### Stray Dogs

We again remind you through this column that the police officer here has asked that you keep your dogs tied. Dogs allowed to run loose are undoing the work of amateur but conscientious gardeners who labor daily to raise vegetables for their table. Complaints have been received that carefully planted gardens and cultivated lawns are being torn up by the dogs, whose careless owners allow them to roam.

Dog owners should become familiar with the dog and game laws of the Commonwealth. The Board of Game Commissioners at Harrisburg or your representative will gladly furnish you with the game and dog laws for the year 1932. With this knowledge you will save money which might have been spent on fines and will also prevent your dog from being a menace to your neighbor.

Though it pertains to the hunting dog it includes all other breeds of dogs pursuing small game or protected birds during the close season. It reads in part as follows: "During the period between one hour before sunrise and ten o'clock p. m. eastern time, dogs, when accompanied by and under the

control of their handlers may be trained, from the 20th day of August to the last day of February next following."

It is now the closed season for the running of dogs in open country until August 20. This is the nesting season of our game birds. In a few weeks the young quail and pheasants will be hatching. Will your dog be disturbing these hens and chicks? I hope not. Save yourself from the law by seeing that he is not allowed to roam the countryside by himself.

Section 25 of the dog code is important. "The owner or keeper of every dog shall at all times between sunset and sunrise of each day keep such dog either:

- (a) Confined within an enclosure from which it cannot escape or
- (b) Firmly secured by means of collar and chain. Any police officer may kill any dog found running at large between sunset and sunrise unaccompanied and not under control of the owner or handler."

For your dog's sake save him from his own actions by observing the laws yourself.

### Receive New Cars

Herbert Hill, local florist, received last Friday from the Besecker Motor Company of Dallas a new Ford light delivery truck of the new four cylin-

der model. Daniel Shaver also received a new model sedan of the same car from the same company. These are the first two models to be delivered here since the announcement was made in March of the new cars.

### Honor Roll

Prof. Thomas Carle, Jr., has announced the following honor roll for the fifth period of school. The sophomore class has the highest average. The standing in scholarship is in the order named: Freshman class, Marian Finney, Phillip Carle, Edward Staub, Sarah Wagner, Esther Wardan, Howard Hughey, Richard Bosworth Mildred Isaacs, Earl Newhart, Eva Atherholt and Marjorie McKeen. The highest average in this class was 93.6 and the lowest 86.4.

In the sophomore class Franklin Parker had an average of 98. Others in the class were Thelma Thompson, Doris Leek, Roberta Eaton, Mary Smith, Marie Hoover, Marie Hay, Rose Nafus, Ward Yorks, Geraldine Staub and Altheda Langdon.

In the junior class Mary Jean Laycock had the highest average with 96.5. Others were: Lois Rogers, Frances Hefft, Eleanor Courtright, Frederick Finney, Jean Bilings, Dorothy Jones and Thelma Adams.

In the senior class Dorothy Hay had an average of 97. Others were June Palmer, Anna Stencil, Eleanor Staub, Edna Billings, Stella Prushko, Franklin Morrow, Donald Smith and Delmar Davis.

### Auxiliary To Meet

Shavertown branch of the West Side Hospital will meet at the home of Mrs. Walter Hawke, next Friday afternoon.

Nettie Thomas has returned home after graduating from Manchester College.

Father Luksis is spending the week-end with his brother, William.

### Court of Honor

At the Dallas district Boy Scout Court of honor held at the local M. E. Church last week in charge of Micheal Repp, Commissioner Stang, E. G. Eddinger and Morris King, the following promotions were announced: Tenderfoot, Ross Jones, 261; Bernard Miller, 231; Edward Richards, 261; Second Class Scouts, Sherman Harter, Alfred Ringstrom, Wilson Mahoney, and Sheldon Jones all of Troop 261.

