Kingston Twp. School Board Meets

Kingston Township school board met Monday evening. All members were present.

Mr. Webb of Bunker Hill complained on the failure of the board to have the bus come down as far as his residence. It was pointed out to him that due to the steep grade at that place the board thought it best not to have the bus go to the Webb residence. The children from that section of town, ten in number have but one-tenth of a mile to walk to meet at the bus.

Mr. Webb asked if it would not be possible for the board to build a shelter house so that the children waiting for the bus would be protected in stormy weather. The board turned this down as it would be necessary to build a shelter house through out the town to accommodate all children. At the suggestion of Mr. Hay it was decided to have the children leave homes later and have the bus run as near schedule as possible. A number of bills were approved and ordered paid. A motion to have an electric water pump installed in the Shavertown school was passed. The pump is used to take the water from the boiler room in rainy weather. The work will be done by William Straing at a cost of \$220. The board received from the Philadelphia Museum a cabinet to be used at the Trucksville building consisting of twelve different kinds of

seeds and showing the different articles made from them and other things of an educational interest.

The members voted to borrow \$3,500 from the Luzerne Bank to meet current expenses and teachers salaries. The motion was carried with all members voting except Schooley. Schooley having left.

The teachers and janitors payroll amounts to \$33,500.00.

Since July 1, 1929 the debt has been reduced from \$41,782.84 to \$23,500 including the loan of Monday. The reduction was made from 1928 tax receipts, \$2,800 is due from the State on the 1928 duplicate. Paid off since July 1, 1929 to present time, \$18,283.84.
