Notes From Lehman High

Arlene Culp a member of the class of 1929 visited her friends of Lehman High School on Tuesday, November 12. Miss Culp hopes to enter training at the new Nesbitt Hospital as soon as it opens.

The Lyceum Course entitled The Killarney Colleens which was presented in the Lehman High school auditorium on Saturday evening was largely attended and all those who attended were very much pleased. The next one on the ticket is Mardoni, who is a famous magician. This will be presented on January 23 and the last number will be February 10. A lecture by Strongheart a real American Indian. Although the profit will not be as large as last year, the seniors expect to realize a small sum on the course.

The senior class of Lehman High school is planning to give a drama some time in near future, probably the middle of December. As usual the most difficult task is one of selection. As yet no satisfactory agreement has been reached.

Six of the former students of our school have recently embarked on the sea of matrimony. On Nov. 2, Harold Garringer and Ida Randall both of Huntsville were united in marriage by Rev. H. F. Henry of Shavertown. On November 6, Dean Shaver, (class of '28) of Lehman and Emma Steele, '29 of Mooretown were united in marriage at Buffalo, N. Y. The school extends congratulations and best wishes all around. In support of their best wishes a crowd of the boys from the school made the usual noisy demonstration before the homes of the newlyweds, Shaver and Ide. A battery of shotguns came into play with good effect. From the standpoint of the boys the best effect was an invitation to enter and partake of various bounties. A quantity of perfectly good ammunition and an A No. 1 circular saw are being held in reserve in anticipation of future usefulness.

STUDENTS ENTERTAIN FACULTY AT MASQUERADE PARTY

Following a custom of two years' standing the students of College Misericordia entertained the faculty at a masquerade on October 30, at 8:15 p. m. in the gymnasium. With members of the faculty as judges, attractive prizes were awarded for the various types of costumes. Miss Alice McHugh's gorgeous brocaded gown of the early 90's received first prize for the most beautiful dress. Mary F. Gallagher, in a charming period costume of orchid taffeta, was awarded second prize.

Jane Hagan's Irish emigrant disguise won the prize for the funniest, while that for the cutest was given to her infant, Philomena Kerwin. Ethel Pettibone's skeleton outfit was judged the most original.

Dorothy Reuwer and Marjorie Tallman succeeded in winning the elimination contest. After a brief program, luncheon was served in the day students' and boarders' dining rooms.

Heights of Loving

Gardening, thinks an observer in the Woman's Home Companion, if persisted in leads the devotee eventually away from the hectic regions of getting onto the serene levels of giving and sometimes on up to the heights of loving.

DALLAS GIRL SCOUT NOTES

Here we are together again, happier than ever. The patrols were called together, each reviewing the parts already gone over. Mrs. Hull, the troop leader asked if every patrol was in favor of having dues, 5c a week, to have some money in the treasury, and every patrol agreed. TO HOLD 'WOMANLESS WEDDING'

A "Womanless Wedding" will be given at the high school auditorium Friday evening, November 22. The "wedding" will be staged by about sixty-five young men of Dallas. Some of the most famous characters will represent ancient, medieval and modern times, featuring every style of dress to the new common features. This will be the most fantastic display that has ever been given in Dallas.

Cooperation

Hallowe'en has gone with its ghosts and goblins. All that remains is a happy memory. This year something has happened to each person which they will remember and which will make this year different from all others.

How useless all this fun and frolic is! But what would the people do without it? How very humdrum our lives would become without drollery!

There is always some time in life when we look back and think of all the pleasure we have had. All these little things count so much! Fun encourages us to continue to work. It makes life less sordid, more happy.

Hallowe'en is one time in the year when the people everywhere, but especially in cities, mingle together, forgetting their racial, religious, financial and personal prejudices. How nice it would be if everyone always forgot to remember their hatreds. Everyone unites on this night of frolic, to make everyone else happy. It is the true spirit of cooperation. A person does not realize this because of the happiness he derives himself. But would one person alone enjoy himself if none of the others were laughing and clowning with him? Hardly. He would feel altogether out of place. Without the help of the other people he could not enjoy himself. We see then how much cooperation counts. One cannot see a movie, hear the beautiful music he daily hears, read a newspaper, or even receive any of his every day comforts without the cooperation of all the people concerned. But cooperation is equally as important in work as it is in having fun. So many people do not stop to realize this. If we should have cooperation in work as well as we do in pleasure how much better our world would be, and how much more time everyone would have for pleasure!

Let us remember that there is a time for work as well as for fun. If we were to play all the time we would soon tire of it. Then no matter whether it is work or pleasure, when the time comes put your best into it. By doing this we will fully enjoy every minute and will get every possible thing out of life. And always remember "That which is worth doing at all is worth doing well."

PARENT TEACHER'S MEETING

The second annual meeting of the Parent Teacher's association will be held in the high school auditorium on Monday evening at 8:00 o'clock. Dr. G. K. Swartz will be the speaker of the evening.

Those who have children in school and any others who may be interested are urged to be present. The committee in charge of the program has worked out some splendid entertainment, not only for this meeting but for those to follow during the year. With an enthusiastic membership, the association should accomplish some very worth while results.

Noxen Juniors Give Program

On Monday, November 11, the Juniors of Noxen high school had charge of the regular morning exercises. The singing was led by Lillian Jones. Jessie Thomas played the piano and Grace Dotter read the Bible. Prof. Leece gave a short talk about Armistice Day. A number of patriotic songs were sung. At the close of chapel the Jolly Juniors sang the class song.

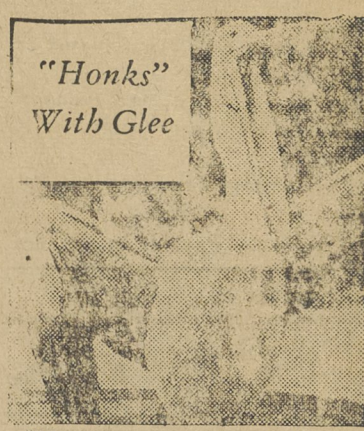

The Junior class has banked 100 per cent the last two week.

The seventh grade of the Noxen school has achieved 100 per cent in banking for three consecutive weeks. LILLIAN JONES.

Childish Writing

When children begin to write they often do so from right to left. It is called mirror writing. When held up to a mirror it looks correct. Mirror writing has no special significance and it passes as the child grows older.

The robin's nest was made of grass and mud. It is very heavy. The sparrow's nest is made of horsehair, grass and mud. It is smaller than the robin's. The Baltimore oriole's nest is made of twine and milkweed tops. This nest is long but small around.
