# MERRY

It is a greeting which we will hear often in this community of ours during these happy days of the Christmas season. We will hear it on our streets, in our stores, along our country roads and in our homes. For oursis a friendly community and nowhere is that friendly greeting more sincere. It is not possible, however, for each of us to say "Merry Christmas!" to everyone and thus complete the happy circle of Yuletide good cheer.

But there is one who has that rare privilege, one who has been a welcome visitor at the firesides of the homes in this community throughout the year and who now claims the right to be the first to wish you joy at this joyous time That one is your Home Paper.

So your Home Paper carries from you to all the community and from all the community to you. this friendly greeting:
