Speaks to Garden Club

Removed to Home

Herbert Williams, who has spent the bigger part of the past year confined to the General hospital, was removed to his home during the past week. Last May Mr. Williams received injuries which made it necessary to remove him to that institution for five months. After recovering and being removed to his home and being able to be about again, it was again necessary to remove him to that institution where he successfully underwent a serious operation.

Fire Truck in New Quarters

The fire truck is now located in the central part of the town in the garage of H. S. VanCampen, where it was removed during the past week.

Should Tie Vicious Dogs

Although the State Department of Agriculture some months ago conducted a crusade against unlicensed dogs and a number of them were exterminated in the back country section, it would not be surprising if another campaign would be conducted in the near future in order to rid the community of many mongrels that are allowed to run loose on the streets of the town, much to the annoyance of the traveling public. People who own dogs should remember to keep them under control at all times even though they are licensed. Vicious dogs should be tied and not allowed to roam. Unless the owners take the above hint, they may be given a surprise of their lives during the next few weeks, for we heard that the State officials are again getting ready to rid the community of this nuisance.

Getting Publicity

Rev. Harry F. Henry, "the Raiding Parson," of the local M. E. Church, was given plenty of publicity during the past week-end by the city newspapers on account of the guard that is doing duty at the church. Due to many threatening letters received by the local pastor it was decided to place a guard to help protect the lives of the minister's family and the church property. It is reported that one suspect was picked up by Chief of Police Avery one day last week when he was overtaken by the guard while in the act of looking through the windows of the parsonage. The victim got away from the guard, Mr. Anderson, and drove off in a machine towards Huntsville. He was chased by the local police officer and was turned over to the state police for investigation. Up until last Friday the prisoner was still confined to the barracks.

This story was sent to the local paper one week before it appeared in the city papers, but on account of lack of space it was not published.

SEEN AND HEARD

By Will Wimble

A surprise is in store for the local fire company within a month or so as to a building where they will be able to keep the fire truck and hold their meetings. We won't say any more about it at this time but to keep posted on this announcement don't fail to read this column and tell your friends that if they do not subscribe for this paper at this time, now is the time to do it. To keep posted on the doings up to the minute in this locality you must read the Post.

The firemen were dealt a rather severe blow during the past week when a very important question concerning the upkeep of the truck was brought up to Mr. Hoffman for discussion, and finding that he would not go along with the men on this question, Mr. Hoffman resigned as a member of the company and had the truck removed from his garage to the garage of H. S. VanCampen, where it is now located.

"Red" Schwartz and "Jimmy" Garey refereed the basketball games at Dallas last week. As a referee, we heard that "Red" better stick to his present vocation and as for Jim, he is to the Back Mountain region as far as an official in basketball is concerned as Ward Brennan was to the old Penn State League, and that is saying something. Jim knows the game from A to Z.

Alice Button and Peg Oberst LaBarr were in the lineup of the Dallas girls' team. Peg played a forward position and did fairly well, scoring a few baskets and throwing a few from the foul line. As for Alice, she was thinking more of a "safety pin" than the ball game and we would say that the forward on the Dimock team made at least twenty points. Alice played guard, and how!

Things are beginning to boom up on the Hill Top, what is known as "Lovers' Lane," during the past week, and from all indications these petting parties up that way will be taken care of very shortly if the practice is not stopped, due to complaints being registered.

We heard that one of the prizes that was awarded to winners at cards at the dance held a few weeks ago by the firemen was won by Mrs. Warden Kunkle of Dallas. She had an

awful time trying to find out at the dance what it was, as it was donated by Mrs. R. Engel, we could not tell her what it was, but Mrs. Kunkle finally found out that it was a door-stop, but when talking to her during the past week Mrs. Kunkle said she wished that it was a larger one so that she could keep Warden home more, and intends to attend another one if the firemen hold one again and she wishes that she will be able to win something big enough that will keep Warden at home. How about it, Warden?

We hear that Steve Johnson is building a new home over on Ferguson avenue. Steve says that he has had enough of "Elite Row" and is glad that he can be over in Jake Rau's neighborhood.

Poor sportsmanship was shown by a coach of one of the high school teams of the Bi-County League recently when he refused to pay a referee for services he had given to the league. This young man is one of the best officials that the league could possibly get hold of that was not connected with the P. I. A. A. The reason he did not receive his pay, which amounted to \$7.00, is not known, but the team which refused to pay him won the game on this particular night. Come clean, brother, come clean.

