During his term of office Senator A. J. Sordani has worked for Luzerne County as a whole. Cities have not been favored at the expense of rural communities; neither have the urban communities been neglected. The Lehman-Pike's Creek road, Shick-shinny-Benton, Kingston Narrows, Harvey's Lake road, Kingston township, road, Plymouth-Kingston road, the road eliminating the dangerous Edge Hill at West Nanticoke and the elimination of dangerous underpasses and railroad crossings on the Ashley boulevard and the new and shortened Hazleton highway were all Sordani projects.—adv.

The Tunkhannock Republican has the following to say about the unique experience of a former Dallas resident:

Peynton Lee, of Windham township, was exhibiting a live osprey or fish-hawk here on Thursday, which he captured on a little pond just above Nigger Pond. The bird was hitting on the water apparently helpless and he went out and brought it to shore. As it was still there the next morning, he decided to bring it to Tunkhannock and show it to Game Protector Moss. The bird had a hooked beak and sharp talons and exhibited a vicious attitude when people became too familiar with it. Mr. Moss thought one wing was crippled, possibly from a gunshot or striking against something while flying. Those birds, while seen occasionally, are not very common in this section. They are protected by law and a penalty of \$20 is inflicted for killing them.

Do you want a concrete road from Dallas to Tunkhannock, connecting with the Sullivan Trail at that point? Senator Sordani is working on plans for such a road and is the prime worker in the project to see it accomplished. Past records speak for themselves. Senator Sordani will make such a road a certainty.—adv.
