#### Waste

It has been said that the Americans are the most extravagant people on the fact of the earth. Does this apply to us? We sometimes forget that we can waste time and energy as well as money and material. Time is one of the most valuable assets we have and most of us, rich and poor alike, are very wasteful of this priceless gift. How many hours do we waste in one day? Think of the months and years this amounts to in a lifetime! What could we not do during this time, had we not wasted it? Let us think now, and let every hour that we live find us better prepared.

#### Banking

The banking percentage of Kingston township high school was 94 per cent. last week. The percentages were as follows:

Seniors, 100 per cent.  
Juniors, 100 per cent.  
Sophomores, 100 per cent.  
Freshmen, 77 per cent.

#### Rev. Ruff in Chapel

We were delighted to see the Rev. G. Elston Ruff, pastor of Shavertown Lutheran Church, in chapel one morning. We were also pleased when he consented to speak to us.

His topic was "The Change Brought About by Machinery." Do you understand this change from our grandfather's time to our own? It is the greatest in all times, this migration from the farm to the factory.

Its result is the "stamp of the machine." This is shown by a play in New York called "Dynamo." He then told us of the plot. This man worshipped the dynamo which he tended and which finally killed him. Will the people of the world come to this same horrible fate.

The World War was caused by this "stamp of the machine," according to Rev. Ruff. In conclusion, he said that the young people should try to rid themselves of this "stamp."

### Cheerfulness

A Scout is cheerful. As the Scout law intimates, he must never go about with a sulky air. He must always be bright and smiling and as the humorist says: "Must always see the dough-Why don't you laugh and make us all laugh, too."

And keep us mortals all from getting matter how difficult they may be. As has been said, whatever a Scout does should be done with cheerfulness. A Scout smiles when others are grumpy. He never gives up. He never loses his temper. He never gives up. He never loses his temper. He never gives up. He never loses his temper.

A laugh will always win. If you can't laugh, just grin. Go on! Let's all join in!

Why don't you laugh? Just picture in your own mind what life would be and actually mean without cheerfulness. You cannot build life without cheerfulness, for the glow of cheerfulness leads on to the goal which we all strive to win.

Benjamin Franklin said: "Money never yet made a man happy, and there is nothing in its nature to produce happiness." One's personal enjoyment is a very small thing, but one's personal usefulness is a very important thing. Those only are happy who have their minds fixed upon some object other and higher than their own happiness. A boy once said to his mother: "I couldn't make sister happy now. I could fix it but I made myself happy trying to make her happy." Here is a case where money never made a man happy.

There was once a king who had a son who he loved with his whole heart, so he gave him everything his heart desired. Still the young prince was unhappy and wore a frown wherever he went, always wishing for something he did not have. By and by a magician came to the court and seeing the frown said to the king: "I can make your boy happy and turn his frown into a smile but you must pay me a very large price for the secret." "All right," said the king. "Whatever you ask, I will do." So the magician took the boy into a private room and with white liquid wrote something on a piece of paper, then he gave the boy a candle and told him to warm the paper and read what was written. The prince did as he was told. The white letters turned into letters of blue, and he read these words: "Do kindness to some one every day." The prince followed the magician's advice and became the happiest boy in all the king's realm. Cheer up and smile whenever you can.

To be a good Scout one must remain cheerful under every circumstance, bearing fortune and misfortune with a smile.

The Ladies' Aid Society of the M. E. Church reorganized at their last meeting with Mrs. Anna Gay as president, Mrs. Emily Harris, vice president, Mrs. Corby, secretary and Mrs. Evans, treasurer.

The pageant, "The Heavenly Host," held at the M. E. Church Christmas Eve was a very beautiful production, the participants all taking their parts in a splendid manner. Much credit is due to the directors. We understand it will be repeated New Year's Eve.

Mr. and Mrs. J. W. Winters entertained their family at a turkey dinner on Christmas day, as did also Mr. and Mrs. Stacy Schoonover and Mr. and Mrs. W. D. Gay, also Mr. and Mrs. Arthur Shook.

