in any way possible help them. We need not go over the many ways in which he helped to make our nation and our people the greatest and the most helpful in the world. Lincoln was and is a shining example of all that a scout should be. We have many characters in the Bible and in history who should be examples of helpfulness.

Helpfulness is not a gift. Everyone has it but is not always given the chance to make it manifest. The main thing is to remember that we have it, and are on the alert to see it when called upon.

At someone in distress

There are men who can laugh

And pass him by with a song.

But the man worth while

Is the man with the smile

Who can help that someone along.

EDUCATION

By GRACE PATTON
Beaumont High School

"Time and tide waits for no man," a rather old but very true adage handed down to us by our forefathers. It especially applies to our big fight for the establishment of a National Department of Public Education, with its head, a member of the President's cabinet. The battle is on in dead earnest and if we Americans really want to help our children secure enough knowledge to fit them for the responsibilities of later life, we will get into the fight and stay there until victory rewards us.

It is up to us now. Sidestepping is entirely out of order among red-blooded Americans. The enemies of broader educational opportunities for our children are fighting against the Robinson-Capper Bill.

If they understand that children from all foreign homes meet on an equal basis, that they mix and mingle, learn our language, study our national history, learn to love our Flag and Constitution, and to respect and obey our laws, they will be eager to work for the bill. They go in foreigners and come our Americans. Why not try to educate them?

1500 MINERS ATTEND COLLEGE NIGHT CLASSES

In seven Pennsylvania anthracite coal region cities 1500 coal miners have started to attend a special night School of Mines and Metallurgy and the department of engineering extension of the Pennsylvania State College, with the assistance of live leading coal companies of the district. The training is on a three-year schedule with classes meeting twice a week for twenty weeks each fall and winter. Classes are held in Pottsville, Shenandoah, Mt. Carmel, Tower City, Scranton, Wilkes-Barre and Carbondale.
