Monroe Twp. School Notes

The past week the pupils of Beaumont high school celebrated Book Week by each reading at least one book. A race was suggested between the three classes—Freshman, Sophomores and Juniors. The Juniors succeeded in winning.

History Projects

The Junior and Sophomore American history class has been presenting its home-made projects. Some of the original articles are: Bed, table, chairs, oxen yoke, pillory, stocks, whipping post, covered wagon and four "Colonial" dressed dolls. Those thus far brought out are neat and well made, although some projects are yet to be constructed. We are hoping that one of our studious pupils will present us with a log cabin in which to store our projects for the winter.

2,400 BIRDS IN FLOCK

On the college poultry farm the principal varieties of birds as Single Comb White Leghorns, Banded Plymouth Rocks, White Wyandottes and Rhode Island Reds. There are now 2,400 birds in the laying flock. All birds are pedigreed and trapnested. For the past three years all birds have been reared and maintained in close confinement with access only to a small yard. By this system it has been possible to grow fowls free from intestinal parasites. Turkeys also have been grown by this method this year.

Anyone interested in attending may inform County Agent J. D. Hutchison, who will gladly forward the name to State College with the request for any accommodations needed during the poultry short course.

EDITORIAL

KIND

A Scout is kind. A Scout is always ready to rescue or do some kind deed for some one. A Scout does not only apply his kindness to human beings, but even to dumb animals. He will not kill nor hurt any living creature, but will strive to save and protect all harmless life.

We take the Scout for an example for one who is kind, but surely we do not have to be a Scout to show our good feeling toward one another.

Do you remember the little story back in the older days when the slaves were punished for doing some wrong deed by having a duel with a hungry beast. Once there was a lion who was roaming through the forest and by misfortune ran a briar into his paw. A boy saw him, sympathizing with the helpless creature, removed

the briar. This boy was a slave and had run away from his master and was to be punished for doing so. When the day arrived for the duel in the arena, and when the lion appeared it happened to be the one he had helped when in trouble. He recognized him and only petted his hand.

We do not know whether the boy was a Scout or not, but surely he expressed his kindness and even bravery and was rewarded in return.

If a boy does not prove his thoughtfulness and friendship for animals it is certain that he never will be really helpful to his comrades or to the men, women and children who may need his care.

STUDENTS SEEK HISTORIC DATA ON GRAVE STONES

The pupils of Beaumont high school have been visiting the cemetery to find peculiar tombstones and abandoned graves dated prior to 1851. They have constructed drawing and collected all information possible to be forwarded to the State Instructor of Education. One epitaph was found of John Hilbert, who served under Napoleon.

TOWNSHIP H. S. PARTY

The magazine campaign at the township high school ended last week with a party given by the losing side to those who were winners. John Girvan again turned over his shop for the occasion and about a hundred guests enjoyed the fun and feed. The campaign was very successful and those who staged it felt a great deal of satisfaction in the result. Besides the students these members of the faculty were present: Messrs. Girton, Drake, Kester and Robinson, and Misses Stevens, Lowe and Wallace.

BUY STAGE CURTAIN

The Monroe Grange has purchased a new stage curtain and has put it in the Beaumont school house. We appreciate the curtain very much and think it is very nice.

A THANKSGIVING GIFT

(A Story)

In a small and shattered hut on a hillside an aged widow and her only son lived. She had been suffering from a chronic illness for many years.

Her son was fourteen years old and was a Freshman at high school. Although his mother needed his help at home he begged that he might get an education to help them both in the future and his mother had consented.

Winter was now coming on and with it came Thanksgiving. The mother had no idea what should have for dinner. She worked hard to prepare the best she had in the house.

On Thanksgiving morn while her son was busy chopping wood the Freshman class arrived at the hut of their classmate with a Thanksgiving basket that had thoughtfully been prepared. They were welcomed warmly by both the woman and her son and presented the basket with great pleasure. The widow and girls prepared the meal while the boys and girls were invited to remain to diner. It was a delicious meal. The widow thanked the class cordially. Then they parted only to meet again at Christmas time.

DID YOU KNOW THAT—

The name of the discoverer of America was not Christopher Columbus, but Kristo Kolumbo.

George Washington had red hair. Andrew Jackson's wife never wore footwear of any kind.

THE BROOK

By Alfred Tennyson

I come from haunts of coot and hern,
I make a sudden sally,
And sparkle out among the fern
To bicker down the valley.
By thirty hills I hurry down,
Or slip between the ridges,
By twenty thorns, a little town,
And half a hundred bridges.
Till last by Philip's farm I flow
To join the brimming river,
For men may come and men may go,
But I go on forever.

I chatter over stony ways
In little sharps and trebles,
I bubble into eddying bays,
I babble on the pebbles.
With many a curve my anks \$ fret,
By many a field and fallow,
And many a fairy foreland set
With willow-weed and mallow,
I chatter, chatter as I flow
To join the brimming river,
For men may come and men may go,
But I go on forever.

I wind about, and in and out,
With here a blossom sailing,
And here and there a lustrous trout,
And here and there a grayling,
And here and there a foamy flake
Upon me, as I travel,
With many a silvery water-break
Above the golden gravel,
And draw them all along, and flow
To join the brimming river;
For men may come and men may go,
But I go on forever.

I steal by lawns and grassy plots,
I slide by hazel covers,
I move the sweet forget-me-nots
That grow for happy lovers.
I slip, I slide, I gloop, I glance
Among my skimming swallows,
I make the netted sunbeams dance
Against my sandy shallows.
I murmur under moon and star
In brambly wildernesses;
I linger by my shingly bars,
I loiter round my cresses;
And on agin I curve and flow
To join the brimming river,
For men may come and men may go,
But I go on forever.