Mrs. Eugenia Shook is visiting relatives at Tunkhannock the latter part of the week.

Miss Mary Brown of Dallas spent Christmas at her home in this place. We understand Joseph Goble, Jr., has purchased the Perry Walters property.

## -Kunkle-

The snow storm on Monday made ideal weather for Santa Claus and his weather on Christmas day was all reindeer on Christmas Eve and the that could be desired. Family dinner parties were the order of the day and coasting and outdoor sports made the day enjoyable for the young folks.

Mr. and Mrs. D. P. Honeywell and Mr. and Mrs. J. N. Whipp called on Mr. and Mrs. Charles Herdman recently.

Mrs. Ronnah Landon spent Christmas day with her daughter, Mrs. Joseph Shoemaker and family.

Mr. and Mrs. John Isaacs and Miss Dorothy Elston spent Christmas with Mr. and Mrs. Ralph Elston.

The entertainment given by the Kunkle Sunday school on Christmas Eve was enjoyed by a large crowd. The recitations, songs and group numbers were well rendered and instrumental music by James Miers, Edwin and Roannah Shoemaker and Dorothy Elston was greatly enjoyed. The little ones were given a real thrill when Santa arrived at the close of the program to distribute gifts from a beautifully decorated tree. Boxes of candy were also distributed to members of the Sunday school.

Mr. and Mrs. William Condon entertained at Christmas dinner Mrs. Mary Thompson, Mr. and Mrs. Jacob Conden and children and Mr. and Mrs. Edward Conden and children of Alderson.

## -Beaumont-

Mr. and Mrs. John Moyer of Evans Falls lost their infant son of pneumonia this week.

Peter Brong has a fine radio installed in his store on trial. The bench gang will be overjoyed if Uncle Peter keeps the outfit. More coal and lights, Peter, and cover the cracker barrel.

We note that Solomon Sisco has apparently lost his identity over Christmas, as he was seen asking numerous people if they knew "Old Solomon."

Murray Traver, we fear, has been tickling a mule or something, as he looks unusually poor. We trust the store teeth will fit when he gets them installed.

The past deer season was rather slim in Beaumont, as only Emory Straley and Irvin Denman were fortunate enough to bag buks. Augustus Denman, however, bagged one buck horn. Kenneth Turner of Noxen, we understand, shot a buck with only one horn and a bullet hole in the ear. We think it the same buck that Gus pierced, but as Gus didn't install an earring after the operation, we cannot be sure.

Mrs. Grace Belles and son William have returned home from the hospital after having their tonsils removed. They are doing fine. Miss June Belles is to have her tonsils removed soon.

Mrs. Harry Roote of New York City, who came here to attend her granddaughter's funeral, is spending the Christmas holidays with her daughter, Mrs. Grace Belles.

Some one bagged a doe near Beaumont and our game warden, George Hunt, took charge of it. The autopsy revealed the cause of death but not the culprit. The usual custom of sending such game to some hospital or other beneficiary was not adopted. Mr. Hunt gave some of local citizens an opportunity to appreciate the venison. Herman Derby was slightly indisposed for a few days. We trust the venison was not the cause of his ailment.

Charles Bickman is thinking about putting a porch on his house. Go ahead, Charles. All improvements in the town are welcome.

Mr. and Mrs. Elmer Crispell and Mr. and Mrs. Frank Traver spent Christmas with Mr. and Mrs. Earl Crispell at Bowman's Creek.

Peter Traver is doing a rushing prop business. Peter handles lost of poplar.

The State road tractors have been business removing snow from the highway in this section.

### Ain't Science Wonderful?

Veterinarians have discovered, according to Farm and Fireside, how to remove the bark from a dog and the bleat from a goat. It remains only for them to eliminate the mosquito's bite and the bee's sting to make country life practically 100 per cent perfect.