The local high school chalked up its third straight victory by defeating Dallas township high at Kunkle last Friday by the score of 23 to 24. Last Wednesday night they played the Dallas town team reserves, or were supposed to play them. After leading the biggest part of the game, the reserves were withdrawn from the game and the members of the All-Stars were then used, but even at that the local boys lost out by but five points. Dallas sure did want that victory, for in the other game they lost to Dimock.

We heard during the week that Earl Monk, "the man with the baritone voice," and James Beseker, of Dallas, "the silver-voice tenor," have joined the newly organized male chorus and are ready to set aside one night a week for rehearsal for this wonderful musical organization that has some of the best singers as members that could be found in this neck of the woods, among them are "Doc" Laycock, Ben Hicks, Gus Adler, Prof. M. J. Girton, Russel Carey, Forest Sfelgel, Mr. Eckert, Mr. Bowman, "Bill" Geyer and a number of others that we do not recall at the present time. There are a number of other good singers in this Back Mountain section and they are welcome at any time to come out to rehearsal that is held every Friday night at the home of Prof. Ernest Wood of Dallas.

At the pool match held last week at Fernbrook Inn, a large number of followers were present and learned a few shots. Dick Phoebe was a bit nervous when he played Zaza Zeet of Paterson, N. J. "Brick" Roushey, who was a spectator, left for parts unknown before the game was completed and when asked by Clarence Lasher, where he was bound for "Brick" answered by saying that things were too dead there and that he was going where there was some life. 'Tis said that "Brick" has a lady friend up Fernbrook way and the way things are breaking it won't be long before the wedding bells will be ringing for him and his "Honey."

"Bill" LaBarr sits on the sidelines since he had a run-in with James Garey, who was officiating at one of the games. "Bill" says he is doing it for the good of the team rather than make hard feelings with a number of school board officials. Atta boy, "Bill." Save that energy for this coming baseball season. You will need it when you play Shavertown.

Permission has been given by "Uncle Henry Shaver to the boys of the town to use his plot of ground on Lehigh street for a baseball diamond. So come on you baseball bugs, such as Russell Calkins, Pioneer Avenue Morgan, Earl Monk, Ray Isaacs, Bert Stitzer, Ham Clemow and Charles Dressel. Let's see you fellows get something started now. We think that a very good ball team can be developed here and compete with many of the teams of the back country.

Our by-roads are almost impassable. It is a disgrace to humanity in finding them in such a deplorable condition—living in a country where the best of road material is at hand—stone—and then not using them is an impetuous inadvertency and abortive.

Mrs. Phillip Frey of Wilkes-Barre is spending a few days with her mother, Mrs. Mary Hilbert.

A number of Dairymen's League members from this place were present at Kunkle on February 22. The next league meeting will be held March 17 in the same place.

Charles Kern has purchased a new team of young horses.

Miss Frances B. Hilbert, R. N., of Kingston, was the guest of her parents, Mr. and Mrs. L. B. Hilbert, Sunday evening.

The Beaumont Ladies' Union Aid Society bazaar, held on February 22, was a success. A total of \$80 was cleared after expenses were paid. Misses Betty Goodwin and Jean Hilbert wish to thank all donors who were interested in their quilt centes. Jean won by a few cents.

The minstrel show at the high school auditorium was largely attended. The play was given by young folks of Wyoming. Some of the characters were formerly from this place.

The I. O. O. F. hall has been enlarged and electricians are wiring it this week with direct current attached. It will be a fine new home, indeed.

Conrad C. Hilbert, master of Monroe Grange, says: "Even with the present road conditions the Grange membership is increasing and the real spirit of fraternity of Grange work is forging ahead."

Another thirty days and our census enumerator will be visiting us. Let us all get busy and jot down a few of the items we may be expected to answer and thus help him or her on their way to efficiency.

A party was given recently at the home of Mr. and Mrs. Stanley Elston. An enjoyable time was had by all and a tasty lunch was served to the following: Mr. and Mrs. A. W. Uses for Mohair

Mohair is made from the hair of Angora goats, with wool sometimes added. Velours may be a mixture of cotton and wool, cotton and silk or all wool. The pile of mohair is longer and stiffer and the material has better wearing qualities.
