

BASKET HANGERS

BI-COUNTY LEAGUE

Laketon has practically clinched the pennant in the Bi-County League, unless Kingston township can hand the Lake boys a defeat next week, and Lehman can do the same at Laketon tonight when the teams meet. At present Kingston township is holding second place, with Dallas borough and Dallas township teams in a tie for fourth place.

"Friday, the thirteenth," is hoodoo day, and Laketon has always been a hoodoo to Kingston township, but the township boys claim that they will chase the jinx and come out winners.

The games Friday night were attended by large crowds with Dallas borough losing a hard fought game to Kingston township 23 to 16. Holmgren, Rowlands, Coolbaugh and Disque were the leading scorers.

The Blue and Gold of Dallas had a little tough sledding over the past week dropping both games to Laketon and Kingston township. Neither loss could be considered inexcusable for both winning schools are represented by teams that can be classed as good outfits. One might criticize the Dallas boys a little, because they missed enough free throws to win the game, but the same could be said of Kingston if they lost.

Many fans who attended the game last Friday, left the auditorium in a mighty poor frame of mind. They severely criticized the Gold and Blue for its poor showing. We'll admit that the boys did not play up to standard. It is our belief they have the same disease that attacks many a team—they have fallen into a slump.

Such a condition must have its time in wearing off and when it is gone everything will be rosy again. Here's hoping they are "ON" tonight against the township team, whom they meet at Meridian Hall.

Remaining games on the Dallas schedule will be played away from home.

SPORTSMEN TO SHOW WILD ANIMAL PICTURES

Dallas Camp, United Sportsmen of Pennsylvania, will show four reels of motion pictures at Himmler Theatre, Dallas, on Monday night at 8. There will be no admission charge and the public is invited to attend.

Three reels of pictures will be devoted to hunting and one reel will be devoted to fishing in the Canadian wilds.

There will be short addresses regarding game and fish conditions in the Dallas district. Among the speakers will be Harry E. Meiss, State Game Protector, and R. J. Womelsdorf, Fish Warden. Dr. C. A. Mortimer, secretary of the head Camp of Pennsylvania, will also be one of the speakers.

HUNTSVILLE CHRISTIAN CHURCH

Under the inspiration of the Church Loyalty Crusade the Huntsville church is at its best. Audiences almost fill the church. The Sunday school is running high, but must work hard to attain its Crusade goal of 141. The attendance and interest pass those of Easter celebrations.

The church holds no evening service, but the members decided to plan evening services for the Sunday evenings of the Crusade. The women were in charge one week ago last Sunday with 65 in attendance and the men were in charge last Sunday night with 102 present. Next Sunday night the Missionary Society, of which Mrs. A. N. Garinger is president, will be in charge.

Next Sunday morning at 9:30 the pastor will speak on "The Little Church on the Hill—What It Can Do For Huntsville, and What Huntsville Should Do For It." The choice of the theme is in recognition of the keeping of the day as Neighbor's Day under the Crusade. It is expected that the people of the Huntsville region will be present at the church and Sunday of one or the other of the two churches.

The occasion—prayer, praise and information concerning the Lord's work in connection with Church Loyalty Crusade—and a barrel of fun! The responsibility—yours! Also the blessing. The attendance at this service has been constantly increasing the past few weeks.

Come—come early—bring somebody with you!

Mrs. Vercoe will also coach members of Troup No. 30 of Lehman high school, and Trucksville Troup No. 19, who will represent the East in song and pantomime.

All the girls-taking part in this lovely festival will be beautifully dressed in the gay costumes of the countries which they represent.

Birthdays

This is "Birthdays Week" for the American Girl Scout who on Thursday reaches the official age of nineteen.

It was on the afternoon of March 12, 1912, that Juliette Low assembled the eleven girls and the leader whom she had chosen as pioneers of Girl Scouting in this country. They met in the front room on the first floor of the Louisa Porter home at the corner of Drayton and Charlton streets, Savannah, Ga. The first girl to register was Daisy Gordon, niece of the founder. She is now Mrs. Samuel Lawrence, of Savannah, and still a Girl Scout.

Mrs. Low opened the afternoon program with an informal talk on the purpose and requirements of Scouting. Then she taught the girls some tests, and the rest of the time they played games.

Now Girl Scouts number a quarter of a million. They meet in thousands of places—"Little Houses," huts and patrol corners. They spend their vacations in some five hundred and fifty camps, in which all modern ideas in sanitation and recreation are incorporated.

KINGSTON TOWNSHIP GOES TO SECOND PLACE IN LEAGUE STANDING

(Continued from page 1)

"Cooly" missed. "Cooly" recovered his shot at the basket following his foul try and scored another field goal. Rowlands then brought the fans to their feet when he scored a pretty field goal from just outside the foul line in Dallas territory, as the quarter ended 21 to 15.

Fourth Quarter

"Cooly" opened the last period by drawing a foul from Krumelbein and missed. Holmgren fouled "Cooly," who missed. Templin fouled "Cooly," who made it count. Metzgar missed a shot at the basket when he was quickly covered. In turn he fouled Disque, who missed. LaBarr fouled Woolbert, who also missed the free throw. Woolbert retaliated by hooking LaBarr, who missed. Disque fouled Rowlands, who made the free throw count, and was then given a free throw, because the Dallas coach objected to the play, the game ended following the foul try.

Referee Smallcomb drew rounds of criticism from fans of both teams, letting a perfectly clean played game appear as though it were rough.

WARNS PARENTS OF POISON PERIL

Dr. J. Bruce McCrory, deputy secretary of health and chief of the bureau of child health, issued a warning to parents regarding the hazards of poisons and medicines accessible to children in homes.

"A more than usual number of reports of deaths and serious illnesses occasioned by the swallowing of poisons and medicines by children has come to the attention of the department in the last sixty days," Dr. McCrory said. "In every instance these accidents and fatalities could have been prevented had the parents exercised the amount of caution required in the placement of such articles so as to make them inaccessible to the younger members of the family."

"While home remedies have their proper place, a real danger exists if such material can be easily reached by the young child. Several instances recently have been reported indicating fatal poisoning through children swallowing iodine, bichloride of mercury tablets, oxalic acid and pellets containing strychnine. It must be recognized that the curiosity of the small child is insatiable and that its first impulse is to place in its mouth anything of a liquid character or which suggests the idea of candy."

"The surprisingly large number of accidents in the home, both to children and adults, needs no addition by way of the medicine cabinet route. Parents, therefore, are cautioned against the ever-present menace to little children of unprotected or readily accessible household remedies."

Some are the form-fitting flares, some are belted, some close-fitting sleeves and some the Russian-sweep with great cuffs. Contrasting two-tones in all.
