HUNTSVILLE CHRISTIAN CHURCH

The work of the Huntsville Christian Church has been unusually encouraging this winter. The attendance and interest have exceeded those of the same season in former years. The pastor is leading the church in the plan of making much of the 1900th anniversary of the close of Jesus' earthly ministry and the 1900th birthday of the church. The sermon theme for 9:30 service Sunday will be "Continuing the Ministry of Jesus." Bible school follows the church service.

**STARLINGS MIGRATING
TO COUNTRY HOMES**

Officials of the Game Commission have pointed out that the starling nuisance, so far as the large cities are concerned will soon be at an end for the present year. Many complaints have been made by municipal authorities because of the starling habit of congregating in winter about public buildings.

At the approach of spring the huge flocks disband, the birds mate and move to the country for the summer months to raise their young.

Despite the winter habits of the starlings, commission officials say they have many good habits. They prey on all kind of noxious insects, including the Japanese beetle.

**LUZERNE CLERK
WINS SCHOLARSHIP**

Announcement has been received from New York City that Mr. Kuchemba, who for years has served the people of this community in the drug line, has been elected to a scholarship at the Dr. Scholl School of Advanced Orthopedics. Much rivalry for this honor was rampant among the contestants, but Mr. Kuchemba, because of his ability and knowledge of arch fitting, practicedics and retail selling, was selected as the winner.

Mr. Kuchemba, when asked how he felt about such an honor, stated he viewed it as an opportunity that seldom comes more than once in a lifetime. He went on to say that the course of studies comprised a thorough training in the better fitting

of arches, foot anatomy and foot comfort aids. Returning with this knowledge he feels will be good news to his old customers whom he has so faithfully served at Stapleton's drug store. The date of his departure has not been set but we hope he will like New York during his short stay.

Mr. Stapleton, the owner of the drug store, when interviewed, expressed himself as quite proud of his clerk. He has been exceptionally anxious to have one of his men win this scholarship, for it has always been Mr. Stapleton's greatest desire to give his customers the best of service obtainable. With a highly trained arch and practicedist in his organization, his patrons will be assured of better and more excellent service.
