**New Drug Store At Shavertown**

**Sheldon Evans, Former Kingston Athlete, Purchases Kuehn's Shavertown Pharmacy and Will Add Many New Features**

"Evans' Pharmacy" is the name of Shavertown's new drug store opened during the week in the store formerly occupied by Kuehn's drug store on the Main street next to the Atlantic & Pacific store.

The pharmacist in charge of the new store is Sheldon T. Evans, former Dorranceton and Forty Fort high schools athlete. Mr. Evans is a graduate of Philadelphia College of Pharmacy and Science, class of 1926, and since graduating from college and coming a registered pharmacist, he has been engaged by two large hospitals and several prominent drug stores of Philadelphia, Wilkes-Barre and the West Side.

The new store will add many features. The management will also endeavor to give the people of Shavertown, Trucksville and surrounding communities real service. Orders over the telephone will be promptly delivered. The store will carry a full line of fresh cigars, cigarettes and tobaccos, a good line of candy, both loose and in boxes; a complete fountain service; an entire new line of drugs and merchandise; a circulating library; street car tickets; radios; in brief, everything the modern, up-to-date drug store should have.

In stocking this drug store, the management has made a special effort to have an hand anything a patron wants rather than a large quantity of one thing and nothing of something else. On top of this the store will advertise as its motto "The Store of Personal Service." The people of this district may go into the new drug store and obtain competent, reliable advice from a registered pharmacist. They want their patrons to feel that a friendly service awaits them.

The formal opening of the store will take place in about ten days. Arrivals of additional fixtures, stocks and apparatus are expected shortly. All week the electricians, carpenters, linoleum layers, cleaners and other tradesmen have been busy revamping the pharmacy. The people of Trucksville and Shavertown will be invited to attend the formal opening. In the meanwhile, a ready and friendly service is available by calling Dallas 222.

**Ain't Science Wonderful?**

Veterinarians have discovered, according to Farm and Fireside, how to remove the bark from a dog and the bleat from a goat. It remains only for them to eliminate the mosquito's bite and the bee's sting to make country life practically 100 per cent perfect.