Merit badges were also awarded at the same time to the following scouts: Plumbing and handicraft, Willard Gemmel; handicraft, John Goetz, woodwork and carpentry, Nelson Lewis; cooking and firemanship, Irving Parsons, Donald Roberts; reading, Warren Woolbert, all of troop 261, Trucksville. In troop 231 of Shavertown, the following received merit badges: Conservation, Clifford Fink; carpentry, George Newberry; Troop 231, firemanship, reading and fruit; culture, Owen Thomas.

Shavertown furnished two officers for the ensuing year in the Luzerne County Sabbath School Association. They are Rev. C. B. Henry, who will have charge of the parent training, and Mrs. Howard Patton who was elected as head of the children's division.

Delbert Husted has returned home after spending some time with his son, Darwin, at New York Military Academy.

Mr. and Mrs. H. M. Boone have changed their address from Franklin street to Davis street.

## Shavertown Wins Over Beaumont In Rural League

Shavertown and Beaumont of the Rural League locked horns for the first time this season on Saturday with Shavertown coming out on top in a fast game. Herbert Williams, manager of the Shavertown team signed two of Beaumont's players, MacDougal and Novejski, during the week they helped considerably in turning back their former team mates. For Shavertown, Parry and Kitchen, were the stars while L. Molosky starred for Beaumont. Other results in the league on Saturday were Dallas 6, Orange 2; and Lake Summit defeated Fernbrook. The score of the Shavertown-Beaumont game follows.

## When Is a Plum Not a Prune?

Query Which Stumped George Rector Can Now Be Answered, Judge Gordon Reports After Research Work

By JUDGE GORDON  
Radio Food News Expert

GEORGE Rector and I conducted a cooking school out west, and after the session was over, housewives asked us all sorts of questions. Mr. Rector and I could answer most of them, but one stumped us. I can answer the question now as I have done some research work on it. "When is a plum not a prune?" was the question.

All prunes are plums, but all plums are not prunes. The prune is "a plum which can be dried without the removal of the pit without fermentation—the result being a fleshy pulp with a high degree of sweetness." Plums which will not do this are not prunes.

No longer is the prune a lowly boarding house dessert. Imagine

the recipes. Our radio experimental kitchen tried them on me, and they were great!

### Frozen Prune Whip

- 1/2 cup prune pulp
- 1/2 cup orange juice
- 1 tablespoon lemon juice
- 1 egg white
- 1/2 cup sugar
- Pinch salt
- 1 cup heavy cream

Prepare the prune pulp by rubbing cooked prunes through a sieve. Add the orange and lemon juice. Beat the egg white until stiff and then beat in the sugar. Add the salt. Fold into the prune mixture and add the cream, beaten until stiff. Turn into the freezing tray of a mechanical refrigerator, or pack in a mixture of 2 parts ice to

one of salt. Let stand for 3 or 4 hours, or until frozen.

### Spiced Prunes

- 1 pound prunes
- 1 quart water
- 1/2 teaspoon salt
- 1 cup sugar
- 1/2 teaspoon whole allspice
- 1/2 teaspoon whole cloves
- 3 inch pieces stick cinnamon
- 1/2 cup vinegar

Soak the prunes over night in the water. Add the salt, sugar, and the spices tied in a cheesecloth bag. Simmer for 15 minutes, then add the vinegar and cook until the syrup is thick. Serve as a relish with meat.

## Science Captures Fragrance of Bermuda Lilies

THE exotic fragrance of Bermuda lilies has now been captured by science and turned into a charming perfume for millady. Tons of fresh flowers during the season are packed in boxes with special material to absorb the exquisite scent of the blooms, which upon refining becomes one of the most pleasing odors yet perfected. Although but recently introduced, the lily perfume is achieving remarkable popularity among discriminating women, and a new and important indus-

try for historic Bermuda is now in the making. The photographs show girls collecting blooms for the making of the new perfume, and the

filling of the vials with the essence. Many thousands of flowers are required for the essence in one of the vials. The method of extracting the lily scent from the flowers was perfected by an American chemist, Herbert Scott. He is now experimenting with other flowers in Bermuda, such as wild myrtle and frangipani, and it is expected that within a few years Bermuda may become prominent as a producer of many new and unusual perfumes.
