Sanitary Coat & Apron Supply

Located at 27 Mayer Street in Wilkes-Barre. Dial 3-1197. They have a regular service between Wilkes-Barre and Harvey's Lake. Cheaper to Rent—Why Buy? They also do a general laundry business, and welcome the opportunity of serving the people in Wyoming Valley.

Cleanliness is a virtue—a habit that we have been taught from babyhood—one that pays big dividends in health, progress and efficiency. A habit that is easy to acquire and one factor in our lives that does not dissipate our monetary wealth—one that adds and does not detract from our individualism—one that costs so little to carry out that it is indeed cheaper to practice than to shun.

The Sanitary Towel, Coat & Apron Supply Co. enables us to practice the economical habit of cleanliness by giving a comprehensive service in the supplying of clean towels to a most wide class of clientele. If it is towels they have it, and you can rest assured that they furnish it at a much less figure, than if you yourself purchased these towels and undertook the task

of keeping them clean. "Cheaper to rent—why buy?" is their slogan and it is indeed a true one. For the towels you do purchase with their continual washings becomes ragged and wear out in a shorter space of time than you originally figured. The constant rub and scouring soon makes them fit companions for the rag pile and then the performance of acquiring new towels starts all over again.

On the other hand every week, or even sooner, if requested this firm delivers to your establishment clean spic and span towels at a figure that is so reasonable that it is indeed cheaper, as many have found out, to avail themselves of this service, than to purchase your own towels and routine them through the wash when your supply is exhausted. Just a phone call and their courteous and accommodating drivers

will deliver what you wish and will repeat that delivery when you wish same in a manner that is sure to please you. In their list of services they offer to the people of this community is included towels for factories, offices and professional people, etc.

They also feature coats, aprons, gowns, table napkins, table cloths, table tops, butcher frocks and banquet supplies.

This firm also does a general laundry business. They have a fleet of eleven trucks at your service.

Mr. Marshman and Mr. Downing are men who truly aid the community in a most masterful manner. They are to be commended on the service they offer. We doubt if you will find their equal in this line the whole length and breadth of the land. We compliment them and wish them continued success.

OAK LAWN CEMETERY

A beautiful spot close to the city, where nature in all her grandeur lends a pleasant touch, is one of the State's most beautiful cemeteries—an institution that is well conducted and kept in the very best of condition.

A most beautiful edifice recently constructed after the old English style of architecture, contains a beautiful chapel, receiving vaults, rest rooms and administration office, and offers to their patrons every service and comfort. The large and well cared for cemetery has taken its place in our civilization.

The private burying ground and small unkept cemetery have fallen into desuetude and are gradually passing

away. Oak Lawn Cemetery is of good proportions and its founders have provided for the coming generation; so that families can secure ample accommodations for many years to come. It is located in a beautiful spot of picturesque country where nature has been exceedingly kind in her lavish distribution of natural beauty. Aside from this, the management has the grounds perfectly landscaped, gardened and every accommodation for perpetual care is offered to the people.

Here will be found the burial place of many of the leading families of this section. A stroll through this earthly paradise will remind future generations

of the deeds of the ancestors, who built our community. This section can always be proud of the fact that due attention has been given to the memories of the passing years.

Lots are available within the range of moderate wishes to the more elaborate arrangement. All sections are desirable and the same care given throughout that our claims may fulfill the sacred purpose to which it is dedicated.

In this review we are glad to call the attention of the people to Oak Lawn Cemetery and to compliment the management upon its excellent appearance at all times of the year.
